

NO TYPHOID GERMS IN THE CITY WATER

Board of Health Investigates and Reports—No Bacteria of Pathogenic Nature

The following statement given out at the office of the board of health this forenoon is self-explanatory: In view of the assertion made in one of our local papers that a case of typhoid fever was attributed to the drinking of city water, and as several complaints have been made against the water furnished for domestic purposes, the board of health felt it a duty incumbent upon them to ascertain if the water furnished by the city for domestic and drinking purposes was in any way responsible for this contagious disease. Therefore, at a meeting of the board held Tuesday, Sept. 23, 1913, a conference was held with officials of the water department, consisting of Commissioner Barrett, Supt. Peck and others, to determine if the water furnished by the city for domestic and drinking purposes was in any way responsible for this contagious disease. Therefore, at a meeting of the board held Tuesday, Sept. 23, 1913, a conference was held with officials of the water department, consisting of Commissioner Barrett, Supt. Peck and others, to determine if the water furnished by the city for domestic and drinking purposes was in any way responsible for this contagious disease.

TWO FALL EIGHTY FEET AND LIVE

Workmen Drop Into East River, New York—Sink to Their Shoulders in Mud—Dragged Out Alive

NEW YORK, Sept. 26.—At 130th street and East river they are building a railroad bridge and to do it are sinking deep caissons under the surface of the water. Pairs of workmen toil in two hour shifts at the bottom of these shafts and emerge crawfish-like for air.

Yesterday two men just starting down a hundred foot tube lost their footing near the top and plunged 80 feet down into the muck at the bottom. Neither was killed. Pulled out shoulder deep in the ooze, they were taken to Lincoln hospital, where it was said last night that both men have a chance of recovery.

To reach the caisson where the men worked it is necessary to go out about a hundred feet over the river on a runway that supports a narrow gauge track for disposing of the dirt taken from the river bed.

The men, Owen Gilson, 31 years old, a laborer, of 287 West 143d street, and Albert Dalley, 33 years old, a hoister, of 1078 Lexington avenue, had watched a pair of mud-soaked workmen get out of the caisson and were ready to go down for their turn yesterday morning.

Lighted With Candle
Dalley started first and Gilson, carrying a lighted candle, followed him. To reach the bottom they had to climb down steps on the inside of the caisson.

When they had gone down twenty feet Gilson missed his footing and fell, carrying Dalley with him to the bottom. Workmen near the opening of the caisson heard a noise and believing that something was wrong went to the mouth of the tube. The men should have been only part way down and nothing could be seen of them.

Dr. E. Warren Presley, who does the medical work for Arthur McMillen, the contractor who is building the bridge, went down the latter after the men. He called a couple of workmen to come with him, and they carried their emergency kit and a coil of rope.

Way below in the moist darkness of the excavation they found the two

KNOCKED DOWN

Woman Was Struck by Street Department Auto in Central Street

About half-past two o'clock this afternoon the automobile of the street department, driven by Supt. Putnam, who was accompanied by Commissioner James E. Donnelly, struck and knocked down Mrs. David Hall, who lives at Lakeview farm. A bystander rushed to help the woman to her feet, and in a few minutes she said that beyond being somewhat bruised and shaken up by the fall, she was otherwise unhurt.

The accident took place at the corner of Market and Central streets. The machine was proceeding over the Market street crossing, when Mrs. Hall stepped out into the street. The front part of the mud-guard struck her with sufficient force to knock her down, but at the time the machine had been slowed up until it was hardly moving. It was stopped immediately. Mr. Putnam and Mr. Donnelly listened to what they could for the woman, and the superintendent of streets procured a brush and removed the dust from her clothing. He offered to take her to a physician, but she declined, saying that she did not believe it necessary. She was even averse to being transported to her destination in the auto, but was finally prevailed upon to allow them to take her to a house on Rogers street whither she was directing her course when the accident occurred.

MURPHY SUMMONED

Tammany Hall Leader Subpoenaed by Sulzer's Lawyers for the Impeachment Trial

NEW YORK, Sept. 26.—Charles F. Murphy, leader of Tammany hall, has been subpoenaed to appear as a witness in the Sulzer impeachment trial in Albany, according to a statement made last night on excellent authority. The official document was served on Mr. Murphy yesterday afternoon. Mr. Murphy is sought by the counsel for Mr. Sulzer, who wishes to question him about the allegations that the entire charge against Mr. Sulzer was the result of a conspiracy to force him out of the governorship as revenge for having turned his batteries as governor on Mr. Murphy and the historic Tammany organization with the avowed purpose of destroying both Mr. Murphy and his organization as at present constituted.

NOT SO BULKY

A chaldron of Otto Coke is not so bulky as other cokes, neither is a dime as bulky as a nickel. Send me a trial order and judge for yourself.

SULZER ASKED MAN TO SWEAR FALSELY

Supt. Peck Testified That Governor Asked Him to Deny Under Oath That He Gave \$500 to Fund

ALBANY, N. Y., Sept. 26.—Governor Sulzer asked Henry Morgenthau, ambassador to Turkey, to be "easy with him" in case he was called to the witness stand at the governor's impeachment trial. Mr. Morgenthau, who contributed \$1000 to the governor's campaign fund, so testified when recalled as a witness today. He added that the governor had asked him to treat the relations between them as a "personal affair."

Asked to Make Denial
Supt. of Public Works Peck testified at Governor Sulzer's impeachment trial this afternoon that the governor had asked him to deny under oath that he had made a \$500 contribution to Sulzer.

IMPORTANT WITNESS TO TESTIFY AT THE SULZER TRIAL

ALBANY, N. Y., Sept. 26.—Two witnesses long sought by the board of managers in the impeachment trial of Governor Sulzer, Louis Sarecky and Frederick L. Colwell, were expected to testify today before the high court. Sarecky, who formerly was the governor's campaign secretary and served with a subpoena yesterday and

he promised that he would be on hand this morning. In his capacity as secretary he handled much of the money contributed for the governor's campaign and the prosecution planned to examine him regarding his deposits and withdrawals for his employer.

Colwell, whose home has been in New York, has been termed the governor's "dummy" in his Wall Street deals. Attorneys for the defense estimated that they would produce him today and permit him to testify.

At the opening of today's session Attorney Kresel introduced in evidence letters written last fall by Sulzer to William J. Elias and William Hoffman, both of whom are identified with brew-

TO ABOLISH CROSSINGS

Hearing on Abolition of Crossings at Middlesex and Fletcher Sts. Will be Held Monday

A very important hearing having to do with the abolition of grade crossings in this city will be held Monday morning at 10 o'clock, at East Cambridge and it is expected that a goodly crowd of Lowellites will attend the hearing and tell what they know of the great demand for the abolition of certain grade crossings. The following letter bearing upon this matter is self-explanatory:

Lowell, Mass., Sept. 26.
Mr. John H. Murphy, Secretary, Board of Trade, Lowell, Mass.
Dear Sir:

I wish to call your attention to the fact that the matter of the appointment of a commission to determine the advisability of the abolition of grade crossings at Middlesex street, Western avenue and Fletcher street, comes on for hearing Monday morning at 10 o'clock before Mr. Justice McLaughlin at the session of court to be held without jury, at East Cambridge.

Feeling that the board of trade is vitally interested in this proposition, I request that you will endeavor to get such witnesses to be present at court, Monday morning, who can give evidence, setting forth the necessity of the abolition of the present crossings and give such other information that they may have in regard to the advisability of making the change of grade as prayed for in the petitions that are to be heard on Monday morning.

Respectfully yours,
James E. O'Donnell,
Mayor of Lowell.

THE GREEKS HAVE REMOBILIZED

Officers and Soldiers Recalled for Active Service, Owing to Recent Activities of Turkish Troops

LONDON, Sept. 26.—A despatch to a London news agency from Athens this forenoon says:

All Greek officers have been recalled for active service with their commands and many of their regiments disbanded after the conclusion of the campaign against Turkey are now being remobilized. The activities of the Turkish troops are believed by the Greeks to foreshadow an attempt by them to recapture the port of Kavala on the Aegean sea which cost Greece so much in blood and treasure to wrest from the hands of the Bulgarians during the fighting which broke out between the two former allies after the cessation of hostilities against Turkey.

Turkish officers now on their way from Asia Minor to the province of Thrace openly admit that Kavala is the objective of Ottoman aspiration.

Greek official circles deride Bulgarian denials of the reports that common action is contemplated by Bulgaria and Turkey against Greece. Some officials declare that they know negotiations to that end have started in Constantinople.

FIND SKELETON OF CHILD

The Snell Mansion at Clinton, Ill. Yielded Another Sensation—Bones Found in Wall

BLOOMINGTON, Ill., Sept. 26.—The mansion at Clinton, Ill., erected forty years ago by Col. Thomas Snell, yielded another sensation yesterday when it was learned that the skeleton of a child in a home-made coffin had been found concealed within a wall.

Wreckers tearing down the residence made the discovery, which adds another chapter to the stormy history of Colonel Snell, who died about seven years ago, and for whose fortune a famous fight was made in the courts of Illinois.

The workmen put the box in the

ENGINEER DOHERTY DROPPED DEAD TODAY

Man Who Was at Throttle of New Haven Train, Wrecked at Stamford, Expired Today

NEW HAVEN, Sept. 26.—Engineer Charles G. Doherty, who was at the throttle of the New Haven express train which was wrecked at Stamford June 12, when six persons were killed and many injured, dropped dead from heart failure at his home here early today. From the hour of the wreck, Engineer Doherty had not been the same man.

Ever since the accident Doherty has suffered terribly from nervousness, relatives say, and many times had told

them there was constantly recurring to him the picture of a wreck victim, a woman whose gray hair was matted with blood. He was so averse to being alone that he frequently kept his young sons, four and five years old, respectively, up until midnight for company's sake.

He had been working in this city for some time as a stationary engineer for a local contractor, but had to lay off for hours at times because of his nervous condition.

EIGHT BURNED TO DEATH

Children Perished in Blaze That Wiped Out Three Story Building in Quebec

QUEBEC, Sept. 26.—As the result of a midnight blaze which broke out in a three story wooden building in St. Francois street, all indications at an early hour today pointed to the death of eight children in the family of Ulrich Trudel, proprietor, who together with five other families lived in the house.

The mother and father as well as the oldest boy although all injured were saved. A little girl was reported

saved by a neighbor but no trace of her has been found.

The eldest boy Antoine was dropped from the third story window and struck his head on the curbstone and that, together with the burns which he received renders his condition very serious. The mother, who was taken down a ladder, is terribly burned about the arms and head. The father was the least injured of the three although he suffered several painful burns.

LOWELL TO PLAY IN FITCHBURG

Champions Play Last Game Tomorrow With Semi-Pro. Team—Zieser Leaves Lowell Tonight—Silk Shirts Presented

The Lowell finally decided to play Fitchburg in Fitchburg tomorrow afternoon and arrangements were completed for the game this morning. The team will journey to Fitchburg on a \$100 guarantee or the privilege of 50 per cent. of the total gate receipts. Henderson and Maybom will be the two pitchers who will accompany the team.

The Lowell team will start its disintegration process tonight, when "Matty" leaves town en route for Chicago.

Zieser will not join the Red Sox until they start on their training trip next spring. The much talked of silk shirts were presented to the members of the Lowell club this noon by Manager Gray and the boxes were eagerly unwrapped by the recipients. Tom Daly made the trip from Boston for his half dozen silken shirts. Each player as he was presented with his box of shirts, spoke a few words of appreciation.

SATURDAY FEATURES SHE SHOT AT BURGLARS

NEW CONTRIBUTORS WILL ENTER TAIN SUN READERS ON LOCAL AFFAIRS—LOOK OUT FOR THEM

Tomorrow the ladies will find the contribution of Lady Lookabout very interesting. She deals with artificial beautification, the facial beauty spot, the gilding of the eyelashes and some other resorts of actresses to appear stunning. The spellbinder will deal with the political situation in a manner that will interest the "pols" and perhaps displease some of the candidates. The Man in the Moon will be airy and refreshing as usual.

HERE IS A GOOD CHANCE

For Someone to Secure a Better Position—Examinations to be Held in This City

The United States civil service commission announces open competitive examinations for the following positions, the same to be held in Lowell on the dates given, Oct. 8-9:

Laboratory aid, (male), bureau of culture, Washington, D. C., salary \$1200 per annum.

Oct. 22: Quarry technologist, (male), bureau of mines, Washington, D. C., salary, \$2500 to \$3000 per annum.

Oct. 22-23: Junior physicist, (male), bureau of mines, Pittsburgh, Pa., salary, \$1020 to \$1200 per annum.

Ship draftsman, (male), navy department, Washington, D. C., salary \$225 to \$525 per diem.

The United States civil service commission announces that the entrance salary to the position of forest assistant is \$1100 a year, instead of \$1200 as previously announced.

MRS. LAW FIRED AT ONE ONCE AND REGRETS A LOST OPPORTUNITY—TOOK \$500

MONTCLAIR, N. J., Sept. 26.—When the family of Mrs. F. E. Law arose yesterday it was found that burglars had entered the house by a pantry window and taken away \$500 worth of silver. Mrs. Law heard a noise in the night, but thought it was made by a passing vehicle.

"I am sorry," she said today, "that I did not get up and use my revolver on the burglars. This is the second time that robbers have entered my house in as many months. The first time I fired three shots at the burglar, and I am not sure that I did not hit him."

MONUMENT TO GAYNOR

NEW YORK, Sept. 26.—The proposal has been made that a monument be erected in memory of Mayor Gaynor by public subscription. A number of the prominent citizens who were on the citizens' committee which attended the mayor's funeral will discuss informally at the city hall next Monday plans for a memorial service and an effort will be made to arrange for the holding of a meeting in a very short time in some place where a large crowd can be accommodated.

T. H. Troy was appointed yesterday by Surrogate Ketcham of Brooklyn to appear as counsel for Ruth Gaynor, nine years old, on Oct. 6, when the probate of the will of her father comes up in the Surrogate court, Brooklyn. As it is understood that there will be no contest, it will be necessary merely to submit the testimony of the witnesses to the instrument. Michael Furst and Howard O. Patterson.

Pinkets Will Really Correct Constipation

Pinkets are a most valuable laxative in the treatment of obstinate constipation. They correct this unpleasant and dangerous condition by gently assisting the sluggish bowels, and thus prevent the pain, discomfort, and danger which they do not cause. Unlike harsh, strong purgatives, they do not upset the stomach or irritate the bowels, and they do not cause the headache and dizziness which are the result of the use of these and other laxatives. They are taken with ease and safety until the constipation is corrected.

SUIT CAN'T STOP HIM

WEALTHY HUSBAND HAS SUED FOR BREACH OF PROMISE, BUT SUIT CAN'T STOP HIM

St. Louis, Sept. 25.—A wealthy husband has sued for breach of promise, but the suit cannot stop him from pursuing his career.

Between Women's Health or Suffering

The main reason why so many women suffer greatly at times is because of a run-down condition. Debility, poor circulation show in headaches, languor, nervousness and worry.

BEECHAM'S PILLS

are the safest, surest, most convenient and most economical remedy. They clear the system of poisons, purify the blood, relieve suffering and ensure such good health and strength that all the bodily organs work naturally and properly. In actions, feelings and looks, thousands of women have proved that Beecham's Pills

Make All The Difference

Sold everywhere. In boxes, 10c, 25c. Women will find the difference with every box very valuable.

WALLACE PARKINS AGENT

Former Lowell Man Appointed Today to Succeed Wm. Doherty as Agent of B. & M.

Mr. Wallace Parkins was today appointed agent for the Boston and Maine in this city to succeed William C. Doherty, resigned. It is understood that the new agent will take up the reins of government at the Middlesex street station the first of next month. It was stated in The Sun some time ago that Mr. Parkins would be the next agent in Lowell. At that time there were at least three candidates for the office but it was given. The Sun on good authority that Mr. Parkins was the favored man. Mr. Parkins was formerly of this city and began his railroad career as

a clerk in the freight house on Thorndike street. After working there several years he was transferred to the office of Former Agent H. C. Tarr where he acted as chief clerk for many years. He was appointed agent of the Woburn station eight years ago and has held that position since.

The newly appointed agent was at one time a councilman in this city and was a member of many local clubs including the Highland, Home and Martin Luther. He was very prominent in social events in the Highland section, where he lived and his many friends here will be glad to welcome him back.

FILIPINOS WIN

Are to Marry Two Roxbury Girls—Both Are College Graduates

BOSTON, Sept. 25.—The coming marriage of two Boston women, college graduates, who are in the dressmaking business in Roxbury, to two Filipino musicians on the U. S. S. Georgia, be-

came known yesterday with the filing of the intentions of one couple and the announcement that the second pair will take out their license today.

Fortunio Villafior secured permission to wed Miss Bertrice J. Kahle of 49 Hammond street, Roxbury. The two met one week before Christmas, when a Filipino friend of Miss Kahle's father brought him to the house.

He in turn was responsible for the meeting, two weeks ago, of his fellow musician, Servellano Ascelone, and Miss Kahle's partner, Miss Mary Marini, whose engagement was announced yesterday and who probably will play a part in a double wedding. The Filipinos both come from Naval, P. I.

CITY PROBLEMS

Will be Discussed at the Meeting of Mayors at Fall River

A meeting having to do with general city improvements, including betterment taxation will be held in Fall River on Sept. 30 under the auspices of the chamber of commerce of that city, and the mayors or representatives of several cities have been invited to attend and give their opinion on this important question.

The affair will be held at 5 p. m. in the assembly hall of the Weavers' building, and seven cities will be represented, among them being Lowell, for Mayor James E. O'Donnell has accepted the invitation and will attend. However his Honor said this morning he is going as a listener only. He does not believe in this betterment taxation for a city like Lowell, which has good roads and fine sewerage in all parts of the city.

The others who will attend are as follows: Charles S. Ashley, mayor of New Bedford; Arthur H. Andrews, president of the Brockton chamber of commerce; Dr. Charles V. Chapin, superintendent of the health department of Providence, R. I.; George M. Wright, mayor of Worcester; Harry C. Smith, treasurer of the city of Worcester; Henry Lasher, president of the board of aldermen of Springfield, and James H. Kay, mayor of Fall River.

Many Applicants

Examiner Olson of the state highway commission was in Lowell this morning for the purpose of examining those wishing to secure chauffeurs' licenses. The examination was held in the councilmanic chamber at city hall and there were 16 applicants present.

Bids Called For

Purchasing Agent Foye has issued a call for bids for a carload of No. 1 clipped cats for the fire department, and all the bids will be open Monday at 10 a. m.

GIRL STILL MISSING

BOSTON, Sept. 25.—Mrs. Clara Kerr of 612 Main street, Malden, has made an appeal to all to assist her in a search for her daughter, Harriet, a 16-year-old girl, who has been missing from her home since the middle of last January.

"My daughter," says the mother, "seemed much interested in a man about twice her age who also disappeared from Malden about the same time she did. This man has lived, I believe, in Waterbury, Conn., and Jacksonville, Mo. I have heard that he was in Waterbury last March, two months after my daughter disappeared."

"If anyone has any knowledge of my daughter, I wish they would kindly communicate with the Waterbury or Malden police."

When the girl left home she wore a suit of brown corduroy and carried a black handbag. She is of medium height and weight and has light hair and blue eyes.

NATURALIZATION SESSION

The clerk of the superior court will be at his office in the court house on Gosham street, Lowell, on Wednesday morning, October 1, at 9 o'clock for the purpose of receiving petitions for naturalization, second papers; and on Thursday morning, October 2, at 9 o'clock, for the purpose of receiving petitions for first papers.

No Comparison

The light airy, sanitary offices of the New Sun building compare with those of any other office building in Lowell are so much more up to date that not only the occupants but their patrons are delighted with them.

HAD DEER HUNT SUN'S SERVICE

Excitement at Waltham On the Lowell-Hartford Series Best Ever and Fans Enjoyed it

WALTHAM, Sept. 25.—City affairs were enlivened for an hour yesterday afternoon by a deer hunt through the streets and yards of the section south of the river. In the course of the hunt the animal, a young doe, cut one of its legs so severely that, when captured, it had to be killed.

The doe apparently came from the woods of Weston and was first seen about 2:30 p. m. on Lowell street. A few children gave chase, and the animal ran through back yards to High street and then to Moody street, on which there is an electric car line.

The cars evidently frightened the animal more even than the rapidly growing band of its pursuers, and with one leap it went through the plate glass window in the front store of Bartolo Delorenzo on the corner of Moody and Ash streets.

The broken glass almost severed one of its hind legs, but it leaped over the counter of the soda fountain and ran out of the back door, the crowd trailing along in pursuit. But its injury reduced its speed, and in a yard in Adams street it was cornered and captured by Arthur Reyle, deputy game warden.

Dr. Sibley, the veterinary, was summoned, but the animal's leg was cut beyond all remedy, so it was killed.

The big Sun megaphones gave the correct and detailed story of yesterday's championship baseball game to approximately 1000 people gathered in Merrimack square on both sides of the street. Everyone stood in an attitude of expectancy, gazing upward at the point where the megaphones protruded from a third story window, and they cheered as it became apparent that Lowell was having the better of the argument.

The Sun did not bring uncertainty and disappointment to the crowd by being obliged to take down and make over bulletins and scores during the game. Moreover, The Sun continued to give every play, and every incident until the game was actually concluded, doing so glibly on the final plays, and giving a straight, smooth, clean story of the contest. The Sun was undoubtedly the first to get the story of the scoring without first having announced the side retired. This fact, the waiting crowds appreciated.

In spite of the fact that Lowell was well in the lead, nevertheless the fans remained to hear The Sun relate the final plays. That The Sun was getting the best and most rapid service on its special wire was apparent to everyone in the square yesterday afternoon. After The Sun megaphone announced that the game was

over, and this was not done until the last man had been retired, the people waited for the baseball extra which was on the street in about seven minutes after the last play. When the edition appeared, copies were eagerly purchased by the fans and the correct and detailed account of the game enjoyed.

MONKS SAVE BIRDS' LIVES
ROME, Sept. 25.—The monks of St. Bernard saved the lives of many thousands of "travelers" the other night

during a heavy storm. Immense numbers of migratory birds, mostly swallows, which were going south across the Alps, became exhausted about the hospice of the monks, being unable to fly against the violent head wind which was prevailing. They would have perished but for the action of the monks, who opened all the doors and windows and illuminated the hospice. This attracted the birds, who flew inside, where they were sheltered for the night. They left the building in the morning and resumed their flight.

SPECIAL FALL SALE

Universal Food Cutters

These are the best made; they chop—do not mash, do not choke up, last a life time.

Made in four sizes—

No. 0—Small Family Size.....	85c
No. 1—For Family Use.....	95c
No. 2—For Family Use.....	\$1.25
No. 3—For Hotels, Restaurants, etc.....	\$1.93

Every machine sold under the name "Universal" is warranted to do everything claimed for it.

DEADLOCK ON TARIFF

New England Goods Cause a Hitch—Senate Conferees Score a Victory

WASHINGTON, Sept. 26.—After finishing all but about a half-dozen points of difference between the senate and house the tariff conferees ran into another deadlock yesterday and adjourned last night with the conference report still incomplete. Three questions were still at issue, the tariff rates on cotton yarns and cotton cloths, and on lead and zinc ores, and the dates when free raw wool and changes in the woolen goods tariff should become effective.

Cotton Schedules
Members of the conference committee with the aid of experts spent the afternoon going over the cotton schedules estimating revenues and calculating the effect on the woolen industry of the proposed changes.

Both houses of congress abandoned hope of a report from the conference committee, the house adjourning until Saturday, and the senate until Monday. The report may go to the house Saturday.

There were rumors yesterday of strong opposition to the report that might develop in the house on the ground that republicans had not been taken into the conferees that worked out the details of the measure.

If such opposition appears, it probably would take the form of a point of order against the report on the ground that it contains matter inserted without authority by the conferees. In several instances the conferees have changed provisions in such a way that some members of congress claim that new legislation has been added to the bill. The con-

ferences insist, however, that they have acted wholly within their authority, and democratic leaders do not anticipate any marked delay in action on the report.

Senate Victory

The senate conferees won out yesterday in their fight against the "anti-dumping clause" which would have assessed an extra duty against goods "dumped" into this country at reduced prices. The senate agreed to drop the amendment inserted in that body requiring rectifiers to pay for the stamps used on packages of distilled spirits filled by rectifiers or wholesale liquor dealers.

The conferees yesterday agreed on \$2000 as the amount of income of a single man that shall be free from the income tax. For a married man the exemption will be \$4000, with no further exemption for children. Only one exemption of \$4000 will be allowed for a family, even though the husband and wife have separate incomes.

The conferees decided to put burlaps on the free list, to leave grain bags on the dutiable list, and to reduce the house rate of 25 per cent. on plain lute fabrics, bleached, to 10 per cent.

500 ON STRIKE

Weavers at Webster Quit—3500 More May Follow

WEBSTER, Sept. 26.—Five hundred weavers in the employ of the S. Slater & Sons, Inc., cotton mills struck last night at 5 o'clock for the abolition of the fines system and the establishment of a new wage scale of piece and the substitution of a one-room price list for the present two-room price list.

Employ 1000

Unless the strike is adjusted within the next few days a general strike of the weavers in all the Slater mills will be called. This would involve about 4000 hands.

The average wages of weavers under the two room schedule is said to be \$7 for a 60-hour work week. The strikers claim that they are paid three cents a yard on looms of 20 picks, and four and one-sixth cents a yard for looms of 45 picks.

Under the demands the strikers would work on the so-called one room schedule, which would mean that their wages would be doubled.

At present the mills are working night and day to fill United States government orders for cloth. These mills weave all the cloth used by the government army and navy departments.

Strike May Spread

The strikers claim that the strike will spread to the three mills of the Slater company by Monday unless a sensible adjustment is effected before then. The South Village mills will close today, in all probability, it is said, and 1500 hands will quit work when the order is given.

For the past two weeks the strikers' wage scale committee has held a series of conferences with the management of the mills, as represented by Manager Spaulding Barlett, Superintendent Edward Kirk and Assistant Superintendent H. J. Otto.

The mills are controlled by Mrs. Mabel Hunt Slater of Boston and are conducted by a board of three trustees for Mrs. Slater and her minor children.

STUNG BY WASP

Lady Molesworth Dies Within Twenty Minutes

TREWARTHEN, Cornwall, England, Sept. 25.—The sting of a wasp today killed Lady Molesworth, formerly Miss Jane Frost, second daughter of William Frost, C. S. A. of St. Louis. She was married to Sir William Molesworth.

The wasp stung the lady on the jugular vein and she passed away within 20 minutes.

Avoid Catarrh

Breathe Hyomei—It Medicates the Air You Breathe and Instantly Relieves

Why continue to suffer from catarrh, stopped up head, hoarse voice, and other troubles of the breathing organs, when there is an absolutely certain, scientific remedy at hand.

Hyomei is the remedy. It is a pleasant, harmless and antiseptic medication which you breathe through a small inhaler. Breathing a few times daily through the inhaler charges the air with this germ-killing antiseptic. Catarrhal discharges, snuffles, foul breath, watery eyes and the formation of crusts in the nose are promptly relieved by this medicated air.

It is guaranteed by Carter & Smallburne to do it or money back.

A complete Hyomei outfit, consisting of a strong, hard rubber pocket inhaler and a bottle of Hyomei costs only \$1.00, and extra bottles, if afterwards needed, are only 50 cents each. Druggists everywhere sell Hyomei.

Use Hyomei for bronchitis, coughs and cold in the head, husky voice, croup of infants, and any inflammatory disease of the breathing organs.

A Remarkable Offer

I tell the people of Middlesex County that outlandish claims in newspapers don't constitute bargains. If I advertise to make you a suit for \$12.50, you know that if I don't get much of a profit, I, at least, can't be making much of a loss at that price, or I could not have been selling at such loss for the last six years without going broke.

A bargain to my mind is the purchasing of an article at a price lower than equal quality can be bought elsewhere—provided the article you buy at such price is an article that you need and can use.

LISTEN---Fall and Winter Suits you can use now and are needed. For \$12.50 there is no merchant in this city selling Fresh Fall Suitings of any quality whatever worthy of the name. I repeat it---not one---bar none---there is no merchant in this city selling wool worsted suitings for \$12.50. You can get cassimeres all over the land for \$12.50, but cassimeres are not worsteds any more than coffins are not overcoats.

Now then, the price being settled, quality remains to be proved. When I speak of worsteds, I don't want you to think I am going to bring you into my store and sell you cotton worsteds. I won't buy cotton worsteds so I can't sell you cottons.

I WILL SELL YOU FRIDAY AND SATURDAY THE GREATEST SUIT OFFER I EVER MADE TO THE PEOPLE OF LOWELL.

BRAND NEW, FRESH FALL, HEAVY WEIGHT WOOL WORSTEDS

Not Alone Pretty Good For the Money, But Without Any Ifs, Ors and Ands, Very, Very Good For Twice the Money. Apply one test and let your order rest upon the result. Namely:

Compare these goods with the suit on your back

PELHAM GRANGE

Held Its Annual Fair Yesterday—Big Crowd and Good Exhibits

The annual fair of the Pelham Grange was held yesterday at Pelham, N. H. the exhibits being displayed in Pilgrim hall and in a tent on the grounds nearby.

A large number of people from the surrounding towns and farms visited the fair and aided in making it an event of marked success. The local condition of the weather was favorable to the efforts of those in charge, in furnishing pleasure to all present.

As usual, everybody entered into the spirit of the fair and worked with their accustomed earnestness. The number of articles contributed to the various classes of exhibits was large. Following the usual custom, the upper portion of the hall was used for displaying the fruit and fancy work, also the various curiosities, old and new, which were received from various sources.

In the fancy work department, there were some very fine specimens of skillful needlework, several beautiful pieces having been sent in by children.

The premiums were awarded as follows:

General exhibit: Mrs. Lena Cleveland, first; Eva Richards, second. White embroidery: Mrs. E. M. Woodbury, first; Miss Glenna Crosby, second. Colored embroidery: Miss Frances Hobbs, first; Mrs. Avery M. Jones, second. Cotton crochet: Mrs. Emma Wiggins, first; Mrs. John Carr, second. Woolen crochet: Mrs. Elsie Marsh, first; Miss Edith Spear, second. Sofa pillows: Mrs. Grace Colman, first. Special awards to Lucy Lyman for a rose petal chain, and to Hazel Richards for a dressing cap. Quilts: Mrs. C. S. Fitch, first; Mrs. C. S. Fitch, second. Woolen caps: Miss E. Wiggins, first; Grace Lewis, second. Romaine and Blanche Trenchard, sofa pillows. Lillian Mann and Estelle M. Rego. The committee in this department were Miss Mary C. Hobbs, Mrs. Howard Chase, Miss Mabel Guild. The judges were Mrs. Arthur D. Palmer of Lowell and Mrs. Chester Quinn and Miss Davis of Tyngsboro.

There were several fine exhibits of fruit and the apples were especially noticeable in every case. W. H. Peabody displayed a number of cases of finely selected apples, and a special exhibit, and he won several premiums. H. H. Carrier also made a fine showing of fruit. There was a wide variety of preserved fruits on exhibition.

Vegetable Awards
In a large tent on the grounds near the hall, were shown the vegetables and the poultry. The vegetables

were of an excellent quality and attractively arranged. Those who won premiums in this class were the following: Hubbard squashes and potatoes, Charles Kent; parsnips, Fred Lyon; onions, Lucy Lyon; tomatoes, and carrots, C. S. Fitch; potatoes, D. H. Hubley. Other winners were: A. Peabody, E. Landry, Joseph Catlett, C. J. Carleton.

Poultry
The poultry exhibits were the subject of many commendatory remarks on the part of those who took occasion to view them yesterday. Indeed they were well deserving of the praise which they received. Among those who contributed to this class were E. Landry, Mrs. A. H. Herbert, Charles Kent, Ella Fineman, George C. Newman, C. N. Guild, R. C. Peabody, N. H. Netting, Mary M. Marsh, Clarence Fox, E. L. Coombs, and Stone Cottage Farm. The latter especially had a large exhibit of the finest quality.

A bounteous repast was served at noon and following this was an entertainment. In front of the library was an orchestra which rendered a concert of several pleasing numbers. The principal speaker was Wesley Adams of Derry, owner of the New Hampshire Grange. Among other things, he advised the farmers to give more than usual attention to the raising of fruit.

There was a small cattle show and a driving horse contest. In the former the honors went to the Ayshire herd of Crosby brothers and in the latter, The Merrimack Valley Breeds' Association won first and John Coeman, second.

The boys and girls, as well as the older folks enjoyed the sporting events which were on the program. There was a ball game, races and jumping and weight throwing contests.

A great deal of the credit for the success of the fair goes to Arthur Centody, master of the Pelham grange. He was assisted by an enterprising committee.

The comfort and pleasure of having a clean, light, airy, sanitary office for your patron, as well as yourself, makes work easy in the new building.

It matters not how old you are or how long you have suffered, Croxon is so prepared that it is practically impossible to take it without results. There is nothing else like it. It starts to work immediately and more than at low doses are seldom required to reach even the most chronic, obstinate case.

An original package costs but a trifle and all druggists are authorized to return the package price if Croxon cells, and gives the kidneys new strength to do their work properly. It neutralizes and dissolves the poisonous uric acid substances that lodge in the joints and muscles, causing rheumatism; and makes the kidneys filter and sift out the poisonous waste matter from the blood and drive it out of the system.

Croxon relieves all such disorders because it reaches the very cause of the trouble. It soaks right into the kidneys, through the walls and linings, cleans out the little filtering glands and turns the kidneys new.

OUTPUT IN 1912 PORFIRIO DIAZ RETURNING TO HELP HIS NEPHEW, FELIX DIAZ, IN MEXICO

Cal. Produces Over \$26,000,000 in Gold and Other Metals

The mine output of gold, silver, copper, lead and zinc in California in 1912, according to Charles G. Yale, of the United States Geological Survey, was valued at \$26,582,916, an increase of \$1,208,265 over the corresponding value for the year 1911. The increase is due mainly to a gain in yield of gold from deep mines, increased value from copper and silver, and increased output of zinc. The greatest gain was in the value of copper and was due to an advance in commercial value of the metal, as the quantity produced was materially less in 1912 than in 1911. To a less degree the same may be said of silver; and the zinc quantities and values also increased.

The mine production of gold in 1912 was valued at \$15,712,478, a nominal decrease of \$23,430 from 1911. The output of silver was 1,300,156 fine ounces, valued at \$399,584, an increase of 29,691 ounces in quantity and of 128,218 in value. The production of copper was 22,462,572 pounds, valued at \$18,556, a decrease of 2,584,464 pounds in quantity but an increase of \$950,002 in value. The output of lead was 1,144,721 pounds, valued at \$51,521, which is a decrease of 252,350 pounds in quantity and of \$11,493 in value. The output of zinc was 4,345,593 pounds, valued at \$29,545, an increase of 200,000 pounds in quantity and of \$1,235,356 in value.

There were 1,641 metal-mining properties reported productive in 1912, of which 537 were deep mines and 609 placers of various kinds. This shows a total decrease of 146 producing mines in 1912. There were 470 deep gold mines, 12 silver, 24 copper, 25 silver-lead-zinc, and 1 zinc.

Of the placer producers 141 were hydraulic mines, 65 dredges, 146 drift, and 157 surface or sluicing mines. There were 66 lead-zinc and 75 less placers producing in 1912 than in 1911. The deep mines of California produced 2,441,457 tons of ore in 1912, a decrease of 155,764 tons. Of this output 2,225,429 tons were siliceous ore, 408,522 tons copper ore, 574 tons lead ore, and 647 tons zinc ore. The siliceous ore output decreased 90,815 tons, the copper ore decreased 55,559 tons, the lead ore decreased 1034 tons, and the zinc ore increased 1847 tons.

Ore Yield Larger Returns

The total average value from all ore sold or treated in California in 1912 was \$7.71 a ton, against \$6.49 a ton in 1911 and \$6.71 a ton in 1910. At gold and silver units in California in 1912 the average value was 2.67 cents per short ton, yielding \$104,713,447 in gold and \$107,395 ounces of silver, valued at \$185,293, or an average value in gold and silver of \$1.94 a ton, compared with \$1.61 in 1911 and \$1.85 in 1910. Of this average value \$1.17 was recovered as bullion in factories and on plates in mills. The smelting area, 456,735 tons, produced all the copper and zinc and practically all the lead, as well as 95,061 fine ounces of silver, valued at \$2,728,286, and \$23,532 in gold. There were also treated 107,162 tons of old tailings, yielding \$108,936 in gold, an average of 45 cents a ton, and \$1225 in silver, an average of 1 cent a ton.

Nearly \$24,000,000 From Placers

The placers of California in 1912 yielded \$3,845,663 in gold and 25,652 ounces of silver, valued at \$21,925, a decrease of \$38,595 from the placer output of 1911. The hydraulic mines showed an increase of gold output of \$1,136, the dredges a decrease of \$20,506, the drift mines a decrease of \$21,567, and the surface placers a de-

Gen. Porfirio Diaz

MEXICO CITY, Sept. 26.—The Mexican republic awaits with keen interest the arrival of General Porfirio Diaz, former dictator, who was exiled from the country two years ago and has been in many parts of the world since. When the report was received that he had sailed from Spain for Mexico the news was not unexpected, but it was nevertheless alarming in certain quarters. It was taken to mean that the former president would attempt to regain his old hold over the affairs of the republic through the medium of his nephew, Felix Diaz, if the latter was elected president at the October elections. His arrival will be an important event in the present disturbed history of the country and may have international significance because of the attitude of the United States.

MASS. W. C. T. U. TO MEET

WORCESTER, Sept. 26.—The annual convention of the Mass. W. C. T. U. will be held here on Oct. 7, 8 and 9. The report of Mrs. Catherine Stevenson, state president, will be presented at the opening session. The other days will be occupied largely by department routine.

Mr. Charles H. Park of Dracut, who for several years has been connected with the Deaver Brook mill in Collinsville has been transferred to another American Woolen Company mill in Fairfield, Me.

NEW MINOR LAW OPALS FOUND

Attendance Officers Will Discuss Many Features With Overseers in Nevada—Gem Associated With Wood

The new law relative to the employment of minors will, when it gets to working gold, mean a whole lot of extra work for the attendance officers, formerly designated as "trust officers." The new forms have been received at the city hall, but the new law has really not gone into effect as yet and probably will not go into effect here, seriously, until the attendance officers have met with officials and discussed the matter with them.

Attendance Officer Thornton said to a reporter for the Sun today, that he would ask the mill overseers to meet him in conference at city hall for the purpose of discussing the new minor law on the ground that it is absolutely necessary that the attendance officers and the mill officials should agree as to the interpretation of it.

The new law places in a number of changes. Under the old law a minor was handed back his employment certificate when he got through on a job, but that doesn't go any more. The employer is not allowed to pass back the certificate to the minor, but must keep it and return it to the attendance officers within 48 hours after the minor has quit the job, under penalty of a fine not to exceed \$100. This is one of the many conditions connected with the new law that Mr. Thornton wants to talk over with the mill overseers.

Mention has been made of the opal deposits of Virgin Valley, Humboldt county, Nev., in the chapter on precious stones in several of the annual reports on the mineral resources of the United States, published by the United States Geological Survey. The quality of the opals was thus described in the report for 1912:

The best gem opal from this region is unexcelled in variety and brilliancy of fire and color by that from other localities. The cut gems exhibit wonderful flashes of green, blue, yellow, and red of various shades. In some the color is uniform over the whole stone, or over large areas, changing as the gem is turned from green to red or from red to blue, and so on. Some of the gems show a rich ultramarine blue in one position with green or red in another. Many gems display various bright colors arranged in patches, and each patch changes color as the stone is turned. The brilliant flashes of peacock-fan-like colors obtained from the opal of dark color yields a gem which might be called black opal, but most of it is not like the Australian gem of that name, since it occurs in thick pieces and the colors are less localized. The majority of the dark-colored gems, no matter how beautiful in reflected light, become a rich reddish-brown color in transmitted light. Lighter-colored opal with good color and fire is also found and cuts into very beautiful gems.

The locality was visited by Douglas H. Sterrett, for the geological survey, August 19, 20 and 21, 1912, for the purpose of procuring information for the report on mineral resources for 1913 and for an enlarged report on precious stones to be prepared during the course of the next three years.

Opal Found in Tidily Settled Region

The locality is in Virgin Valley, in northern Humboldt county. The nearest post office or small town is Genio, Ore., situated on the Nevada line. The opal field is about 15 miles southwest of Genio and may be reached by automobile or team from that town or from Cedarville, Cal. Genio may be reached by stage, auto, or team from Juntura or Winnemucca, Nev., a distance of about 35 miles and 120 miles, respectively.

All the opal claims that have been located were not visited by Mr. Sterrett, but several of those from which valuable gem material has been obtained were examined. The occurrence of the opal is similar at the different localities. The matrix consists of beds of greenish clay enclosing pebbles and debris of rhyolite and other rocks with varying quantities of petrified wood. The opal-bearing beds are interbedded with other strata of white, gray and yellowish, more or less consolidated sand, sandstone, or gravel. These formations contain a large proportion of volcanic ash and breccia and are overlain by basaltic lava. The formations lie nearly flat or with slight rise, extending 100 blocks dipping has disturbed the formations considerably so that the opal-bearing strata occur at diverse elevations. The opal deposits examined lie at elevations ranging from about 3000 to 5500 feet above sea level. Erosion has exposed the formations in different positions, so that the opal strata outcrop in places as bands in cliffs or steep hillsides or form blanket beds over small areas under mesas and plateaus.

The opal-bearing clay is sticky and gumbo-like when moist, but on drying it swells and cracks apart to a crumbling mass. Pick and shovel with horse scrapers are required for surface mining and the former will prob-

NEARLY 102 YEARS OLD

BRISTOL'S OLDEST RESIDENT IS DEAD—FORMER LOWELL MILL GIRL

BRISTOL, N. H., Sept. 25.—Mrs. Jacob Cass, Bristol's oldest resident and in many ways one of its most remarkable citizens, is dead at her home on Lake street. Had she lived until next Dec. 13 she would have been 102 years old. Up to the past few months her health and vigor had been remarkable, exceeding many persons of 70 and younger.

As Emily Yalving Mrs. Cass was born in Concord, Dec. 13, 1811. Her father, James Yalving, was a sea captain and later a farmer. She was one of six children. Her mother died when Emily was 12. The girl began work in the mills at Nashua when 16 and was later employed in a Lowell mill.

March 13, 1836, she was married to Jacob Cass, whose father was one of the early settlers in the west part of Bristol. Mr. and Mrs. Cass spent 30 years in the town of 1811. Five children were born to them, the first born, Mrs. Mary Ann Burgh, widow of Benjamin Burgh of Bristol, being the only survivor.

In 1855 they came to Bristol, Mr. Cass building a cottage on Lake street, where Mrs. Cass has since resided. He and Mrs. Cass became members of the Methodist Episcopal church. Mrs. Cass retaining her membership until death.

Mrs. Cass had two grandchildren, Herman J. Cass of Lawrence, Mass., and Arthur C. Burgh of Woonsocket, R. I., and four great-grandchildren, children of Arthur.

The funeral will take place Friday at 2 p. m. at the home.

ably answer all purposes for underground mining.

Gems Associated With Wood

The greater part of the precious opal is associated with petrified wood, generally forming a cast of twigs, limbs, bark, parts of tree trunks, or roots or occurring as seams or deposits in or around petrified wood in which the original texture of the wood is beautifully preserved.

A mistake has been made in cutting the Nevada opal too soon after it has been mined. Time should be allowed for proper seasoning of the stone without exposure to dry air, so that any excess of moisture may be lost slowly without causing the gems to crack.

The opal field has been very slightly developed but has probably yielded over \$100,000 worth of rough gems. A few superb specimens worth several hundred dollars apiece and many fine gems worth \$50 to \$100 apiece have been obtained, and the prospects of the field as a producer of valuable opal are bright.

STRUCK SHOAL

Stranded Vessel First Ever to Go Free if Once Caught

EDGARTOWN, Sept. 25.—Shift Island Shoal, graveyard of many a good ship, gave up a stranded vessel for the first time on record, when the live-masted schooner Marcus L. Uram was floated to safety yesterday.

The Uram's freedom was effected by the revenue cutter Aconnet and the wrecking tug Taseo, under conditions that greatly favored the work. The Taseo had ignored much of the cargo of coal when the Uram was carrying from Newport News to Boston, and the schooner with her bow already afloat, and off the shoal in response to the tug's call, was taken in tow and will probably be submitted to temporary repairs here before proceeding to Boston.

The schooner ran aground during a heavy fog Monday morning. She was the third vessel of the Coastwise transportation company's fleet to strike on that particular shoal.

WILL NOT ASK DIVORCE

MRS. BLAKE, WHO HAS SUED MRS. MACKAY, WILL SEEK A SEPARATION

NEW YORK, Sept. 26.—A report that Mrs. Joseph A. Blake, wife of the former superintendent of the Presbyterian hospital, and a noted surgeon, had begun an action against Mrs. Clarence H. Mackay to recover \$1,000,000 for the alleged alienation of her husband's affections, was confirmed yesterday by George Gordon Battle of the law firm of O'Grady, Battle & Marshall, who is counsel for the complainant.

Mrs. Blake will seek a separation, but not a divorce, as she has no intention of releasing her husband.

No Comparisons.

The light airy, sanitary offices of the New Sun building compare with those of any other office building in Lowell are so much more up to date that not only the occupants but their patrons are delighted with them.

THE REGISTRATION DATES

FIRST SESSION WILL BE HELD THURSDAY, OCT. 2 AT CITY HALL

Registration for the coming elections will be begun at the office of the board of registrars in the basement of city hall on Thursday, Oct. 2 and will continue Friday, Oct. 3; Tuesday, Oct. 7; Wednesday, Oct. 8; Thursday, Oct. 9; Friday, Oct. 10 and Wednesday, Oct. 13. The hours for registration on all days except Wednesday, Oct. 13, which will be the last day, will be from 10 a. m. to 9 p. m. and on the last day Wednesday, registration will be continued from 12 m. to 10 p. m. Applicants must bring their tax bills, and naturalized persons their final papers.

DEATHS

McLAUGHLIN—Ellen McLaughlin, aged 55 years, died yesterday, at the Chelmsford Street hospital. She is survived by one daughter, Mrs. John J. Fowler, eight grandchildren and three great-grandchildren. The body was removed from the hospital to the funeral parlors of J. F. O'Donnell & Sons in Market street.

VIGOROUS MEN AND WOMEN ARE IN DEMAND

If your ambition has left you, your happiness is gone, for unless you take advantage of Wendell's morning medicine offer to refund your money if Wendell's Ambition Pills do not put your entire system in fine condition and give you the energy and vigor you have lost.

Be ambitious, be strong, be vigorous. Bring the ruddy glow of health to your cheeks and the bright sparkle that denotes perfect manhood and womanhood to your eyes.

Wendell's Ambition Pills, the great nerve tonic, can't be beat for that tired feeling, nervous debility, poor blood, headaches, neuralgia, restlessness, trembling, nervous prostration, mental depression, loss of appetite and kindred or liver complaints.

In two days you'll feel better. In a week you'll feel fine and after taking one box you will have your old-time confidence and ambition.

Be sure and get a 50 cent box today and get out of the rut. Remember all druggists are authorized to guarantee them.

Mail orders filled, charges prepaid, by Wendell Pharmaceutical Co., Syracuse, N. Y.

A LITTLE NONSENSE

BIG DEMOCRATIC RALLY

To Be Held in Associate Hall on Monday Night — First Gun in Campaign Battle

The democratic state committee will start the campaign fight with a big rally at Associate hall, this city, Monday night. Arrangements have been made for the rally and all the candidates of the state ticket are invited. The rally has been planned by Judge Riley, chairman of the democratic state committee. Edward P. Barry, the democratic candidate for lieutenant-governor, is after the resignation of Chairman Riley, but the latter says he is going to stick it out. "I will pay no attention to the demand of Mr. Barry that I resign. I am chairman of the democratic state committee, chosen by the party, and I intend to stay and run this campaign," quoth Mr. Riley.

TARIFF MAKERS

Will Meet Again Today to Settle Disputed Points

WASHINGTON, Sept. 25.—Another day's work on disputed points between the senate and house on the Underwood-Simmons tariff bill brought the conferees together today with the hope that a report might be finished for presentation to the house tomorrow. The parliamentary rule which requires a report to lay over a day puts the finishing touches of the tariff bill over to next week. Disagreements on the time when free raw

MURDER OF WIFE

Defence Rests in Smith Trial—Mother of Defendant on Trial

SPRINGFIELD, O., Sept. 25.—After examining 17 witnesses, the defence in the second trial of Dr. Arthur B. Smith, charged with poisoning his first wife, Florence Caviller Smith, rested its case yesterday afternoon.

The feature of the day was the testimony offered by the 73-year-old mother of the defendant, who was recalled by the state. The witness was questioned concerning letters she received from Mabel Merchant, Dr. Smith's second wife, whom he married less than seven months after his first wife's death. Miss Merchant was in Newton Highlands, Mass.

The state's attorney asked if Miss Merchant had not written from that place, saying that she had a feeling of some impending danger and that she wished her marriage to Arthur was over. This was before his arrest last November.

CITY OF LOWELL

Notice to Voters

All persons claiming the right to vote at the coming election and desiring to be registered as voters are hereby notified to appear before the Board of Registrars of Voters to present evidence of their qualifications at sessions to be held as follows, to wit:

At the Office of the Board of Registrars in the basement of City Hall.
Thursday, October 2, from 1 to 3 and 7 to 9 o'clock P. M.
Friday, October 3, from 1 to 3 and 7 to 9 o'clock P. M.
Tuesday, October 7, from 1 to 3 and 7 to 9 o'clock P. M.
Wednesday, October 8, from 1 to 3 and 7 to 9 o'clock P. M.
Thursday, October 9, from 1 to 3 and 7 to 9 o'clock P. M.
Friday, October 10, from 1 to 3 and 7 to 9 o'clock P. M.
Tuesday, October 14, from 1 to 3 and 7 to 9 o'clock P. M.
Wednesday, October 15, from 12 M. to 10 o'clock P. M., which will be the last day of registration.

After 10 o'clock in the evening of the said last day of registration no name will be entered on the voting list unless it be the name of a voter who has been previously examined as to his qualifications since March 31, 1913.

Applicants must bring their tax bills and naturalized persons their final papers.

Corrections in the list as posted will be made at any session.

"A Thank You", and A Request

THE P. & Q. Shop in LOWELL has been open just a year. It has been a successful year, THANK YOU. From the first day until today, we have striven sincerely to "mind our P's & Q's"; to sell you only first class, stylish, finely-made clothes at prices that never go "up and down"; that never "teeter-totter"; but that are "always on the level" at the start of the season and at the end.

The past year has far exceeded our expectations. Thousands of P. & Q. garments are being worn by the men of LOWELL. We thank every one of these men for their patronage.

HERE IS OUR REQUEST: If any man in this City feels that he has any complaint whatsoever to make regarding either P. & Q. Clothes or P. & Q. Service, we request that he come here at once and make known his complaint. Every P. & Q. garment is sold under a binding, "money-back" guarantee and if any man has bought a P. & Q. Suit or Overcoat which has not served him faithfully and well, he owes it to himself and to us to come here at once and let us "make good".

This is an earnest and sincere request, and means just exactly what it says. For the new year, we shall endeavor to merit your continued patronage, by offering you stylish garments of such excellence of fabric and workmanship, that your own judgment will compel you to buy.

FIRST PICTURE SHOWING GATUN LOCKS, ON PANAMA CANAL, FINISHED AND WATER LET IN

This picture is the first photograph taken on the Panama canal showing the water in the Gatun locks and in the great Gatun lake, which is now rapidly filling. The Gatun dike, the only barrier now existing between Gatun lake and Culebra cut, will be destroyed by dynamite on Oct. 13. The Gatun lake, originally intended to be about 110 square miles in extent, will cover an area of more than 200 square miles. It was constructed to overcome the obstacle in the construction of the canal caused by the constant overflowing of the Chagres river, which in the days when the French engineers were at work on the cut set at naught all their efforts. The Gatun locks are seventy-nine feet high and 1,000 feet long.

PANAMA CANAL Association of Builders is Formed—Colonel Goethals a Member

WASHINGTON, Sept. 25.—When the big steam shovels were withdrawn from Culebra cut Sept. 10 there remained 500,000 cubic yards of earth to be removed from the Panama canal prism, exclusive of slides that had fallen in and inclines left to facilitate access to the bottom of the cut. The slides had been showing increased activity but were no longer regarded by the engineers as of momentary importance.

cause the earth thus carried into the cut can easily be handled by the great dredges to be floated in when Gambia dike is removed. It is 31 years since the French engineers began to excavate this famous cut. Their machinery that was time in comparison with that of the Americans, they removed the enormous amount of seventeen million yards of material from the cut. The association of Panama Canal Builders has been formed on the basis of the Panama canal, with members of the construction of this great engineering work. Colonel Goethals has consented to sign the certificates of membership. A memorial volume will be compiled containing the names of all the canal workers, photographs of features of interest and dates of historic importance.

TWO SOLDIERS KILLED

WHEN THEY ATTEMPTED TO CAPTURE GERMAN ARMY OFFICERS STALKER

PARCHIM, Germany, Sept. 25.—Two German soldiers were killed and one severely wounded last night by an army officer's striker whom they were attempting to capture after he had been detected in a robbery. He then committed suicide. The striker was attached to an officer of dragon regiment stationed here. When he found he had been seen committing the theft he fled to an attic of the barracks and was pursued by several of his comrades led by an officer, revolver armed with two cartridges. He was with which he shot three men, two of them fatally and then killed himself with the last cartridge.

A striker is a soldier detailed as an officer's body servant.

Full particulars concerning these examinations will be advertised in the daily papers of Saturday, September 27, 1913.

Pres. Wilson Says That
Conn. Must Name Another Dist. Judge

WASHINGTON, Sept. 16.—President Wilson told Rep. Reilly of Connecticut today that the congressional delegation from his state would have to agree on some other than Thomas H. Noone for the United States district judgeship, to succeed the late Judge Platt. Attorney General McReynolds declined to recommend Noone.

SULZER IMPEACHMENT TRIAL BY CAMERA; FIRST PICTURE OF THE COURT IN SESSION

SULZER IMPEACHMENT COURT IN SESSION
PHOTO © 1913 BY AMERICAN PRESS ASSOCIATION

This is the first picture of the impeachment trial of Governor William Sulzer. At the start of the trial the photographers were refused permission to take the court in session, but they kept at it, and finally this picture was made by quick time exposure. It is not a flash-light. The presiding judge, Chief Justice Edgar M. Cullen of the New York state court of appeals, is seated on the dais. At the left is counsel for Sulzer; at right counsel for the board of managers which is prosecuting the governor, and a number of reporters. A witness is testifying at the right of the presiding judge. The gallery above is well filled.

DEATHS

SCHOLEFIELD—Mrs. Sarah Ellen Scholefield, widow of the late Benjamin Scholefield, and an old resident of this city, died yesterday at the age of 72 years. She is survived by three sons, John G., Whitaker and Joseph R. Scholefield.

REGAN—Mrs. Margaret Regan, a well known member of St. Patrick's parish, died last evening at her home, 55 Adams street, aged 70 years. She leaves besides her husband, Patrick, two brothers, Cornelius Buckley of Lowell, and David Buckley of Ireland.

GOLER—Mrs. Emma Goler, of Seattle, Wash., formerly Mrs. Emma Rivers, of Lowell, died May 31 last. She leaves three brothers, Peter, Louis and Eddie Laidur, and three sisters, Mrs.

Roy, Mrs. Morse and Mrs. Desrosiers, all of this city.

HAMMERSLEY—Julia A. Hammersley died Thursday at the home of her parents, Patrick P. and Mary F. (O'Connor) Hammersley, 29 Ash street, aged two months and 15 days.

FERRIS—George L. Ferris, a former resident of Lowell, died yesterday at the Franklin hospital, Franklin, N. H., aged 73 years. He leaves two sisters, Mrs. J. A. Redland and Mrs. F. J. Walker. The body will be brought to this city and taken to the home of his sister Mrs. Ecklund, 3 Riverview street, by Undertakers J. F. O'Donnell & Sons.

HAYWOOD—Josiah Clark Haywood, a former resident of this city, died yesterday at the home of his daughter, Mrs. Daniel J. Burke, Warren avenue.

Woburn, aged 77 years. Mr. Haywood was very well known in Lowell as a member of the Lowell Veteran Firemen's association, Tiger Engine company No. 5, which he joined in 1855, and Mazepa company, which added him as a member in 1885. From the year 1855 until his death, he was a director of the Lowell Vets association. He was also well known in the printing trade, in which business he was engaged for 40 years. He leaves one daughter, Mrs. D. J. Burke, of Woburn; one brother, Herman Haywood, of Vermont, and two sisters, Mrs. C. S. Rollins, of Derry, N. H., and Mrs. Betsey Folsom of Lowell.

"A SPONGE AND THE PUBLIC"

Are Comparatively Alike in One Sense

For instance, if you throw a sponge in the water it will absorb just so much and that's all. The same applies to the public when it comes to reading ads. So much of what you tell them in reading matter is absorbed, that is all. Of course the reputation of Traveler Shoes was an established fact before we came here and we attribute our success partly to this but through the voice of our local papers the public absorbed just enough of Traveler news to satisfy us that Lowell people appreciate the Golden Rule of doing business. Our books last Saturday night show us a gain of 30 per cent in sales over last year at the same time, with a handicap of very bad weather to contend with this year. Is this not the best evidence that we are producing the goods? Of course it is, and you can just bet that when better shoes than Travelers can be made for the money, they will be Travelers. Not best because cheapest but cheapest because best.

MODEL 568—An importation in style equal to \$5.00 and \$6.00 shoes. Traveler price... **\$3.00**

Made in tan and gun metal leathers.

MODEL NO. 397 1-2—Finest tan Russia calf, patent colt or gun metal, new "Hyto" last, the prettiest button boot in town... **\$3.00**

MODEL NO. 481—A rubberized Traveler, a fine gun metal blucher with cat's paw rubber heel, all attached, the greatest shoe value in the world, equal to any \$5 shoe... **\$3.00**

MAURICE J. LAMBERT, Manager

leaves one daughter, Mrs. D. J. Burke, of Woburn; one brother, Herman Haywood, of Vermont, and two sisters, Mrs. C. S. Rollins, of Derry, N. H., and Mrs. Betsey Folsom of Lowell.

SILVA—Frank Silva, the beloved son of Frank and Rosa Silva, died yesterday afternoon at the home of his parents, 15 Summer street.

MASON—Frederick L. Mason, died last night at his home in Billerica, aged 55 years. He leaves besides his wife, one daughter, Mrs. Leroy Spaulding of Billerica, also two sons, Archibald L. and Frederick E. Mason of Billerica.

DUCHARME—Andre, aged two months and 22 days, died today at the home of the parents, Donerle and Anna Ducharme, 13 Alken avenue.

STUART—Mrs. Agnes Stuart passed away this morning at her home, No. 915 Middlesex street, aged 72 years. She is survived by three daughters, Mrs. Agnes McLean, Mrs. Charlotte D. Hill and Eda Stuart, all of this city; seven grandsons and three great-grandchildren, of this city. Funeral notice later.

FUNERALS

JONES—The funeral of Mrs. Isabella M. Jones took place yesterday afternoon from her residence, 221 Branch street. The services were conducted by Rev. Clarence H. Skinner, pastor of the Grace Universalist church, and a delegation from the Highland Union lodge, No. 31. Daughters of Bobekah, exemplified the ritual of that order, of which Mrs. Jones was a charter member. The bearers were Messrs. Ira O. Adams, Howard B. Chase, Horace B. Lang and William N. Thompson. Burial was in the family lot in the Edison cemetery.

THOMAS—The funeral of Mrs. Catherine Thomas took place this morning at 9:30 o'clock from the funeral chapel of Undertaker Charles H. Molloy and was largely attended. A funeral high mass was celebrated in the Immaculate Conception church at 9 o'clock by Rev. Dennis A. Sullivan, O. M. I. The

Gregorian chant was sung by the choir. The burial was in St. Patrick's cemetery, where Rev. Dennis A. Sullivan, O. M. I., read the burial service. The bearers were Messrs. W. J. Thomas, William Bennett, Albert Thomas and J. Molloy. The funeral was in charge of Undertaker Charles H. Molloy.

QUINN—The funeral of Mrs. Ellen Quinn took place this morning at 9 o'clock from the home of her son, Patrick, 15 Chambers street and proceeded to St. Peter's church where at 9:45 a high mass of requiem was celebrated by Rev. Daniel J. Heffernan. There were several beautiful floral tributes laid upon the grave and they were from the following: The family, grandchildren, Mrs. Katherine Dolan, Miss Vincent Hannan, printing and binding, John J. Ayer & Co., Miss Katherine McAlister, Miss Mable Sheehan, Miss Mable Ferguson, Miss Lucie

Spain, Miss Josephine McHugh, Miss Alice Donohue, Mr. and Mrs. P. J. Ryan, Mrs. James Shirkley, McAlister family and several others. The casket was borne by the following bearers: Messrs. Jeremiah P. Conners, William McLennan, Peter Hunt and Michael McNamara. The funeral proceeded to St. Patrick's cemetery, burial being in the family lot where the committal prayers were read at the grave by Rev. Daniel J. Heffernan. The funeral was largely attended and under the direction of Undertakers Higgins Bros.

DUPRESNE—The funeral of Mrs. Philias Dupresne took place this morning. Solemn high mass of requiem was celebrated at St. Joseph's church at 9 o'clock by Rev. E. J. Chaput, O. M. I., assisted by Rev. Charles Deniot, O. M. I., as deacon and Rev. Joseph Denis, O. M. I., as sub-deacon. The bearers were N. Savignac, A. Toussignant, J. Tessier, Z. St. Hilaire. St. Anne's sodality was represented by the following delegation: Mesdames Charles Lefrite, A. Toussignant, Z. St. Hilaire and J. Tessier. Burial was in St. Joseph's cemetery, where the committal prayers were read by Rev. Arthur Bernache, O. M. I. Funeral arrangements were in charge of Undertaker Joseph Albert.

FUNERAL NOTICES

MASON—Died Sept. 25, at his home in Billerica, Frederick L. Mason, aged 55 years. Funeral services will be held from his home, Sunday afternoon at 2 o'clock. Friends invited. The funeral arrangements are in charge of Undertakers Young & Blake.

REGAN—The funeral of Margaret Regan will take place Saturday morning from her home, 55 Adams street, at 8:15 o'clock. High mass of requiem at St. Patrick's church at 9 o'clock. Interment will be in St. Patrick's cemetery. Undertaker Peter H. Saunders in charge of funeral arrangements.

MCLAUGHLIN—The funeral of Mrs. Ellen McLaughlin will take place tomorrow morning at 8 o'clock from the chapel of J. F. O'Donnell & Sons, at 9 o'clock a high mass of requiem will be sung at the Sacred Heart church. Burial in St. Patrick's cemetery in charge of Undertaker James H. McDermott.

SCHOLEFIELD—Died Sept. 25, Mrs. Sarah Ellen Scholefield, aged 72 years. Funeral services will be held Saturday afternoon at 2 o'clock from the home of Alfred Watson, 15 Norcross street. Friends respectfully invited to attend. Undertaker Wm. H. Saunders in charge.

RASH ON HANDS ITCHED AND BURNED

Skin Cracked. Would Wake Scratching Them. Deep Cuts. Could Not Sleep. Cuticura Soap and Cuticura Ointment Cured in Two Weeks.

Fifth St., Leominster, Mass.—"My hands began to itch, then the skin got thick and in some places cracked, and other parts water and matter would come out of them. They itched so much that I would wake up scratching them and could not stop until I would bring the blood. This of course made them a great deal worse. There were pimples on them and when I scratched there would water come out of them and then there was a rash and deep cuts on my hands. They itched and burned so much that I really did not know what I was doing. I could not sleep. Nobody can imagine what I suffered."

"I tried everything, but nothing seemed to help me. I decided to send for a sample of Cuticura Soap and Ointment and after did not so much good I bought a cake of Cuticura Soap and a box of Cuticura Ointment. I washed my hands in hot water and Cuticura Soap at night and I put the Cuticura Ointment on before going to bed and put an old white stocking on each hand. In two weeks I was completely cured!" (Signed) Mrs. Maria Laine, Jan. 16, 1913.

A single cake of Cuticura Soap (25c.) and box of Cuticura Ointment (50c.) are often sufficient when all else has failed. Sold throughout the world. Sample of each mailed free, with 24-p. Skin Book. Address post-card "Cuticura," Dept. T, Boston.

CHALLENGED BY NEWARK

Winners of International League Pennant Want to Play Lowell—Players Elated Over Victory

The Lowell team is very much elated over its defeat of Hartford. The Eastern Association, while being in the game close as the New England league, claims to be much faster than this circuit. This statement is probably partially due to the fact that the salary limit in the Eastern Association is \$2500 while in the New England league a manager is not supposed to carry a monthly payroll of more than \$2000.

The papers around the Eastern Association league circuit are very fond of remarking, when the occasion arises, that a player was released from their association and immediately found a berth in the New England league. It is passing strange how many of the clubs down that way can now offer that kind of talk about New England league ball which has marked their sporting pages during the past.

Hartford fans are all satisfied that Lowell has the superior baseball machine and are only wondering how Hartford managed to beat us twice on our home diamond. No ill feeling was occasioned during the series except that which flared up when two clubs are grudgingly fighting out a battle for a championship. The best of feeling existed between the members of the two teams when the Lowell players packed their bags last night. The majority of the Hartford club came down to the hotel and congratulated themselves. Owner Clarkin expressed himself to the sporting writer of the Sun as being highly pleased with the way that the series was conducted, although, as he said, it was all due solely to the direction of the two clubs and not to the figure heads who were appointed by the baseball commission to take charge of the series.

An instance of the fairness of the

celebrated last night. In fact the demonstration which greeted the players upon their arrival took away every disagreeable feature of their losing New England league season and every member of the Lowell team will leave this city with an unforgettable remembrance of the manner in which Lowell received a ball club worthy of their highest commendation.

Manager Gray received a challenge from the Newark baseball team this morning which stated that the Newark club, winners of the International pennant, would like to play Lowell a series of games starting next week. Manager Gray read the letter to the club and it occasioned much discussion but it was not definitely decided whether or not the local champions would accept the challenge.

The only reason why Lowell would not play Newark is the fact that the majority of the players have made arrangements to either go home or play with some of the fast semi-pro teams through this section. If the Lowell club can be held together it is very probable that the Newark and Lowell teams will meet in a series commencing next week.

ECHOES FROM THE GAME

The game yesterday should have ended all argument as to the comparative speed of the two baseball leagues. Hartford was outclassed from start to finish in every department of the game.

Parker's accident yesterday was one of the saddest that the Lowell team has ever been a factor in. Miller was in no wise to blame for the crash between himself and Parker. Parker came over fast for the ball and Miller simply bumped him as he was running to first. In all probability Parker will never pitch another game of baseball as the bone was fractured in two places. The hardest part of it all was that the ball was eventually called foul.

Mayors O'Donnell of Lowell and Cheney of Hartford seemed to enjoy every minute of the game. Both were very enthusiastic when a good play was made and were not chary with their plaudits.

Magee and DeGreeff certainly did some battling during the series. Both have hit the ball hard throughout the six games. Magee batted for 478 and DeGreeff's average is close behind with .422.

Captain Aubrey is a dangerous batter in a pinch. In the last two games he drove in three runs with his baton which is travelling right along. Aubrey proved himself an able manager in the absence of Manager Gray and it would not be surprising if this play-

POOR OLD NAG WAS ABUSED

Men Fined \$5 and \$20 In the Police Court This Morning

Old Assault Case Tried—Important Cases Were Continued

In addition to a charge of drunkenness against George F. Miller in police court today there was a second complaint that the defendant had cruelly overdriven a horse. One of the principal witnesses was Officer Conway of Billerica who said that Miller was forcing the horse on the road in North Billerica until near the Foreway bridge, the wagon overturned and the animal broke loose. Another occupant of the rig with Miller was James P. Kelley. Both Miller and his companion denied abusing the horse. Miller said he was bringing the animal to Cambridge from a local auction, having been, with Kelley, hired for this purpose. He said the horse became frightened at an automobile and that he lost control of the animal. Kelley's testimony was in accordance with that of Miller. Both admitted being a little "under the weather."

Court imposed a fine of \$5 on Kelley and ordered Miller to pay a fine of \$20. Kelley was allowed three weeks in which to settle, and Miller was given six weeks to raise the amount.

McGuirk Defaulted

James McGuirk had defaulted and was brought in on a capias. He had not lived up to an agreement when given a term on probation to pay a fine. The suspension was revoked and sentence affirmed, the fine being \$5. It is the determination of the authorities to issue capias writs against those who fail to make good when given a chance.

Larceny Case Continued

William B. Clark was arraigned on a complaint charging him with the larceny of two dresses, value \$2, and a waist, value \$50. He entered a plea of not guilty, and expressed himself as ready for trial. The prosecution, however, not being prepared, requested a continuance to Monday, which was granted by the court.

Drunkard Offenders

A third offender, James J. Kennedy, was fined \$15. Two second offenders, Thomas A. Shea and James F. Martin, were ordered to contribute \$5 each. The trial of James Clark, who entered a plea of not guilty, was postponed until tomorrow.

Other Cases

Charged with neglect of his wife, Charles Gessner was arraigned, and his attorney, George Allard, asked for a continuance and the case was tried on Monday.

Joseph Kennedy pleaded guilty to a charge of assault and battery on one Nellie Brown, and the case was continued to tomorrow on request of the prosecution.

An old case was aired today—that of one Walter Kuvacky, charged with assaulting Stanislaw Kutzas last April. At the conclusion of lengthy testimony procured per interpreter, defendant was found guilty and fined \$10. J. J. McClure, Esq., was the prosecutor and Attorney Silverblatt appeared for the defense.

The Gilbride Co.

WOMEN'S SUITS

IT'S TIME TO THINK ABOUT THAT

Fall Suit

COME AND SEE OUR LINE OF SUITS PRICED AT

\$16.50, \$19.50, \$22.50

They have the very latest and choicest style tendencies, the most fashionable new cloths, and the richest fall colors. The workmanship is clever and skillful, in fact, the acme of perfection, even to the tiniest detail.

THE O'BRIEN CO. LABEL GUARANTEES VALUE

Wm. Muldoon Says:

When you change your clothes you change your mind.

Most clothing ads tell you of the importance of Good Clothes as affecting a man's relations with the world.

More important still, we consider, is the effect of Good Clothes on the man himself.

William Muldoon, the noted trainer of men, advises, when run down or mentally depressed: a bath, a shave and change of clothes.

The confidence inspired by a clear mind and Good Clothes is a wonderful asset for any man.

Stein-Bloch Smart Clothes

Are shown in Lowell only at O'Brien's. For 59 years they have been consistently Good Clothes. Today they are recognized as the standard in the big cities of this country and Europe.

Stein-Bloch Clothes are not only Good Clothes—they are Good Value Clothes. You get 100 cents' worth of value for every dollar you spend when you buy Stein-Bloch's.

Come in this week and look them over. Try them on at your leisure. A few minutes in front of the mirror will tell the story.

Stein-Bloch Suits \$20.00 to \$30.00. Overcoats \$20.00 to \$40.00.

Other Good Clothes \$12.50, \$15.00, \$17.50 and up.

BANDITS HELD UP TRAIN

Masked Men Dynamited Safe in Express Car and Ran Engine for Several Miles

BIRMINGHAM, Ala., Sept. 26.—Ala. bama Great Southern train number 7 from Birmingham to New Orleans was held up and robbed at Bibbville Siding, three miles south of Woodstock, Ala., midnight.

Engineer Daniels had stopped the train for a red block when the robbers climbed in and ordered the fireman to uncouple the express car, which was carried some distance down the track. After dynamiting the safe, the robbers—reported to have been two masked men—ran the engine down the track several miles, putting the fireman off. Express Messenger Kelley was covered before he knew what was happening and could not say what the losses would be, but thought they would be light. The mail car did not have much of value so far as known today. The engine, mail and express cars have not been recovered. Several shots were fired into the mail and express cars before the mailclerks and messengers left them. Three of the clerks, Saunders, Phillips and Poole, narrowly escaped death. Saunders' head was filled with glass from the door which a bullet shattered. Two dynamite charges were necessary to open the safe, the last one being so heavy as to jar the ground several hundred feet away.

Sheriff Palmer of Tuscaloosa county, who had been notified of the holdup, attempted to stop the train, but was unsuccessful.

He fired on the train and one shot was returned. Securing a switch engine, the sheriff started in pursuit with a posse. Nothing has been heard from him as yet.

NO TRACE OF MASKED MEN.

BIRMINGHAM, Ala., Sept. 26.—No trace of two masked men who held up and robbed the Alabama Great Southern number 7 of the Queen & Crescent road at Bibbville Siding, early today, has been obtained yet by the various posses searching for the robbers.

Sheriff McAdams with six deputies, Chief of Police Bodeker and several private detectives are hunting for the bandits.

Not even an approximate estimate of the amount of booty obtained by the robbers could be obtained here this morning, but it is reported they took a pouch of registered mail and small amounts of money from mail and express cars. Deputy Sheriff James Bonner of Birmingham, while searching for the bandits was shot and killed at 7 o'clock this morning near Cot-tondale by another deputy sheriff who mistook him for one of the train robbers.

KICKED TO DEATH HAMPDEN R. R.

Girl Was Killed by a Horse—Was to Marry Next Week

ELLSWORTH, Maine, Sept. 26.—Knocked down and kicked to death by a horse just brought home by her father, R. H. Jordan, was the fate of Miss Grace Jordan, aged 21, at her home in Waltham last night. The young woman was familiar with horses and when the animal was placed in a stall she went to the stable to look it over. As she passed behind the horse she was knocked down. The lantern she carried was overturned and the light extinguished. Another lantern was secured by those with her who found her beneath the horse's hind feet badly trampled and with a crushed skull.

Miss Jordan was to have been married next week.

CHECKER CHAMPION

BINGHAMTON, N. Y., Sept. 26.—M. E. Pomeroy of this city yesterday won the world's championship at checkers from Alfred E. Jordan of England, who has held undisputed possession of the title. The competitors were tied up to the 50th game at one victory each. Pomeroy learned to play the game in a backwoods grocery store, at Sidney Centre, N. Y., his home, many years ago.

NEVER SAW HIS BRIDE

NATIVE OF BOSTON'S CHINATOWN
LEFT FOR CHINA TO GET MARRIED

BOSTON, Sept. 26.—Moy Wing, Jr., born in Boston's Chinatown 16 years ago, left yesterday for China to wed a girl of his own age whom he has never seen, and from whom he will be separated, according to Chinese custom, for 10 years after the ceremony.

His bride is to be Miss Minnie Lil Fong, daughter of Wang Wo Fong, a wealthy merchant, who has stores in Canton and Shanghai, and in San Francisco, Montreal and Albany, N. Y. The match was arranged by the mother of the bride-elect, and was quietly sanctioned by Wing's father.

The nearest the bride and bridegroom elect have ever come to acquaintanceship is through photographs, and Wing declared yesterday that he knows at least that his wife is a pretty girl. Incidentally, Wing's trip will give him his first chance in 14 years to see his mother, who went back to China when he was two years old.

Wing's departure was celebrated by a big banquet in Chinatown Wednesday night at which a number of his American friends were present. Many beautiful gifts were presented him.

In a few weeks Yee Wah, mayor of Chinatown, will follow Moy Wing, and will probably be present at the wedding. The reason for Yee Wah's delay is the fact that he has been selected as a member of the staff of the chief marshal in the Columbus day parade, and will ride in the lineup. He will be the first Chinaman so honored.

Miner's latest, Lincoln Hall, Fri. eve.
BODY RECOVERED
Sailor Was Drowned Saturday Night, When Freight Steamer Ran Down Launch
BRIDGEPORT, Conn., Sept. 26.—The body of one of the three sailors of the U. S. S. McCall, drowned last Saturday night when the freight steamer Seaboard ran down their launch, was recovered today floating off the inner harbor light. It is believed to be that of the coxswain, Arthur Sherhan.

If you want help at home or in your business, try The Sun "Want" column.

Ready—

We're ready to play the good clothes game with you for Fall and Winter, nineteen hundred thirteen-fourteen, and because the live store believes in doing everything a little better each succeeding season, you will find even a bigger, better, brighter variety of good things for men and young men in our new stock, than we have ever offered before.

A careful, conscientious study of the prevailing styles, has convinced us that we make no mistake in pinning our faith to clothes from

The House of Kuppenheimer

Likewise, a careful inspection on your part, will convince you that here, and here alone, are garments which are both pleasing to the eye and critic-proof from a standpoint of quality and worthy workmanship.

Right now we wish to extend to every man an invitation to make this store his clothing home. We want to meet you and know you personally. We want you to feel free to come here at any time, not simply when you have a definite purchase in mind, but whenever you happen to be in our vicinity.

Our main idea, as good business men, is to sell clothing—we care for friendships and acquaintances too. An ideal combination of both is just exactly what we are looking for.

And because such an announcement as this would be incomplete without telling you what these good things will cost you, here's our complete price range, and from the lowest to the highest, every dollar spent with us represents just so many dollars worth of that before mentioned quality.

\$18, \$20, \$22.50, \$25, \$28, \$30, \$35

P. S.—For the man who seeks high quality at even a lower figure we offer a line of exceptional value at the popular price, \$15.00. Some even lower and all guaranteed to give a full measure of service.

SEX EDUCATION IN SCHOOLS

Sex education in the schools is one of the latest manifestations of modernism gone mad. It is being widely advocated at present by a few well intentioned idealists who have discovered the sources of all evil and rush eagerly to the front that the world may reap the reward of their wondrous discoveries. These advanced apostles of untried theories have of course succeeded in getting a hearing in these times of sex discussion, licentious dance and sensuous if not sensual religious cults, and a few cities not remarkable for their moral standard—of which Chicago is the most notable—have decided that much good will come to society by the introduction of sex education in the schools of this country.

Sex education might be partially effective in the elimination or reduction of immorality and license if those who err against the moral and natural law regarding the relationship of the sexes erred out of ignorance. To a certain extent they do, but not to an extent sufficient to justify a system of education that would remove the restrictive veil that now keeps a derelict knowledge of sex functions from the mind of youth. A great many parents lament the fact that their children learn much on such matters of which they had better be ignorant.

Someone has wisely said that sex education would teach youth how to sin and escape its physical consequences. It would certainly tend to make discussions of sexual matters common among those that had better be discussing on baseball or kindred subjects. One cannot touch fire without being burned or pitch without being defiled and the old ideal of the "age of innocence" will be lost indeed when children in the first flush of purity are being lectured to on subjects that may bring knowledge but unfortunately may not, and will not, bring wisdom.

In Chicago, sex education was made optional; those parents who were so far behind the times as to suppose that they were able to look out for the instruction of their children were privileged to keep them from the lectures. To the moral credit of Chicago be it recorded that comparatively few attended them. But it can easily be seen that this arrangement served no good end. Those who were absent were almost certain to inquire as to the prohibited lecture and those who were unfortunate in having up-to-date parents scarcely improved on the supposedly discreet words of the lecturer in imparting the knowledge they had gained. Boys and girls were lectured to separately but there is little doubt that their newly gained knowledge tended to make their subsequent intimacy less healthy and normal than formerly.

Sex education and instruction should be imparted in the home and even there it is necessarily a delicate matter. If the church more stress is laid on the necessity for strengthening the moral qualities so as to curb inordinate passions than on physical instruction that may do harm by suggestion. Let us beware that in our senseless experimenting we do not entirely destroy the barrier of spiritual reserve that is the safeguard of youthful innocence.

We agree with the statement of Dr. Tierney, president of Woodstock college, Maryland, who says: "Sex instruction is apt to put forward by some years, the time of suggestion and temptation. Safety lies in diverting the attention from sex details."

MAN FAILURE

Once again the finding of the Interstate Commerce Commission agrees almost wholly with public opinion in the placing of responsibility for the terrible New Haven train wreck of Sept. 2nd. Many of its phrases and recommendations merely echo those already formulated and suggested in previous reports. But the commission goes further than on similar occasions in the past and in the most significant part of its report suggests that in future it be more than a board of enquiry. It plainly suggests that the time has come when the suggestions of the board with regard to improvements in train operations should be made mandatory. Those who see in the long and regularly recurring list of accidents on the New Haven railroad something more than a mere coincidence will hope that this part of the official report will materialize; it is high time that the interests of the public be protected by some practical and experienced body clothed with the proper authority.

The direct cause of the accident was "man failure" according to the report of the commission—not merely the failure of the trainmen involved to follow regulations with regard to signals and stops but the man failure of the highest officials of the road. There is little or no attempt to veil unpleasant truths in diplomatic language. The condition of discipline and the standard of efficiency on the road are condemned unreservedly. The antiquated signals and poor equipment re-

THE BILLERICA SHOPS

The splendid new locomotive repair shops in North Billerica will save the Boston and Maine railroad from \$50,000 to \$75,000, annually, according to the mechanical superintendent who testified to this effect before the interstate commerce commission in Boston on Wednesday. The initial expenditure for preparing the site and erecting the buildings was enormous and even the annual saving grows small when we consider that the plant when completed will represent an investment of \$2,250,000.

If Lowell realized the importance of this great undertaking which is soon to be operating in our immediate vicinity it has not demonstrated its interest or appreciation in a practical manner. On the occasion of the board of trade outing several weeks ago the chief engineer said that their great problem still is the housing of the employees. He also reminded his auditors that the type of workmen brought here by the opening of the new shops is most desirable, being for the most part skilled mechanics, necessarily sober, law-abiding and industrious. Keeping this in mind the city ought to see that the hundreds of workmen who are to come here soon to take up their duties in the new shops will be adequately provided for.

TOO EASY

The late Mayor Gaynor gave another proof of his wisdom in the provision made for his oldest son in his will just published. He arranged matters so that the young man cannot touch the principal until he reaches the age of 30. In explaining the reason for this unusual act he says that though the son has no bad habits he is "too easy" and, therefore, is liable to let the money accumulated by his energetic father slip through his fingers.

Mr. Hatfield of the republican party and Judge Riley of the democratic party seem to be brothers in misfortune at present. Full of paternal solicitude for their children they sought to spoon feed them but the ungrateful children have revolted. Softly the rebuked ones may say with Lear: "How sharper than a servant's tooth," etc., and having recited they ought to resign promptly.

REST AND HEALTH TO MOTHERS AND CHILD.

Mr. Winstons' SOUTHERN SYRUP has been used for SIXTY YEARS BY MILLIONS OF MOTHERS FOR THEIR CHILDREN. WHILE NOTHING WILL PRODUCE SUCCESS, IT SOOTHES THE CHILD, SOOTHES THE GUMS, ALLAYS PAIN, CURES COLIC, AND IS THE BEST REMEDY FOR DIARRHOEA. It is absolutely harmless. Be sure and ask for "Winstons' SOUTHERN SYRUP," and take no other kind. Twenty-cents a bottle.

Seen and Heard

"How do you manage to keep such a clean record with so many of your cranky relations?"
"Just use soft soap."—Baltimore American.

"In my time, declared grandma, 'girls were more modest.'"
"I know," said the flirtant girl. "It was a fair case. We may get back to it."—Washington Herald.

"I will confess to you," she said, "that I am older than I look. I will be 31 on my next birthday."
"Really?" he replied. "Hardly anyone would guess that you were more than about 27."
"That's the last time," she said, "that I will ever be 27. I will be 31 on my next birthday."—Chicago Record-Herald.

Approes of the recent storm, which happened to be coincident with the apparent crossing of the "line" by one of the great rivers, was visited with a family in Kentucky, about the 20th of September, and a severe rainstorm arose. The family clothes-line was full of clothes, and the lady of the house remarked to her servant that it was bad weather for washing. "Yes," replied the girl, "these economical storms is after bad for washing!"

They were talking about wonderful theories the other afternoon when Congressman Forst Goodwin of Maine was in town. He said it recalled him a practical wife smeared with prosaic white wash a beautifully painted dream.

One evening, so related the congressman, father sat in a comfortable chair reading his favorite newspaper, while close by was another daughter, nursing a nursing needle, suddenly and uttered an exclamation of surprise.

"What do you think of that?" he cried, momentarily glancing up from his paper. "It is the most marvelous thing I ever heard of."
"What is?" responded the wife, with a questioning look at the old man.

"This paper says," answered father, "that a professor has figured it out that the sea could easily be pumped in 12,000,000 years at the rate of 1000 gallons a second!"

For a moment mother was deeply buried in thought. Finally she turned to the lord and master.

"Say, Henry," she quietly remarked, "where would they put all the water?"—Philadelphia Telegraph.

Both Bismarck and Perry found that noise enhanced the value of a night's rest. Bismarck confided in his old age to an interviewer that he could "never

REST AND HEALTH TO MOTHERS AND CHILD.

Mr. Winstons' SOUTHERN SYRUP has been used for SIXTY YEARS BY MILLIONS OF MOTHERS FOR THEIR CHILDREN. WHILE NOTHING WILL PRODUCE SUCCESS, IT SOOTHES THE CHILD, SOOTHES THE GUMS, ALLAYS PAIN, CURES COLIC, AND IS THE BEST REMEDY FOR DIARRHOEA. It is absolutely harmless. Be sure and ask for "Winstons' SOUTHERN SYRUP," and take no other kind. Twenty-cents a bottle.

THOMAS WARDELL
The Reliable Piano Dealer.
171--CENTRAL STREET--171
Headquarters for Victor and Edison Machines.

Keep in Berlin at night, when it is quiet, but as soon as the hotel begins, about 4 o'clock in the morning, I can sleep a little and get my rest for the day.

Perry records in his diary on Sept. 27, 1887, that he slept at Wellington and still remember it that of all nights that ever I slept in my life I never did pass a night with more epicurean of sleep; there being now and then a noise of people that waked me, and then it was a very rainy night, and then I was a little weary, that what between waking and then sleeping again, on after another I never had so much content in all my life.

The probability that we get snatches of sleep at odd moments when we suppose ourselves to have remained continuously awake is supported by the phenomena of dreams. Mark Twain accounted for his own "disappearing visitor" by the belief that he had unconsciously had a very short nap, and many have explained visions of ghosts as due to dreams during such short naps.

For nothing is better established in connection with dreams than that an apparently very long one can occur during an almost infinitesimal time. Alfred Maury had a long, vivid dream of the reign of terror, including the trial of himself and his execution, and was able to show that it all happened during the moment of awakening by the fall of a rod from the bed canopy upon his neck.—London Chronicle.

THE CHUM
I didn't know I'd miss you so, but honest, Bill, I do. And every day that you're away I keep on missing you. My ways, somehow, don't suit me now. I've lost the old content. The peace of mind I used to find in pleasant hours we spent.

Your battered chair stands empty where so many times you sat. When you would smoke and jest and joke. And talk of this and that, and when we each forbore from speech.

And let the time drift by. That, too, was good; you understood my mood as well as I.

A goodly line of friends is mine. Why hold me with regard. But of the clan, there's just one man. Who's comrade, pal and pard. The first are true and loyal, too. A bully bunch of men. But they can't fill your place up, Bill. So come on back again!

—Berton Bralley.

"There is an idea for a dress."
"Too daring," said the actress. "It may be all right for the street, but it wouldn't be allowed on the stage."
—Pittsburgh Post.

Some people have a way of telling you to cheer up that sounds as if they were willing to make a bet that you can't.—Washington Star.

TOO SICK FOR SCHOOL
Too sick for school? Who knows the joy That permeates a little boy Who goes by with that "sleekness" quaint. By means of writhing, sob and grunt. Rejoicing, through the window glass He sees his schoolmates slouching past. And, heaving sighs of future foes, He wiggles fingers at his nose. But O, behind him as he stands, And shows defiance with his hands, His mother views the pantomime; Her face is something to be seen.

"Too sick for school?" With scorching look She gathers slate and strap and book, And he thrust into the street. And show with sad and slouching feet That on the sidewalk drag and scrape. Makes for the school he can't escape. He knows that sick bluff should have passed.

—Galveston News.

EDITORIAL COMMENT

WEATHER PREDICTIONS
Philadelphia Ledger: It is very aged, that western notice: "Don't shoot the organist." He's doing the best he knows how." By the same token don't blame the newspaper for the weather forecasts. They are doing the best they can by printing the copy supplied by the government, and the government is spending on the weather service the tidy sum of \$1,619,850 a year—a nice little increase compared with 1870, when the work was begun on \$100,000. Of course, there are glaring failures, and on the average the accuracy of the prognostications has very materially improved.

EDISON'S VACATION
Nashville Tennessean: Edison, the inventor, has become a horrible example of taking vacations. He returned from his first vacation in eight years in such a state of collapse that his physician is said to have forbidden any more vacations and ordered the aged wizard to remain away from his workshop for two more weeks to rest up.

THOSE HEADLIGHTS
Lawrence Eagle: A recent automobile collision is said to have been caused by glaring headlights which blinded the driver of one of the vehicles. Nearly everyone can appreciate how easily such a collision could be brought about. Even in crossing streets pedestrians are frequently blinded by the brilliant light sent forth by automobiles. It is a rule on many of the electric car lines that the big headlights must shut off when an automobile is seen approaching. The same rule should and will in time apply to automobiles. Recent incidents are leading to pay the way for such a course since by this means it is possible to dim the lights temporarily. Incidentally it might be stated that it is entirely unnecessary for automobiles to use the large headlights within the congested city districts. The small lights cover the legal requirements and afford protection without annoyance.

No Cause for Alarm
Lewiston Sun: It is getting to where it doesn't pay to see disaster in the wake of the new tariff bill. Depression and hard times are not to evidence. Those who make special study of business have been repeating again and again the great demands for new capital, demands beyond the amount of investment money available. Present conditions are the opposite of hard times. The gratifying fact is that business is good on the eve of the passage of the tariff bill, and is not to be frightened. This time the calamity howlers cannot make employers believe they will have to shut down their factories and cannot make workers believe their wages will be cut or taken away altogether.

The Fire Counter
Fall River Globe: It is said that the administration has appointed no less than 6000 postmasters since it came into control of the post office, but so quickly has the public been made aware of what has been going on. The service of the announcer and press agent does not appear to be in much demand under the present dispensation.

OUR RAILROADS
Worcester Post: The plight of the New Haven itself may, at first thought, seem to exonerate it from the charge of "doing" the Boston & Maine. But the fact is that the scores of millions wasted in the Mellon "expansion"

ONE-FOUR-EAST
Boston Traveler-Herald: Will Gardner be elected? The outlook today is against him. The republican party will stand unitedly behind him, and he will receive thousands of democratic and independent votes. The contest will be between him and Walsh, but Mr. Bird will, in all probability, retain enough votes to guarantee the election of Walsh.

STILL SELLING
Brooklyn Enterprise: At Bangor, Me., the clerk of the courts announces that at the recent September term of court the fines and costs collected were \$16,000, mostly from liquor dealers. From which it is fair to infer that they somehow managed to get some liquor into Maine to sell despite the Webb law.

SCHOOL STRIKES
Newburyport Herald: The students of the Syracuse, N. Y., high schools are out on strike for shorter hours, or rather a return to the old hours. The example of the I. W. W. has made several strike movements crop up in American schools recently and in all cases a good old-fashioned striking by the parents seems to have been a most effective strike-breaker.

ENCOURAGING
Nashua Telegraph: Abandonment of

Queenstown as a port of call announced by the Cunard line should be rather gratifying news to Ireland. It is a practical admission of the falling out of emigration which has been depopulating the old island for the last seventy years. With the ending of misrule and the extension of liberal legislation, the draining of vigor from Ireland has been stopped and for the past year or two the population has been showing a small but promising increase. With the advent of home rule and better contentment at home Ireland may hope to grow apace with any part of the United Kingdom.

GOOD NEWS
Lawrence Eagle: The report comes from Springfield that the revolver industry is decidedly dull. This is said to be the result of the stringent regulations relative to carrying concealed weapons. Springfield may mourn for the loss of the industry but it is safe to say that the rest of the country will rejoice at the report. The carrying of revolvers by any other except the regular guardians of the peace is a dangerous proceeding.

PUTNAM & SON CO.

166 CENTRAL STREET.

THESE COOL, CRISP DAYS, ARE IDEAL FOR FALL TOP COATS

The Balmacean, just here, is strikingly English, made from homespuns in several foreign patterns—Unlined with satin shoulder yoke and sleeves. Made with patch pockets and half belt, cravenetted to shed water. The smart dresser would sure say these coats were London made \$20

A Chesterfield fall overcoat, dressy, conservative, dependable, is made from all wool Oxford Melton, fly front, 43 inches in length and is the best value that ever this house has shown for \$10

But these are two only from the new collection of fall overcoats—Fancies, Oxford and Black that we show from \$10 to \$30

NEW SUITS

Ten models from the very English short sack with high peaked lapels to the most correct conservation garments—Fancy Worsteds, Cheviots and Soft Faced Wool Cassimeres, in entirely new colorings and a very wide showing of stripes, \$10 to \$40

UNDERWEAR FOR EARLY FALL

Medium weights of Merino, Fine Jerseys, Light Wool and Balbriggans—Made in regular and stout sizes from 34 to 50 inch breast measure; 50c and up to \$2.00

Union Suits in medium weights of the same materials as our shirts and drawers, in regular and stout sizes \$1.00 to \$4.00

HERE ARE NEW SHOES

High Shoes and Oxfords with stout soles for fall—Most of them on the English last with low broad heels—Russia leathers in tan and brown for early wear and all lasts in black—Hanan's incomparable, comfortable shoes with the others \$3.00, \$3.50 up to \$6.50

SOFT HATS

Have been selling beyond anything in our experience—Blues, Browns and Pearls, smooth finished, brush faced—In every new block \$1.50 to \$3.50

VELOUR HATS

American or Imported Austrians—Extremely dressy and more popular than ever. American Velours \$2.00. Austrian Velours actual values \$7.00 and \$8.00 for \$4.50 and \$5.50

EVERY NEW BLOCK IN DERBIES

For the man who prefers a stiff hat—Our Special Derby—A new one free if it fades or breaks \$2.00. Other derbies, including Stetson's \$1.50 to \$3.50

Facts in Nature

FOR centuries it has been known that Nature's most valuable health giving agents for the cure of disease are found in our American forests. Over forty years ago Dr. R. V. Pierce, chief consulting physician to the Invalids' Hotel and Surgical Institute at Buffalo, N.Y., used the powdered extracts as well as the liquid extracts of native medicinal plants, such as Bloodroot and Queen's root, Golden Seal and Stone root, Cherry bark and Mandrake, for the cure of blood diseases. This prescription as put up in liquid form was called

DR. PIERCE'S Golden Medical Discovery

and has enjoyed a large sale for all these years in every drug store in the land. You can obtain the powdered extract in sugar-coated tablet form of your medicine dealer, or send 50c in one-cent postage stamps for trial box to Dr. Pierce's Invalids' Hotel, Buffalo, N.Y., and tablets will be mailed, postage prepaid.

The "Golden Medical Discovery" makes rich, red blood, invigorates the stomach, liver and bowels and through them the whole system. Cures skin affections, blotches, boils, pimples and eruptions—result of bad blood—are eradicated by this life-giving extract—as thousands have testified.

Send 31 one-cent stamps to pay cost of mailing only on a free copy of Dr. Pierce's "Common Sense Medical Adviser," 1008 pages, 4 clothbound.

ADDRESS DR. R. V. PIERCE, BUFFALO, N. Y.

LOWELL WINS THE SERIES

Took Final Game by Score of 9 to 1 — Pitcher Parker and Catcher Muldoon Injured

(Cover Sun's Special Wire)
HARTFORD BALL GROUND, Sept. 26.—The players of the Hartford and Lowell clubs arrived at the Hartford depot at 12:35 p.m. today after a fast ride from Lowell, where the Eastern Association champions yesterday won their second game of the series before one of the largest crowds ever seen at the Squid park grounds. By winning yesterday's game the Hartford team gained considerable confidence and expressed their determination of carrying off the honors today and even up the series. In the event of Hartford winning today, a seventh game will be necessary and this will be played in Lowell, as Manager Gray won the toss. The Lowell players, however, are not making any plans for another game, as they aver that the series will end today. The Lowell men with the series standing three to two in their favor were extremely confident that they would go in today and get the jump at the start. Before starting practice for the game both managers held faning bees with their players and told them of the importance of a victory. Owner Clarkin was particularly impressive in his remarks and warned the players to be careful and to win for their own sake.

Weather Ideal
This morning the weather conditions were ideal, and during the morning hours many enthusiasts assembled around the hotels to get a line on who would do the honors on the firing line. Neither manager would divulge any "info" on his selection until the grounds were reached.

At the grounds the crowd started to congregate at 1:30 o'clock and kept coming until the stands were under way. In addition to those who accompanied the team on the train last night, many others arrived here today. Lowell's expected manager, Donnelly, the diamond was in fine condition and the players were full of "pop" when they ran out for their respective positions. Hartford players were first to appear on the diamond, running from their dugout at 2 o'clock. Kelliher, who was ill when he left Lowell last night, was feeling better and took his regular position on the initial sack. Parker warmed up on the side lines, and his curves broke well. Muldoon was doing the receiving. During the preliminary workout the Hartford men went through some strenuous batting practice. The team worked well and it was evident that yesterday's victory instilled considerable life into their work.

Muldoon Injured
While catching one of Parker's benders Catcher Muldoon had a finger on his left hand broken. This accident halted activities for time and after having the injured member dressed the big backstop was forced to retire to the bench. Manager McDonald then went in to catch for practice and also caught in the game.

The Lowell boys raced out onto the ball field at 2:30 o'clock and the lineup was the same as that of yesterday. Ziezer took up the task of knocking out grounders to the infield and he kept the quartet busy pulling 'em down. Finneran and Thomas were on the side lines and the Lowell pitcher took things easy until a few minutes before the game started. He then sent some over with all the speed that he carries in that salary wing and showed up well. In the meantime, Rubie DeGroat entertained with some of his famous antics and he made a great hit with the fans. Capt. Aubrey and Shorly Dee, who made themselves unpopular with the fans Saturday by questioning several decisions were jeered during practice work.

Stores Closed
Several of the large stores in this city closed today, so that their managers and clerks might take in the game. The crowd grew larger and the management predicted that the attendance would exceed any ever seen in the large enclosure. The home roots realized that this team was in the ditch today and came to the ground to cheer them on to victory. At 4 o'clock Umpire Doherty went behind the bat and Umpire Stafford took his position in the field.

First Inning
In the first inning after Clemens had gone on, when Curry, fumbled a grounder, a very serious accident happened. Miller bunted down the first base line and Kelliher came in for the ball. Parker ran over to the bag and Miller unintentionally ran into the Hartford pitcher. The latter fell to the ground and upon examination it was found that he was suffering from a fracture of his right arm. Giest was then sent in to pitch. During the delay in the game, Miller held first and Clemens was on second. After a lively discussion Miller's arm was declared

LOWELL TEAM, WINNERS OF LOWELL-HARTFORD SERIES
Top Row, left to right: DeGroat, 1; Flannery, 4; Finneran, 3; Capt. Aubrey, ss; Wood, p; Manager Gray; Miller, 2b; Maybohm, p; Halstein, 1b.
Second Row, left to right: Ziezer, p; Clemens, cf; Dee, 3b; Thomas, c; Magee, lf; Henderson, p; Daly, c (inset); Front: Eddie Berard, mascot.

The Lowell baseball club, winners of the New England league pennant and yesterday returned the winner over Hartford, leaders of the Eastern association, received one of the greatest ovations last night upon their arrival in Lowell that a minor league baseball organization ever met with at the hands of an enthusiastic gathering of fans. They came with pride over their team, which had just completed its successful journey toward a second championship.

Lowell broke into the run column in this inning, sending two runs over the top of the New England league. Thomas, first base, did not contribute to the run getting. He made several attempts to send the ball into safe territory and his efforts were fruitless. After sending up a half dozen fouls he struck out. Magee with two strikes on him then came across with his second hit of the game, a fine double to left. He took third on Halstein's pretty sacrifice. Rubie DeGroat then planted a beaut into left for two bases and Magee trotted home with the run of the game. Capt. Aubrey kept up the good work by bringing the ruben home with a single to left. Dee closed the inning with a weak grounder to Gardella and going out at first.

In the last half of the fourth Hoffman opened with a scratch single, the first hit of Finneran. He took second on Kaut's bunt. Heey fled out to Thomas. Hoffman took third on a passed ball. Kelliher struck out. Score: Lowell 2, Hartford 0.

Lowell showed some of the stuff that won the New England league pennant for them in this inning and banged the ball to all corners of the lot, before the smoke of the battle had cleared away four runs were scored and Pitcher Giest was driven from the box. Finneran started the inning by sending one over the top and Dee followed with a grand one that got by Reiger at short. Clemens attempted to sacrifice and beat the throw for a hit. Miller beat out an infield hit and the bases were filled. Thomas batted one to Gardella and Finneran was forced at the plate. Kelliher tried to execute a double steal and Clemens was out at the plate. Thomas stole second. Magee then made his third hit of the game, a dandy single to right center and Miller and Thomas scored. Halstein singled to left and Magee went to third. Halstein took second on Hoffman's throw in an attempt to get Magee at third. At this point Giest was sent to short and Reiger sent in to pitch. DeGroat greeted the new pitcher by sending out a single to right and Magee and Halstein scored. DeGroat took second when Kaut hit the ball go by him. Aubrey closed with a grounder to Gardella, and going out at first.

Gardella went out, Miller to Halstein. At this point Mayor O'Donnell and Commissioner Donnelly arrived and went into a box with Mayor Cheney of Hartford. McDonald went out on a grounder to Halstein. Finneran covering the base, Reiger struck out. Score: Lowell 6, Hartford 0.

Sixth Inning
In the sixth Dee got a life on Giest's error. Finneran out at first. Halstein singled to centre. Dee going to third. Clemens stole second. Dee attempted to score, but went out. Curry to McDonald. Clemens took third on a wild pitch. Miller struck out. In the latter part of the sixth Hartford scored its first run of the game. Giest fled out to Magee. Curry singled to left. Hoffman followed with a single and Curry went to second. The crowd began to yell and begged the on the right holder he doubled to left and Curry scored, and Hoffman went to third. Heey walked and the bases were filled. The rooters went wild with enthusiasm. Finneran tightened up and forced Kelliher to pop up in a risky fly to Aubrey, and Gardella to send one in the air to DeGroat. Score: Lowell 6, Hartford 1.

Seventh Inning
Thomas singled to left. Magee went out on a grounder to first. Halstein fled to Curry. DeGroat struck out. McDonald went out at first. Miller to Halstein; Reiger singled to right. Giest fled to centre. Curry out, Finneran to Halstein. Score: Lowell 6, Hartford 1.

Eighth Inning
Aubrey fled to Giest. Dee fled to Hoffman, who made a spectacular one-hand catch. Finneran fled to Kelliher. Hoffman went out, Dee to Halstein. Kaut hit in front of the plate and went out, Thomas to Halstein. Heey, out Miller to Halstein. Score: Lowell 6, Hartford 1.

Ninth Inning
Clemens fled to Hoffman. Miller fled to Gardella. Thomas was hit by the ball in the wrist and went to first.

madly cheering mob of rooters, took on their line of march toward Merrimack square.

The line of march was marked by the burning of red lights all along the route. Coming down Middlesex street the team received a tremendous ovation as it halted for an instant at Tower's corner. Manager Gray, Owner Roach, Capt. Harry Aubrey and the individual members of the team were all cheered to the echo.

Taken all in all it was one of the greatest demonstrations ever staged by a Lowell crowd. Shoulder to shoulder with their arms entwined around each other, the huge crowd marched in the rear of the autos containing the players. Capt. Aubrey and Rubie DeGroat were carried on the shoulders of the fans during the march.

Capt. Aubrey expressed himself to a representative of The Sun after the celebration was over, in the highest praise of Lowell fandom. "Never before in my baseball experience," said the Lowell shortstop, "have I ever heard of a minor league team being given the ovation that we received here tonight at the hands of the Lowell baseball fans, and seldom is it, indeed, that a major league club is given a reception that can compare with the one tendered us. I can only say that I am the proudest man in Lowell tonight and sincerely hope that I shall return here for another season's work on the Lowell diamond."

Two Year Old Trots Mile in 2.06 1-4 at Columbus Races

COLUMBUS, O., Sept. 26.—World's records were attacked successfully yesterday on the Columbus grand circuit track. Peter Volo found the going so good that he made a mile in 2.06 1-4, a world's record for two year olds.

This performance, the best since Native Belle trotted in 2.07 3-4 at Lexington, Ky., in October, 1909, was made in the first heat of the junior division of the Horse Review Futurity.

Braden Direct, winner of the free-for-all pace, put the year's race record at 2.01 1-2 in the third heat of the event. This time game it's maker a new record, the fastest ever held by a five-year-old stallion. He lost the first heat by a break.

Peter Volo in his remarkable race, had Lady Wanetka for his opponent, but she did not at any time get close enough to make the record doubtful. The time by quarters in the first mile was: .32, 1.04, 1.35, 2.06 1-4. Peter Volo won, taking the second heat in 2.07 flat. The colt is owned by W. E. D. Stokes of New York. Both Peter Volo and Braden Direct were pronounced favorites in the races they won. Robert Milroy was first choice for the Chamber of Commerce trotting stake and marched to victory in straight heats, the last one being the fastest. The Columbus Chamber of Commerce presented to W. L. Snow, the winning driver, a silver cup.

Atlantic Express, from Lexington, Ky., was favored over 10 others for the 2.09 trot. When the race went over until today he stood fourth in the summery. After the first heat Grand Marshall was picked and he won twice, going away in the fourth heat, he made a costly break and Derby Boy beat out Ernest Astell, winner of the first heat and second in all the others.

WORLD'S RECORD MCGRAW IS OPPOSED
SAYS THERE WILL BE NO ANTE-SEASON GAMES NEXT YEAR WITH YANKEES

NEW YORK, Sept. 26.—There will be no spring series of five games at the Polo grounds between the Giants and the New Yorks next year, although Frank Chance in offering to play seemed to think that his proposition would be accepted. John McGraw, to whom the final decision was left by President H. N. Hempstead of the New York Nationals, threw cold water on the plan yesterday.

McGraw went to the Polo Grounds in the afternoon to see the New Yorks tackle the Clevelanders, and while looking on from a private box in the upper tier he was asked whether the series would be played.

"No, there will be no games between the Giants and Chance's team next spring," replied McGraw. "I never have been in favor of a spring series with any team, and I see no reason why I should change that policy now. It isn't because we don't want to play the Americans, for we will meet them in a fall series next year if we don't happen to win another pennant."

"I do not believe that any major league team is fit for a hard series in April before the championship season begins. In the first place the pitchers are not ready, and then again there is danger of serious accidents to unseasoned players who try to play beyond their speed."

"The Pittsburghs and Red Sox played a series last spring that proved disastrous. Neither team could keep up with the pace in the championship season that followed, and I attribute it all to the games at Hot Springs. I know that there would be big gate receipts in a spring clash with Chance's team, but I can't help it. The Giants are not going to run any risks before they begin the pennant race of 1911."

"But you can say that whenever it is possible for us to play our local rivals in the fall we will readily make arrangements."

McGraw viewed the game with apparent interest. He never had seen Joe Jackson, but as Caldwell's great pitching kept the shoelless person in a spring clash with Chance's team, he had a chance to size him up. He said he hadn't seen Lajole in action for many years, while the other Naps were all new to him.

ICE VERY SCARCE NO GAMBLING
Gage Company is a Bit Short But No Danger of Ice Famine

No, there isn't any danger of an ice famine but it behooves the ice user to put on the brakes. There isn't ice enough in Lowell to admit of the least bit of waste and the big users may be obliged to cut down their supply before the next crop is harvested.

Only one of the Gage company's ice houses in this city contains any ice and it is perhaps less than half full. The company has five full houses at Hantsford pond, in Chelmsford, and that is all the ice the company has at the present time. When this supply is exhausted the company will have to wait for a new crop as there isn't any ice for sale throughout the length and breadth of the land. In very warm weather a house of ice doesn't last more than two weeks or, less, weeks and a half, but in colder weather, of course, a house will last much longer.

The fact, however, that the company has less than six full houses at the present time ought to serve as a "go slow" warning.

A representative of the Gage Ice Co. stated today that the company was probably two or more houses short of the normal supply at this time of the year.

"We can't afford to waste any," he said, "but I guess we will pull through all right. I don't think there is very much danger of an ice famine."

BOTH ARE CONFIDENT
Gallant and Phillips Are in Good Condition for Tonight's Bout at the Lowell Athletic Club

Gilbert Gallant, the Chelsea lightweight, who will meet Joe Phillips in the main bout at tonight's meeting of the Lowell A. C. is very anxious to win over the westerner. He has been promised several matches if successful, and avers that he will work hard to get the victory. He has engaged in some strenuous training, and informed the matchmaker of the local club that he was never in better shape. His manager, too, asserts that "Gil" will be there all the way and after tonight's bout, there will be no question as to who is the better man. Gallant has challenged the winner of the Eastern Murphy bout, which will be held in Boston on Sept. 30 and is also after Joe Eagan, Johnny Dohan and all other claimants of lightweight honors. Phillips is an exceptionally clever boy and will make Gallant step fast to win. He has met a number of the road ones, and has a long list of victories to his credit. He is well trained and anxious to have the long sound that will start tonight's contest. The other principals, including Gardiner Brooks, are in fine fettle and promise to furnish some good boxing for the local fans.

Bill to Stop Government Employees From Taking a Chance

WASHINGTON, Sept. 26.—No gambling of any sort is to be permitted among government employees and men of the army and navy under the terms of a bill introduced today by Rep. Kirkpatrick of Iowa. Immediate dismissal is the penalty. Buying and selling futures are included among the forms of prohibited amusement. The congressman's incentive was the recent disclosure here of handbook gambling among navy yard and other government employees.

ESCAPE FROM SING SING
FIVE TRY TO SWIM ACROSS THE HUDSON BUT ARE CAUGHT AFTER FUSILLADE BY GUARDS

OSSENING, N. Y., Sept. 26.—Five convicts at Sing Sing prison at work unloading a coal barge, overpowered a guard yesterday afternoon, jumped into the Hudson river, and tried to swim to the other side. The shots of other guards halted them, however, and all five were captured.

Billy Green, leader of the band, who two years ago escaped and was brought back after being caught in California, hesitated a moment after the shots were fired, but continued toward the opposite shore when he saw the guards busy attending to his companions, Frederick De Barri, Joseph White, Matthew Loofer and Louis Price. Two guards in the small boat overtook him before he reached land, however, and he was captured without a struggle.

The convicts on the barge were in charge of Keeper William Gormley. The five sprang upon him and knocker him down. Armed men in the sentry boxes on the prison wall overlooking the Hudson peppered the water on all sides with the swimming convicts with bullets, but took care not to hit any of the men.

UNEXPECTED WINDFALL
LONDON, Sept. 26.—The British treasury today received an unexpected windfall from the estate of the late Anthony Brady of Albany, N. Y., who died in London in July, and whose property in the United Kingdom has been valued for probate at \$635,450. The death duties amounting to \$1,040,000 will be paid over to David Lloyd George, chancellor of the exchequer.

HARVARD'S OLDEST GRADUATE

WORCESTER, Sept. 26.—William A. Smith, Harvard's oldest graduate, died yesterday from old age, aged 93 years and six months. He was graduated from Harvard in 1831. He was clerk of the first common council in Worcester in 1818, the oldest member of the Worcester county bar and the oldest 33rd degree Mason in this section of the country, having had the honor conferred on him in Nashua in 1864. He was clerk and treasurer of the Worcester County Mechanics Association 43 years.

AMATEUR BASEBALL

Here is the answer to the challenge of the Highland A. A. The Shaw-White team will be glad to take a fall out of the Highlanders and a game may easily be arranged by calling at the club rooms in Billerica street or telephone 8731 this evening between 6.30 and 7.30.

Miner's latest, Lincoln hat, Fri. eve.

WATERWAY DISCUSSION

Big Convention Will Be Held in Boston on October 6th

Lowell Man Will Speak on Merrimac River and Valley

A convention covering the waterway projects of the entire state will open at room 431, state house, on October 6. Morning, afternoon and evening sessions have been arranged, the former taking place at the state house and the evening sessions at Young's hotel. John H. Murphy, secretary of the Lowell board of trade, will be one of a long list of speakers.

The session at the state house will start at 10.30 and close at 11.30. Hon. William S. McNary, chairman of the harbor and land commission and member of the directors of the Port of Boston, will preside and make the opening address at this meeting. The speakers are limited to 15 minutes each, and the subjects and speakers are as follows: Connecticut River and Valley, F. J. Hillman of Springfield and James J. O'Donnell of Holyoke; Merrimac river and valley, John H. Murphy, secretary of the Lowell board of trade; Frederic N. Chandler, president of the Lawrence chamber of commerce; Lewis R. Hovey of Haverhill and John H. Balch of Newburyport; Mystic valley, Nelson P. Brown, president of the Mystic Valley Waterway association; Lynn harbor, Frank A. Turnbull, com-

Frank Fessenden, Crane of Quincy, chairman of the waterways

CLERKS OF THE A.G. POLLARD CO.

Entertained Members of Cercle Montcalm of Nashua, N. H.

At Citoyens-Americans Club Last Evening—Contest for Cup

A week ago yesterday the male clerks of the A. G. Pollard Co. of this city journeyed to Nashua in automobiles and were royally entertained by the members of Cercle Montcalm, an organization composed of the most prominent French speaking young men of the New Hampshire city. The trip to Nashua was a most pleasant one for the Lowell boys and they were so highly entertained that upon their return to Lowell they immediately planned for a similar reception to be tendered the members of Cercle Montcalm in this city, and an invitation was sent, asking the Nashua folks to come to Lowell Thursday and enjoy the hospitality of the A. G. Pollard Co.'s clerks, and it was with enthusiasm that the said invitation was accepted, and the gathering took place last night.

The place selected for the affair was the rooms of the Citoyens-Americans club in Dutton street, which were supplied gratis by the members of this club. The Nashua boys arrived in the Spindle City shortly after 8 o'clock in two large auto-trucks, and they immediately repaired to the club rooms, where the Lowell clerks were in attendance. The visitors were received with the glad handshake and everybody felt at home.

Former Councilman Charles A. Delaronde, who had been chosen enaignt of the evening, welcomed the guests in his usual happy way, and in brief remarks explained the purpose of the gathering. He said the Lowell boys were so well received in Nashua a few days ago that it was only their duty now to return the favor. He then produced a beautiful loving cup which he said was to be presented to the Cercle Montcalm, but he thought it would be better to organize a sort of a contest and in this manner give the visitors a chance to return to their home city with the cup, not as a gift but as a prize. This was agreed by everyone present, and inasmuch as it was getting late a program was hurriedly prepared, consisting of pool, whist, pitch and checkers.

Before the opening of the contest, however, Alderman Charles Dionne, Jr., president of Cercle Montcalm, addressed the gathering and in a few well chosen words expressed the sentiment of his fellow club members for being so royally entertained, and concluded his remarks by making an appeal to all the members of Cercle Montcalm to do their utmost to win the trophy.

The pool contest was the first on the program and those taking part were: Lowell: Gendron, Leveille, Dragon and Larochelle; Nashua: Desouchenin, Levesque, Ouellette and Dion. Nashua team won by ten points. Next came the whist tournament and there the Lowell boys showed they were much stronger than their guests. In the other games Lowell won, and at the close of the contest it was announced that the trophy was to remain in Lowell, for the Pollard clerks had won by 20 points. The visitors immediately challenged the A. G. Pollard clerks and the contest may be played within a few weeks.

An impromptu musical program was carried out and the evening closed with the singing by the entire gathering of "Les Montcalm." A dainty luncheon was served and cigars passed and it was late when the out-of-town guests started on their return trip, giving three hurrahs and a cheer for the Pollard clerks.

The visitors from Nashua were: Alderman Charles Dionne, Jr., Albert Luvernel, Dominique Bo- dard, Stanislaus Levesque, Arthur A. Pelletier, Eugene Morin, Arthur Beauchemin, O. R. Langlais, Albert Ouellette, George Z. Levesque, Henry Michaud, J. T. Deschenes, Thymine Beaupre, Oscar H. Gaudette, Auguste Masse, Henry J. Carpentier, Edouard J. Ouellette, George L. Soucy, Josiah T. Stanton, J. A. Polvin and John He- bert.

JOHN F. ENSIGN DEAD

Was Chief of the Division of Locomotive Boiler Inspection of the Interstate Commerce Commission

WASHINGTON, Sept. 26.—John F. Ensign, chief of the division of locomotive boiler inspection of the interstate commerce commission is dead at his home here, aged 51. His wife and daughter will leave here today with the body for Denver, where it will be buried. Mr. Ensign was the first man to fill the position of boiler inspector, having been named to that place July 1, 1911, by President Taft, the day the law went into effect. Mr. Ensign was born in Marathon, N. Y.

"Clothes Critics"—Please Call at Once

We want you to come in without buying. We want you to come in and criticize the new Adler-Rochester models. Study first their general appearance, their general effect. Then study every detail, the material, the workmanship, and the finish of these

Adler-Rochester Clothes

Perhaps we are wrong—perhaps we can find a critic who can point out to us something lacking. But until we do, we say unhesitatingly that— Our new selection of Adler-Rochester models are our highest ideals in clothes, the very limit of perfect tailoring and beautiful materials. Every suit or overcoat of this famous make has an undeniable individuality in cut, workmanship and finish. Just the difference that makes real dress distinction.

WILSON PLEASED AT NEWS

President Believes Policy of Moral Suasion Has Accomplished Purpose in Mexico

WASHINGTON, Sept. 26.—President Wilson took the position yesterday that the policy of moral suasion adopted by the United States toward Mexico had accomplished its two cardinal purposes—to obtain assurances that there would be a constitutional election and that Provisional President Huerta would not be a candidate to succeed himself. Withholds Decision.

Advices received here describing in detail the preparations being made for the election of Oct. 22 and stating also that Gen. Huerta would not be a candidate but would support Frederico Gamboa, Mexican minister of foreign affairs, the nominee of the Catholic party, encouraged President Wilson and Secretary Bryan to believe that the Huerta government was carrying out what the United States had emphasized in the Lind negotiations as the essen-

tial features of a satisfactory settlement. The president believes that it will not be immediately possible to judge whether the processes of the election are actually constitutional, and will withhold decision for some time as to whether the choice of that election will be recognized by the United States. The likelihood that foreign governments will await the judgment of the United States before extending recognition is being impressed upon the Mexican authorities, it is said, with a view to ensuring free choice. However, doubt as to the value of the coming election as expressing the will of the Mexican people was cast by constitutional headquarters here yesterday in the issuance of a statement saying its supporters, extending over many Mexican states, would not go to the polls. Participation of Rebels.

Many persons familiar with the purpose of the administration here predicted that the next step in the policy of the United States would be an effort to show indirectly to the constitutionalists the necessity of participating in the election.

Administration officials let it be known that the United States was not concerned with the personnel of the candidates, beyond the opposition to Gen. Huerta's continuation in power, a position justified in their minds because of his regular assumption of authority and overthrow of Madero.

This attitude was declared necessary to further the cause of stable government in Latin America.

Gamboa's candidacy, nevertheless, caused much discussion in official circles, and doubt was frequently expressed that he could be elected. It was pointed out by administration officials that the Catholic party always had been a minority party in Mexico, because most Mexicans, although of the Catholic religion, traditionally had opposed the idea of a Catholic political party as leading possibly to a reunion of church and state.

With keen interest official Washington is waiting to see whom the liberals of Mexico City will name. Manuel Calero, former ambassador to the United States under the Madero regime, is regarded here as a likely choice.

CAID OF THANKS

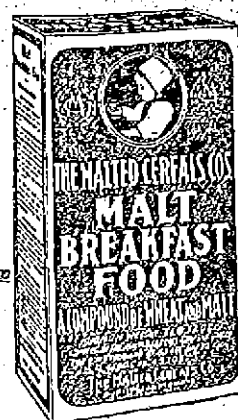

We, the undersigned, take this means of showing our appreciation for the many kind acts of sympathy in our bereavement, to the employees of the cutting room of the Federal Shoe Co. and the Middlesex finishing room, and all others, who in any way helped to lighten our burden, and who will ever be held in remembrance.

(Signed) Mr. John Carney, Mrs. Thos. Carney, Mrs. Mary Cliff, Mr. George Cliff.

THREE-FOLD TREATY

ST. PETERSBURG, Sept. 2.—The new Chinese foreign minister today reopened negotiations with the Russian foreign ministry in relation to the conclusion of a three-fold treaty between Russia, China, and Mongolia providing for the recognition of the independence of a United Mongolia under the rule of the Kutuktu or khan of Mongolia.

GO TO ENGINEERING SCHOOL. END NOT IN SIGHT

Many Hearings on the Currency Bill are Coming

WASHINGTON, Sept. 26.—Edward D. Hurlbert of Chicago, practical banker, and Prof. Irving Fisher of Yale university, expert on the theory of currency, yesterday endorsed the principles of the administration currency bill before the senate committee. Both, however, proposed a number of amendments, designed to alter the proposed methods for carrying out the purposes of the measure.

The desire of the committee to examine Mr. Hurlbert brought out the fact that hearings on the bill will be continued indefinitely.

Senator Owen throughout the day endeavored to hurry along the members of the committee, but met with little success. Senator Brister protested that the committee should have all the time necessary to examine the bill. A regular schedule was fixed for two sessions daily in the future.

Senator Reed denied before the committee a statement accredited to him that the currency bill would not pass at the present session of congress. He said, too, that he resented any reference to himself as a "democratic insurgent" because of his position regarding the measure.

Mr. Hurlbert, who discussed the bill from the viewpoint of state banks and trust companies, told the committee that these institutions must be brought into the new system if it is to be a success.

Both Mr. Hurlbert and Prof. Fisher criticized the provision of the bill fixing the 33-1/3 per cent. gold reserve to be held against the proposed new currency. They recommended that the reserve requirement be increased to 40 or 50 per cent.

Dancing at Associate hall, tonight.

TOPSY TURVY FLYING

ACROBATIC AIRMAN GAVE LONDON CITIZENS AN EXHIBITION OF HIS AERIAL SOULSAULTS

LONDON, Sept. 26.—The acrobatic French airman, Alphonse Pegoud, gave the citizens of London an exhibition of his aerial somersaults and topsy-turvy flying at the Hendon aerodrome yesterday afternoon.

Pegoud's remarkable maneuvers began when he had reached a height of 1200 feet from the ground, where he tilted his aeroplane so that it was at right angles to the earth. With a sudden swoop, he plummeted on the tip of one wing and did several dives with the nose of his machine downward for 100 feet before he regained his equilibrium.

The aviator then rose to a height of 3000 feet and accomplished the most sensational exploit by an aviator ever witnessed here. With a sudden swoop downward, he threw the aeroplane on to its back, flew in this manner for some seconds, righted his machine and repeated the performance before reaching the ground, where he was given an ovation by an enormous throng.

LAXATIVE FOR OLD PEOPLE—"CASCARETS"

Salts, Calomel, Pills, Act on Bowels Like Pepper Acts in Nostrils

Get a 15-cent box now. Most old people must give to the bowels some regular help, else they suffer from constipation. The condition is perfectly natural. It is just as natural as it is for old people to walk slowly. For age is never so active as youth. The muscles are less elastic. And the bowels are muscles.

So all old people need Cascarets. One might as well refuse to aid weak eyes with glasses as to neglect this gentle aid to weak bowels. The bowels must be kept active. This is important at all ages, but never so much as at fifty.

Age is not a time for harsh physics. Youth may occasionally wish the bowels into activity. But a laxative can't be used every day. What the bowels of the old need is a gentle and natural tonic. One that can be constantly used without harm. The only such tonic is Cascarets, and they cost only 15 cents per box at any drug store. They work while you sleep.

TAFT GETS FAVOR

Democrats Grant Request for Marble P. O. at New Haven

WASHINGTON, Sept. 26.—Former-President Taft gave himself over to the artistic yesterday in the performance of his first public service since he left the White House.

With his fellow members of the Lincoln memorial commission, Mr. Taft devoted practically the entire day to poring over classic designs and samples of stone for the erection of a lasting tribute to the martyred president.

After delving into the details of numerous bids for the \$2,000,000 memorial, the commission adjourned until today, when it is expected an award will be made. With enthusiastic allegiance to his newly-found home—New Haven—the former president earlier in the day had persuaded Secretary McAdoo to construct the proposed \$450,000 post-office in the Connecticut city of marble in preference to granite. The appearance of the former president in the control of democracy was a unique spectacle.

NEW Y. M. C. A. HOME

NEW Y. M. C. A. HOME

OPENED IN BOSTON LAST NIGHT—20,000 PRESENT—GOV. FOSS AND MAYOR FITZGERALD SPOKE

BOSTON, Sept. 26.—Fully 20,000 people attended the opening of the new building of the Y. M. C. A., 316 Huntington avenue, last night. It was a gala night for the officers and members of the association. Gov. Foss and Mayor Fitzgerald were present. Both shook hands with thousands of visitors, and both expressed their admiration of the new quarters.

Gov. Foss said he was amazed at the size and beauty of the building, and that it reflected great credit on the projectors and on the young men of the state.

The day was soon before Mr. Taft had an opportunity to call on President Wilson as he had planned. He will probably pay his respects today.

DANCING PARTY

New Liners Entertained a Large Number at the Dracut Grange Last Evening

The dancing season of 1913-14 was started last evening by the young people of Lowell and vicinity with the usual Dracut Grange opening of the New Liners. About one hundred couples flocked to the hall to taste again the pleasures of gliding over its superlatively smooth floor to the perfect "time" which is the distinguishing characteristic of Gray's orchestra. This group of musicians, after a let-up during the summer months, showed by the quality of their music and by the catchiness, liveliness and tunefulness of their airs last evening that they will continue to be in the front rank among the orchestras of Lowell. That their playing was enjoyed could be seen by the gratified expressions on the faces of the young folks as they glided about the hall. Those pleased expressions augur well for the popularity of the New Liners' dances during the coming season. From now on, until spring, the boys state, they will run weekly parties on Tuesday evenings which for wholesome enjoyment and real pleasure will be unsurpassed.

If you are a doctor, doesn't it pain you to see your patients, after waiting up two or three nights, come into your office completely exhausted? Wouldn't it be better to provide an office in a building where your patients would be carried right up to your office door in an easy, comfortable and absolutely safe elevator? The new Sun building provides such a service. Think it over, doctor!

GIRLS! STOP WASHING THE HAIR WITH SOAP

Soap Dries Your Scalp, Causing Dandruff. Then Hair Falls Out

After washing your hair with soap always apply a little Danderine to the scalp to invigorate the hair and prevent dandruff. Better still, use soap as sparingly as possible, and instead have a "Danderine Hair Cleanse." Just moisten a cloth with Danderine and draw it carefully through your hair, taking one strand at a time. This will remove dust, dirt and excessive oil. In a few moments you will be amazed, your hair will not only be clean, but it will be wavy, fluffy and abundant, and possess an incomparable softness and lustre.

Besides cleansing and beautifying the hair, the application of Danderine dissolves every particle of dandruff; stimulates the scalp, stopping itching and falling hair. Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exhilarating and life-producing properties cause the hair to grow long, strong and beautiful. Men, Ladies! You can surely have lots of charming hair. Get a 25 cent bottle of Knowlton's Danderine from any drug store or toilet counter and try it.

ELECTION OF OFFICERS BY FIREMEN

EX-CHIEF E. S. HOSEMER

JAMES F. MCKISSICK

Annual Convention of Massachusetts State Firemen's Association Closed at New Bedford Today

NEW BEDFORD, Sept. 26.—Edward F. Dahill, chief of the fire department of this city, was today elected president of the Massachusetts State Firemen's association. He succeeds Henry Fox of Boston. J. A. Burt of Taunton and H. B. Williamson of Worcester were re-elected secretary and treasurer respectively. The election today closed the convention, which has been in session since Wednesday.

Lowell in Second Place

The report of the secretary, H. Arthur Burt of Taunton, showed that in point of the number of members all previous records in the history of the association were broken during the past year. At the present time there being more than 4500 in good standing, 747 of whom are members of the city of Boston department. Treasurer Williamson's report showed a large bal-

ance in the treasury.

Secretary Burt's report to the delegates was as follows:

Secretary's Report

To the Members of the Massachusetts State Firemen's Association.

Gentlemen:

The thirty-fourth secretary's annual report, according to article 5, section 3, of the constitution of the association, and the present secretary's 25th annual report for the fiscal year ending Aug. 31, 1913, is herewith submitted.

The membership in good standing Aug. 31, 1913, that is, those having paid dues at least once in the preceding two years, numbers 1537. This membership consists of individual members, 121; company members, 17; life members, 12; honorary members, 23; and manufacturers, 19.

Again this year we have the pleasure of breaking the record of membership by having the largest number of mem-

bers in the history of the association, the largest previous membership being that of August 31, 1912, being 4185. The present membership thus exceeds the largest previous membership by 273, and again we are able to report a most encouraging increase.

Boston leads with a membership of 787; an increase over last year of 159 members. Lowell retains second place with a membership of 194; Worcester also retains third place with 176 members, and Lynn is in fourth place with a membership of 155.

Among the towns, Peabody again leads with a membership of 57; Plymouth follows with 50; Gardner is in third place for the first time, with a membership of 45; and Revere is in fourth place with a membership of 19.

The largest amount ever received for dues in one year was paid to the secretary during the fiscal year ending August 31, 1913, amounting to \$525. The treasurer's receipts are held, this amount exceeds the largest amount noted in any one previous year by \$75.

Your secretary has again been re-elected as secretary of the board of firemen's relief of the city of Lowell. July 21st meeting of the board, 200 votes were cast in support of the secretary's report, and the board is unanimous in endorsing the secretary's report and the work of the firemen's relief fund.

The board is unanimous in endorsing the secretary's report and the work of the firemen's relief fund.

The board is unanimous in endorsing the secretary's report and the work of the firemen's relief fund.

Dr. Jones was graduated from the medical department at the University of Pennsylvania in 1881, and had been in New York for about 25 years. He treated many patients for rheumatism at his hotel and was reputed to have been worth more than \$2,000,000. He refused to join the county medical society on the ground that his secret remedy would be drawn from him.

JEWELS GONE AT NEWPORT FIRE

NEWPORT, Sept. 26.—A handbag containing money and jewelry disappeared during the fire this morning which partly destroyed the summer home of Mrs. Clement L. Best in Bellevue avenue. Mrs. Best's daughter, Mrs. Arthur Carroll, who after she discovered the fire saved her mother and an aged cook, said that she threw the bag out of a window onto the lawn.

Mrs. Best had been ill for a week and is now in the Newport hospital. Mrs. Best and Mrs. Carroll lost practically all of their clothing.

WASHINGTON, Sept. 25.—By the will of the late Rev. Benjamin C. Hittinger, died here yesterday for probate the board of education of the Presbyterian church of America is given \$1000, the hands of home and foreign missions of the Presbyterian church \$3000 each, and \$4000 goes to the Presbyterian board of relief for disabled ministers and widows and orphans or deceased ministers. The rest of the estate valued at more than \$75,000, goes to relatives.

BOATERS IN TOWN

Gilbert Gallant, the Chelsea light-weight, who will meet Joe Phillips at the Lowell A. C. tonight, arrived in Lowell this morning. Phillips blew into town late this afternoon.

ENDED HIS LIFE

Lawrence High School Athlete Committed Suicide Today

LAWRENCE, Sept. 26.—George G. Garry, 24 years old, a well known athlete, committed suicide by drinking poison this forenoon at his home, 62 Broadway, Methuen. He was despondent over ill health. He was captain of the Lawrence high school baseball team in 1907 and was a member of the school football and track teams.

DIES IN HIS AUTO

Doctor Said to Have Made Millions From Rheumatism Remedy Died on Broadway

NEW YORK, Sept. 26.—Dr. Roland D. Jones, owner of the Hotel Roland at 65 East Fifty-ninth street and a specialist in rheumatism, died last night while driving his automobile in Broadway at 115th street. Dr. Elwood Patrick of 212 Gay street, West Chester, Pa., who came here on Monday to be treated by Dr. Jones, was with him.

The machine came to a stop and Dr. Patrick thought something was wrong with it. Then he noticed that Dr. Jones' head had fallen over on the steering wheel. He felt Dr. Jones' wrist and found no pulse. A party of young men in another machine lowered Dr. Jones' automobile to St. Luke's hospital, where Dr. Bishop said that Dr. Jones was dead. Coroner Hallenstein permitted the body to be taken to the Hotel Roland.

Dr. Jones was graduated from the medical department at the University of Pennsylvania in 1881, and had been in New York for about 25 years. He treated many patients for rheumatism at his hotel and was reputed to have been worth more than \$2,000,000. He refused to join the county medical society on the ground that his secret remedy would be drawn from him.

THE LOWELL POSTOFFICE BILL

To Be Introduced by Congressman Rogers
—The Bill Provides for Site and New Building

The following is a copy of the Lowell postoffice bill to be introduced in the house on Saturday next, by Congressman Rogers:

A bill to provide for the purchase of a site and the erection of a new public building at Lowell, Mass., and also for the sale of the present postoffice building and its site.

Be it enacted by the senate and house of representatives of the United States of America in congress assembled, that the secretary of the treasury be, and he is hereby, authorized and directed to contract for the acquisition, by purchase, condemnation or otherwise, of a suitable site, and to contract, within the limit of cost hereinafter fixed, for the erection and completion thereof of a suitable and commodious building, including fireproof vaults, heating, holding and ventilating apparatus, and approaches, complete, for the use and accommodation of the United States postoffice and other government offices at Lowell, Massachusetts, at a cost for said site and building of not exceeding \$500,000, which sum is hereby appropriated out of any moneys in the treasury not otherwise appropriated.

An open space of such width, including streets and alleys, as the secretary of the treasury may determine shall be maintained about said building for the protection thereof from fire in adjacent buildings, and all plans, specifications and estimates for said building shall be previously made and approved by the secretary of the treasury.

And the secretary of the treasury is further authorized and directed to sell, in such manner and upon such terms as he may deem for the best interests of the United States, the present postoffice building and the site thereof in said city; to convey said land and building by the usual quiet claim deed to the purchaser thereof, and to deposit the proceeds derived from such sale in the treasury of the United States as a miscellaneous receipt.

FOR \$67,000,000 A BIG MEETIN

Hearing on Petition of New Haven Road Was Resumed Today	At Faneuil Hall Sunday Evening in Honor Late John O'Callaghan
---	---

BOSTON, Sept. 8.—When the hearing was resumed today to consider the petition of the New Haven road to float a \$67,000,000 bond issue General Counsel Robbins told the state public service commission that unless President Elliott and Vice President Hutton were provided with the funds to make the transportation of nearly 57,000,000 persons safe others must divide the responsibility for the result.

"Do not imagine that because a large part of the expenditures necessary to make the road safe are to be made outside your boundaries that your people are not interested in those expenditures," Mr. Robbins said. "Your people are interested in the safe New York are just as much interested as those in Rhode Island and Connecticut."

There will be a memorial meeting in Faneuil hall, Boston, Sunday evening, in honor of the late John O'Callaghan, secretary of the United Irish League of America, who died recently leaving a void in the ranks which cannot be filled. Mr. O'Callaghan was one of the very ablest and the most energetic workers for the Irish cause. Hon. Michael J. Ryan of Philadelphia will be present. Mayor Fitzgerald will preside and there will be several other speakers. A number of the local members of Mr. O'Callaghan will attend the meeting. At a preliminary meeting to provide for Mr. O'Callaghan's children, Lowell friends pledged \$100 toward the fund.

C. Bradley Palm, representing the stockholders' protective committee, then argued in favor of the issue.

Nolo to Liquor Prohibition Charges

LAWRENCE, Sept. 25.—Through the men who were in charge when Hauer raids were made on Sunday, Sept. 22, The Dewey Street club, East Methuen Hose Co., and New England Merrimack club of the east end of Methuen, were each fined \$50 in the Methuen police court Thursday morning on charges of maintaining liquor nuisances. Judge William M. Rogers was on the bench.

The defendants were Ernest H. Ruedeger, New England Merrimack club; Paul Kuhnert, East Methuen Hose Co.; and Wm. Strocker, Dewey club.

The defendants were not represented by counsel, and when called pleaded nolo contendere, which as a legal term means, "does not wish to contend."

The following officers who made the raid last Sunday afternoon, were ready to testify: Herman Weinhold, Robert Morgan, John Beaumont, Harry Nimmo; Special Officers Harry Robinson, Edgar Messer, Egbert Taylor and William H. Treble.

BASEBALL RESULTS

National at Philadelphia—Boston 5, Philadelphia 6. (First game.)

American at Detroit: Cleveland-Detroit game postponed, wet grounds. Two games tomorrow.

Rev. Hermon Spencer Pinkham, pastor of the Immanuel Baptist church, Avenue of the Presidents and Columbia road, Washington, D. C., has accepted a call to come to Lowell as pastor of the First Baptist church, and it is expected the new pastor will take up his new duties within a month.

The following telegram was received today from Rev. Mr. Spencer by the public supply committee of the First Baptist church: "I will come, particulars to follow."

Rev. Mr. Spencer is a native of Somerville and is 37 years of age. He is married and has a son. He is a graduate of the 1894 Harvard class and also of the Newton Theological school class of 1903. Shortly after his graduation he came to the Winter Street Baptist church, Somerville, where he remained as pastor for eight years. Three years ago he accepted a call as pastor of the Immanuel Baptist church in Washington, D. C.

During his stay in the latter place he has increased from 100 members to 550, and the Sunday school from 260 to 600. He is a pupil of rare eloquence and well qualified to fill the position of pastor of the First Baptist church in this city. Lowell Mr. Pinkham will succeed in the coming autumn, when he will leave last December to accept the pastorate of the First Baptist church in Medina, Cal.

I.W.W. MEN HELD

9 Arrested on Charge of Murder - A Nation Wide Campaign

WASHINGTON, Sept. 26.—Excitement was caused yesterday at the national convention here of the Industrial Workers of the World when a telegram was received from Wheatland, Cal., announcing the arrest of nine members of the order on charges of murder. The arrests grew out of riots among hay pickers on the Durst ranch when a sheriff, one deputy and several employees were killed.

Jack Whyte, who was a witness of the shooting, proposed that the convention hold a mass meeting in Chicago Sunday to raise a defense fund. The convention decided to hold the meeting and also to start a nationwide campaign in behalf of the prisoners.

"We will arouse the working classes as thoroughly as they were stirred when Eitor and Giovanni were tried for murder in Massachusetts," said Grover Perry, who with Whyte was detailed to engage a hall for Sunday. "Joseph Eitor will be one of the speakers, also St. John," continued Perry.

Delegates to the convention, who started a movement to wipe out all central authority in the organization, were defeated.

Many of them were so disgusted at the victory of the conservative element that they packed their grips and went home.

SOCIAL AND FRATERNAL

At the meeting of Court General Shields held last night in Odd Fellows hall on Middlesex street two candidates were initiated into the mysteries of the order and three applications for membership were received and considered. During the evening Brother P. C. H. Gray spoke briefly on the work of this court and praised the members for the way that they take care of their sick brothers. Chief Ranger Hugh Pinnerly presided during the evening.

Highland Council, Royal Arcanum

Grand Orator Dillon of Palmer will be present at the meeting and smoke talk of Highland Council, Royal Arcanum, to be held October 9. A meeting was held last night and final arrangements were made to entertain the visiting officer. A large amount of rou-

Pinklets Will Really Correct Constipation

Pinklets are a most valuable laxative in the treatment of obstinate constipation. They correct this unnatural and dangerous condition by gently assisting the sluggish bowels and torpid liver to regain their normal activity. Their action is gentle, but effective and thorough, and they do not cause a single gripe. Unlike harsh, strong purgatives, they do not upset the stomach nor irritate and overstimulate the bowels. Because they have none of these evil effects, they can be taken with entire safety until the constipation is corrected.

To simply regulate the bowels or to treat obstinate cases of constipation, Pinklets are the ideal laxative. They are safe for every member of the family to use. Get a bottle today and start trying them. Any druggist can supply you at 25 cents per bottle.

the business was transacted and two candidates were initiated. Refreshments were served and whist was played.

Stationary Firemen

The executive board of the International Brotherhood of Stationary Firemen, local 14, held a meeting last night in their quarters on Middle street and reports from several committees were read and discussed. Other matters were taken up and laid over until the meeting on Sunday.

Echo Lodge, N. E. O. A. P.

The regular meeting of Echo lodge was held Wednesday evening in Odd Fellows temple with a large number of members present. After the business was over a whist tournament was enjoyed and the prizes were won by Sister Margaret Bertrand and Brother John J. Riley. "Home night" will be observed at the next meeting and games will be played by the members and friends. The committee in charge of the arrangements for the meeting last night consisted of Sisters Mary E. Curtin, Carrie L. Mountain and Katherine J. Curtin.

James A. Garfield Post, G. A. R.

The weekly meeting of the members of James A. Garfield post 129, G. A. R. was held last night with a good attendance. Several committee reports were read and a communication from the Garfield Ladies Relief corps, No. 32, requesting the conference committee of the post to confer with a like committee from Corps 53, in relation to a joint anniversary in the near future was read and accepted. Comrade Augustus Hovey of Post 185, spoke briefly on his second visit to Gettysburg. Vice Commander Frank H. Flanders presided.

Ashamed of Your Skin?

You needn't suffer the mortification of an unhealthy, eruptive skin.

All face blemishes—blackheads, pimples, blotches, rash—every skin ailment, is relieved by SULPHOLAC.

Everybody knows nothing equals sulphur for cleansing and purifying the skin. In SULPHOLAC you get sulphur, combined with a valuable germ-destroyer. These ingredients

make this the remedy that actually kills the germ.

Start using SULPHOLAC tonight. Before long everyone will wonder what you did to get such a clear, fresh complexion.

Prescribed by doctors for years. Druggists now sell it. 50c a year-sized jar, with directions. For free sample, write Hudson & Co. Inc., 149-151 West 36th street, New York.

SUIT CAN'T STOP HIM

WEALTHY BOSTON MAN SUE FOR BREACH OF PROMISE, GETS LICENSE TO WED ANOTHER

BOSTON, Sept. 26.—Frank A. Messenger, the wealthy Boston wool importer, whose former stenographer, Miss Sarah A. McDonald, is suing him for \$75,000 for breach of promise, has taken out a license to wed Miss Martha Cloud, a pianicist of Louisville, Ky., who, Miss McDonald says, alienated the wool man's affections.

Mr. Messenger and Miss Cloud have taken out the marriage license in Louisville, but according to a statement from Mr. Messenger, they intend to return to Boston to be married. Mr. Messenger is 41 and has a place of business at 37 Washington street. Miss Cloud is but 16 years old.

Miss McDonald, at the time she filed her suit here in Boston, declared that Messenger had completed arrangements for his marriage to her when the young Kentucky girl arrived on the scene and stole his affections. Miss McDonald is 28 years, and formerly lived at the Hotel Oxford, but moved from there in May, 1912, her present whereabouts is not known. Messenger is reported to have said in a statement in Louisville that he does not intend to get married right away, but simply took out the marriage license in Louisville to avoid the publicity that would arise from taking it out here in Boston.

COTTON GOODS TRADING IN ASIA

The United States has been losing its position in the cotton goods trade of Asia, especially in China, where 28 million dollars' worth of American cloth was sold in 1905 and 25 million dollars' worth in 1906. These exports to China had a value of only \$1,711,953 in the fiscal year ended June 30, 1912, which further declined to \$1,708,327 in the fiscal year ended June 30, 1913. This loss of trade has been seriously felt by American cotton manufacturers and exporters, and this has led the department of commerce to undertake an investigation of the underlying conditions.

Commercial Agent W. A. Graham Clark is now en route to China and Japan to study industrial and commercial changes which cause these declining sales. China is continuing its large purchases of cotton goods, the imports last year having exceeded 100 million dollars, one-third of which came from England, which is apparently holding its own in this trade. Japanese mills have been multiplying and obtaining a strong hold in the cotton goods trade of the Orient, where their sales last year were nearly 60 million dollars. One-third of the raw cotton spun in Japanese mills now comes from our Southern states, which supplied them with only 750 bales in 1894, while 450 thousand bales, worth 45 million dollars, were supplied in 1912. As Oriental peoples are now making for themselves many of the plain fabrics, which long formed such a large proportion of American exports to Asia, the commercial agent will also endeavor to learn what new textile goods we may successfully place on that market.

Between Women's Health or Suffering

The main reason why so many women suffer greatly at times is because of a run-down condition. Debility, poor circulation show in headaches, languor, nervousness and worry.

BEECHAM'S PILLS

(The Largest Sale of Any Medicine in the World)

are the safest, surest, most convenient and most economical remedy. They clear the blood, relieve suffering and ensure such good health and strength that all the bodily organs work naturally and properly. In actions, feelings and looks, thousands of women have proved that Beecham's Pills

Make All

The Difference

Sold everywhere. In boxes, 10c, 25c. Women will find these pills with every box very valuable.

STEERS AUTO INTO CLIFF

TEN PERSONS WERE HURT WHEN CAR WAS DIVERTED TO AVOID CATASTROPHE

LENEX, Mass., Sept. 26.—Ten persons were injured when an automobile truck owned by Clifford Turner of Chester and driven by Frank Maynard, also of Chester, was steered into a cliff on the south side of Monument Mountain in Stockbridge to avoid a catastrophe. In the truck were 15 persons. Maynard found that he could not make his brake work properly as he was descending the steep grade. There was a long line of carriages ahead, and rather than run into them, he steered his car into the embankment and the sudden stop hurled many of the passengers to the ground. The party was on its way from Chester to the Great Barrington fair. Telephone calls were sent for physicians, and among those who responded were Drs. O. W. Lane, C. S. Chapin, J. Heber, E. A. Kennedy, H. E. Stockwell and Shultz. Four of the injured were taken to the emergency hospital in Great Barrington.

Miner's latest, Lincoln hall, Fri. eve.

FOR WIDOWS' AID

State Will Help Mothers With Children Under Fourteen Years of Age

A number of inquiries as to the text of the act to provide for suitably aiding mothers with dependent children have been received at this office and the act is being discussed pro and con by laymen and lawyers as well. For the benefit of all concerned the act, in its entirety, is published herewith:

Section 1. In every city and town the overseers of the poor shall, subject to the provisions of the subsequent sections of this act, aid all mothers with dependent children under fourteen years of age, if such mothers are fit to bring up their children. The aid furnished shall be sufficient to enable the mothers to bring up their children properly in their own homes, and such mothers and their children shall not be deemed to be paupers by reason of receiving aid as aforesaid.

Section 2. Before aiding any mother under the foregoing section, except as hereinafter provided, the overseers of the poor shall determine that the mother is fit to bring up her children and that the other members of the household and the surroundings of the home are such as to make for good character, and that aid from the overseers is necessary to enable her to bring up her children properly, by making an immediate and careful inquiry into the resources of the family and the ability of its other members, if any, to work or otherwise contribute to its support, the existence of relatives able to assist the family, and of individuals, societies or agencies who may be interested in their behalf, and shall take all lawful means to compel all persons bound to support the mother and children to support them, and to enforce any other legal rights for their benefit; shall press all members of the family who are able to work, other than the mother and her dependent children, to secure work; shall try to secure work for them; and shall secure all necessary aid for the mother and children which can be secured from relatives, organizations or individuals. Nothing herein contained shall be construed to prevent the overseers from granting prompt and suitable temporary aid hereunder, pending compliance with the requirements of this section, when in their opinion such aid is necessary and cannot be obtained from other sources. A detailed statement of expenses incurred under this section shall be rendered to the state board of charity together with such certificates or other guarantees as the said board may require.

Section 3. The said overseers, either by one of their own number or by their duly appointed agent, shall visit at least once in every three months at their homes or wherever they may be, where they may be living, each mother and her dependent children who are being aided financially or otherwise by said overseers, and after each visit shall make and keep on file as a part of their official records a detailed statement of the condition of the mother and family and all other data which may assist in determining the wisdom of the measures taken and the advisability of their continuance; and said overseers shall at least once in each year reconsider the case of each mother with dependent children with whom they are dealing, and enter their determination with the reason therefor on their official records.

Section 4. This act shall apply to all mothers and their dependent children, whether or not they or any of them may have a settlement within the commonwealth, who shall have resided in the commonwealth not less than three years. No person shall acquire a settlement or be in process of acquiring a settlement while receiving aid hereunder.

Section 5. The state board of charity shall hereafter supervise the work done and measures taken by the overseers of the poor of the several cities and towns in respect to families in which there is one child or more under the age of fourteen, whether or not such family or any member thereof has a settlement within the commonwealth. For this purpose they may establish such rules relative to notices as they deem necessary and may visit and inspect any or all families aided under this act, and shall have access to any records and other data kept by the overseers of the poor or their representatives relating to such aid; and said board shall, in its annual report to the legislature, report upon the work done by its own agents and by the overseers of the poor in respect to such families any of whose members are without legal settlement in the commonwealth; and shall make a separate report on the work done by the overseers of the poor in respect to such families in which all the members have a legal settlement in the commonwealth.

Section 6. In respect to all mothers in receipt of aid hereunder the city or town rendering the aid shall be reimbursed by the commonwealth, after approval of the bills by the board of charity, for one-third of the amount of the aid given. If the mother so aided has no settlement, the city or town shall be reimbursed for the total amount of the aid given, after approval of the bills by the board of charity as aforesaid. If the mother so aided has a lawful settlement in another city or town two-thirds of the amount of such aid given may be recovered in an action of contract against the city or town liable therefor in accordance with the provisions of chapter eighty-one of the revised laws and acts in amendment thereof and in addition thereto.

Section 7. For the purpose of reimbursing the cities and towns, as provided in the foregoing section, there shall be appropriated from the treasury of the commonwealth the sum of fifty thousand dollars for the operations of the first year.

Section 8. All acts and parts of acts inconsistent herewith are hereby repealed.

Section 9. This act shall take effect on the first day of September, nineteen hundred and thirteen. (Approved June 12, 1912.)

EDUCATION NOTES

Philadelphia Provides free eye-glasses for nearly 7500 school children every year.

Required home study has been abolished in the schools of Sacramento, Cal.

Five hundred and fifty-five persons attended the evening classes in academic subjects at the University of Cincinnati last year.

About \$15,000 is earned annually by the boys in the co-operative industrial course in the high school at Fitchburg, Mass.

in Schenectady, N. Y., may obtain a year's leave of absence for study or travel abroad, receiving one-third payment of salary.

A comparison of 625 star athletes of the Naval academy with 550 non-athletes, in both cases from the classes of 1902-1911, shows that apparently the non-athletes are in better physical condition than the athletes.

Medical inspection is a business proposition. In a town with 250 children, it is said for instance, there would be an annual saving of \$5200 by thorough medical inspection the curable physical defects that handicap school children could be remedied.

There are now about 40 "psychological clinics" in the United States, according to Dr. J. E. Wallin, of the University of Pittsburgh. The first of such clinics, for the purpose of studying and classifying mentally unusual children, was established at the University of Pennsylvania in 1906.

School officials in Beverly, Mass., recently calculated the money gain for their pupils in vocational education. They found that an expenditure of \$800 per boy in industrial training had raised the capitalization of the boy's economic value from \$500 to \$15,000 or \$15,000.

"We are destroying the eyes of a large number of school children by the

burden of continuous near work to which they are subjected," says Dr. F. Park Lewis, of Buffalo. He suggests as a remedy, in addition to the use of eyeglasses, reduction in the amount of work dependent directly upon the printed page. "Let us have more thinking and fewer books," he declares.

NO OTHER POWDER SO HEALING SAYS TRAINED NURSE GRIGGS

She says: "I find Comfort Powder most excellent for infants and babies. No other powder is so healing and comforting to the skin."

This is because Comfort Powder is a truly medicated powder, no more like ordinary talcum powders than cream is like skimmed milk, and physicians, trained nurses and mothers call it the "Skin Healing Wonder."

Be sure you get the genuine with signature of E. S. Sykes on the box.

WALLACE PARKINS AGENT

Former Lowell Man Appointed
Today to Succeed Wm. Doherty
as Agent of B. & M.

Mr. Wallace Parkins was today appointed agent for the Boston and Maine in this city to succeed William C. Doherty, resigned. It is understood that the new agent will take up the reins of government at the Middlesex street station the first of next month. It was stated in The Sun some time ago that Mr. Parkins would be the next agent in Lowell. At that time there were at least three candidates for the office but it was given to Mr. Parkins on good authority that Mr. Parkins was the favored man. Mr. Parkins was formerly of this city and began his railroad career as

came known yesterday with the filing of the intentions of one couple and the announcement that the second pair will take out their license today. Portillo Villafior secured permission to wed Miss Bertrice J. Kahle of 49 Hammond street, Roxbury. The two met a week before Christmas when a Filipino friend of Miss Kahle's father brought him to the house. He in turn was responsible for the meeting, two weeks ago, of his fellow musician, Servellano Ascelono and Miss Kahle's partner, Miss Mary Manix, whose engagement was announced yesterday and who probably will play a part in a double wedding. The Filipinos both come from Naval, P. I.

CITY PROBLEMS

Will be Discussed at the Meeting of Mayors at Fall River

A meeting having to do with general city improvements, including betterment taxation will be held in Fall River on Sept. 30 under the auspices of the chamber of commerce of that city, and the mayors or representatives of several cities have been invited to attend and give their opinion on this important question.

The affair will be held at 8 p. m. in the assembly hall of the Weavers' building, among them being Lowell, for Mayor James E. O'Donnell has accepted the invitation and will attend. However, His Honor said this morning he is going as a listener only. He does not believe in this betterment taxation for a city like Lowell, which has good roads and fine sewerage in all parts of the city. The others who will attend are as follows: Charles S. Ashley, mayor of New Bedford; Arthur H. Andrews, president of the Brockton chamber of commerce; Dr. Charles V. Chapin, superintendent of the health department of Providence; R. L. George M. Wright, mayor of Worcester; Harry C. Smith, treasurer of the city of Worcester; Henry Lasher, president of the board of aldermen of Springfield; and James H. Kay, mayor of Fall River.

Examiner Olson of the state highway commission was in Lowell this morning for the purpose of examining those wishing to secure chauffeurs' licenses. The examination was held in the councilmanic chamber at city hall and there were 16 applicants present.

Bids Called For
Purchasing Agent Foye has issued a call for bids for a carload of No. 1 clipped oats for the fire department and all the bids will be open Monday at 10 a. m.

GIRL STILL MISSING
BOSTON, Sept. 25.—Mrs. Clara Kerr of 632 Main street, Malden, has made an appeal to all to assist her in a search for her daughter, Harriet, a 15-year-old girl, who has been missing from her home since the middle of last January.

"My daughter," says the mother, "seemed much interested in a man about twice her age who also disappeared from Malden about the same time she did. This man has lived, I believe, in Waterbury, Conn., and Jacksonville, Mo. I have heard that he was in Waterbury last March, two months after my daughter disappeared."

"If anyone has any knowledge of my daughter, I wish they would kindly communicate with the Waterbury or Malden police."

When the girl left home she wore a suit of brown corduroy and carried a black handbag. She is of medium height and weight, and has light hair and blue eyes.

NATURALIZATION SESSION
The clerk of the superior court will be at his office in the court house on Gosham street, Lowell, on Wednesday morning, October 1, at 9 o'clock for the purpose of receiving petitions for naturalization, second papers; and on Thursday morning, October 2, at 9 o'clock, for the purpose of receiving petitions for first papers.

No Comparison
The light, airy, sanitary offices of the New Sun building compared with those of any other office building in Lowell are so much more up to date that not only the occupants but their patrons are delighted with them.

HAD DEER HUNT SUN'S SERVICE

Excitement at Waltham
—Doe Leaps Through Plate Glass
On the Lowell-Hartford Series Best Ever and Fans Enjoyed it

WALTHAM, Sept. 25.—City affairs were enlivened for an hour yesterday afternoon by a deer hunt through the streets and yards of the section south of the river. In the course of the hunt the animal, a young doe, cut one of its legs so severely that, when captured, it had to be killed.

The doe apparently came from the woods of Weston and was first seen about 3:30 p. m. on Lowell street. A few children gave chase, and the animal ran through back yards to High street and then to Moody street on which there is an electric car line.

The cars evidently frightened the animal more even than the rapidly growing band of its pursuers, and with one leap it went through the plate glass window in the fruit store of Bartolo Delorenzo on the corner of Moody and Ash streets.

The broken glass almost covered one of its hind legs, but it leaped over the counter of the soda fountain and ran out of the back door, the crowd trailing along in pursuit. But its injury retarded its speed, and in a yard in Adams street it was cornered and captured by Arthur Doyle, deputy game warden.

Dr. Sibley, the veterinarian, was summoned, but the animal's leg was cut beyond all remedy, so it was killed.

over, and this was not done until the last man had been relieved, the people waited for the baseball extra which was on the street in about seven minutes after the last play. When the edition appeared, copies were eagerly purchased by the fans and the correct and detailed account of the game enjoyed.

MONKS SAVE BIRDS' LIVES
ROME, Sept. 25.—The monks of St. Bernard saved the lives of many thousands of "travelers" the other night during a heavy storm.

Immense numbers of migratory birds, mostly swallows, which were going south across the Alps, became exhausted about the hospice of the monks, being unable to fly against the violent head wind which was prevailing. They would have perished but for the action of the monks, who opened all the doors and windows and illuminated the hospice. This attracted the birds, who flew inside, where they were sheltered for the night. They left the building in the morning and resumed their flight.

REV. FR. AUDIBERT, O.M.I.

Former Assistant Pastor of St. Joseph's Parish Died at Green Bay, Wisconsin

The many friends of Rev. Charles Audibert, O. M. I., formerly of this city, will be grieved to learn of his death, which occurred last night at the St. Mary's hospital, Green Bay, Wis., where the reverend gentleman, while on his way to Bailey's Harbor, Wis., where he was assigned three weeks ago from Lowell, was operated upon for appendicitis. The clergyman was stricken with this illness en route, and it was several days before he could be given proper treatment. He was operated upon a few days ago and despite medical attendance, he passed away last night.

Rev. Charles Audibert, O. M. I., was born in St. Pierre, Villiers diocese, France, 42 years ago, and received his early education at Notre Dame de Laumiere, France. Later he entered a seminary at Notre Dame de l'Ozier, France, and pursued his theological studies at Liege, Belgium, where he was ordained to the priesthood in 1895. Shortly after his ordination the young clergyman who had joined the order of Oblate Fathers, was assigned to mission work in the northern part of France, where he performed his ecclesiastical duties for a period of six years. In 1901 Fr. Audibert was transferred to this country and came directly to Lowell, where for five years he was assistant pastor at St. Joseph's parish.

In 1906 he was assigned to the Oblate novitiate in Tewksbury, where he

was professor for two years, from there going to Campbell, Nebraska. In the fall of 1908 he performed the duties of a missionary for three years, and two years and a half ago he returned to Lowell, going to St. Joseph's parish. During his last stay in this city the reverend gentleman acted as manager of the Credit union of St. Joseph's parish, and was chaplain of Notre Dame de Bons-cœur society, as well as other church societies.

Three weeks ago he received his obedience from his superiors for Bailey's Harbor, Wis., and it was while on his way to the western missions that he was stricken with appendicitis on a train. He was removed from the train at Green Bay, Wis., and taken to St. Mary's hospital, where an operation was performed, but with fatal result. The body will be brought to Lowell for burial and is expected in this city on Monday. Deceased is survived by a brother, Zephirin Audibert of Lowell, and several other relatives in France. Very Rev. T. Wade Smith, O. M. I., provincial of the Oblate order in this part of the country, will look after funeral arrangements.

Miner's exons, Lincoln hall, Fri. eve.

During the past month the Lowell Humane society distributed and posted cards warning owners to have their animals disposed of rather than abandoned, and as a result a total of 174 cats were shot in four weeks, against 60 the previous summer.

CONGRATULATES WINNER

FRED H. ROUTKE SENDS LETTER OF CONGRATULATION TO MAN WHO DEFEATED HIM

Fred H. Routke, who was defeated in the nomination for county commissioner by John D. McCloskey of Cambridge, has sent the following congratulatory letter to Mr. McCloskey:

Lowell, Mass., Sept. 26, 1913.
Mr. John D. McCloskey, 26 Sixth Street, Cambridge, Mass.

Dear Sir:
It appears from the returns of the primaries on Sept. 23, that you are the winner of the contest for county commissioner. Accept my congratulations for the fine vote you received. Wishing you the full measure of success on election day, I am,
Yours truly,
Fred H. Routke.

WIRELESS TELEGRAPHY
WASHINGTON, Sept. 26.—The extent to which wireless telegraphy has been taken up by amateurs has been disclosed in a list of radio stations in the United States just issued by the commerce department, bureau of navigation. Almost 1300 amateurs had been granted licenses up to June 30, 1913. The call letters, owners, location, and power in watts of stations are given. Private land stations engaged in commercial business and land stations of the army and navy also are enumerated with the usual data. They number about 170.

GAVE LIFE TO SAVE OTHERS

Runaway Horse Was Headed Toward 300 Children

New York Man Stopped Animal But Fell Under Feet

NEW YORK, Sept. 26.—Edward Scully, foreman in the street cleaning department, gave up his life today to save a crowd of little girls and boys from a runaway horse. The horse, attached to a street cleaning cart, was headed towards a corner in Brooklyn, occupied by two public schools. On the sidewalk were some 250 children. Scully dashed out of his office, seized the animal's bridle and brought it to a stop at the curb. But after he had checked the runaway he lost his grip and fell under the horse's hoofs. His skull was fractured and he died in a few minutes.

AMUSEMENT NOTES

LOWELL OPERA HOUSE

Miss Edith Thayer, that brilliant little prima donna, in a new, bright and captivating comedy opera, "The Firefly," is scheduled for an engagement at the Lowell opera house shortly. The opera is produced by Arthur Hammerstein, son of the famous grand opera impresario, Oscar Hammerstein. This production has been embellished with every possible touch known to the art of staging a comedy opera. The three acts of "The Firefly," which are modern ones, are rich in color and design. They are set in New York city and at Hamilton, Bermuda. The first scene depicts a recreation party on the river front. This setting is a marvel of stage realism. The second act represents a magnificent estate just outside of New York, with its vast fields of hills full bloom. This, by the way, is the first time that a Bermuda scene has figured on a stage. The third act presents a handsomely mounted ball room of a girl's boarding mansion in New York, affording ample opportunity for the introduction of some stunning fashion gowns of special importance.

Rudolf Friml, a recent Bohemian "find" of Mr. Hammerstein's, has written the music, which is said to be rich in harmony, the melodies inspiring and possessing a wide range of tempo. The solo numbers are so plentiful that they far exceed those of any other comedy opera. "The Firefly," by Otto Hauerbach, is a direct and interesting love story in which the hero, a young and wealthy New York millionaire, falls in love with a little East Side Italian street singer (Miss Thayer).

Conspicuous in the cast of "The Firefly" are: Miss Edith Thayer, Burton Lanthorn, Chas. H. Hovest, Bert Wheeler, Paul Veron, Thelma Fair, Alton Gifford, Rita Heger, and Irene Samson.

MERRIMACK SQUARE THEATRE
Everybody has joined in the praises of "Sky Farm," the attraction in which the players will be seen in at the Merrimack Square theatre the coming week, even to the elderymen who have been honest enough to say that it is a greater sermon than is often heard from our pulpits. It is not only a sermon, it is not only a comedy—broad comedy—the comedy of the country, and also is a liberal gateway to singing delivered from the lips of the Beauty Sketches. "Sky Farm" will be given with the full strength of the company and a production of enormous dimensions is also being built.

The Sunday concert the coming Sunday will hold much to interest. There will be the King Trio, together with three other of the best vocalists obtainable while a series of the latest and best photo-plays will also be shown. Seats are now on sale.

KEITH'S THEATRE

There remain but four more opportunities to see the splendid vaudeville bill at the E. F. Keith theatre, this week. In comedy it is particularly rich, the juiciest slice being presented by E. F. Keith in the little musical comedy, called "On the School Play." Broad comedy is a genuinely funny man, and a dancer of role. The seven lively girls in the act add but a little to it. The motion pictures of Harry K. Shaw, taken in Sherbrooke Hall, are just what you want for the motion picture makers. The features of the famous prisoner, are thrown out into bold relief. Everybody who sees them gets a new idea of them. Other good things are the dancing "Rained In" a western comedy; Huffer and Gains, singers and comedians; Charlie Vance, the southern singer; Spry, the talkative "trickster"; Crea & Burns, sharpshooters; Williams & Wright, singers and dancers; and the Pathé Weekly motion pictures. Good seats may be secured in advance.

DON'T LOOK ELSEWHERE

Shavers needs of any kind supplied at "The Safety Razor Shop." Safety razors, blades, safety blades resharpened, old style razors, strops, stropping machines, lather brushes, soaps, creams, styptic pencils, pomade and mirrors in endless variety and at prices to suit all purses. Howard, the Druggist, 157 Central street. (See the \$1.00 combination razor, brush, strop and old style razor guard, all for \$1.95).

CUT PRICES ON ADVERTISED REMEDIES

You can always be sure saving both time and money by stepping into one of the Riker-Jaynes stores when in need of any of the well-known advertised remedies.

It is an established fact that we carry the largest assortment of all these remedies of any retail concern in this country. Another thing to take into consideration is their condition. Ours are always in the very best of condition. They are bought by us direct from the laboratories where made and our immense trade is in itself a sufficient guarantee against any old accumulation.

Occasionally others have ascertained a few of our low prices and by advertising a few items at such prices or a cent or so below them have endeavored to make the public believe they were underselling us—lack of space forbids our quoting all the prices on all the advertised remedies we sell, but whatever article you may desire you can rest assured that when you buy it at one of our stores you will receive it at the very lowest prices obtainable.

RIKER-JAYNES DRUG STORE

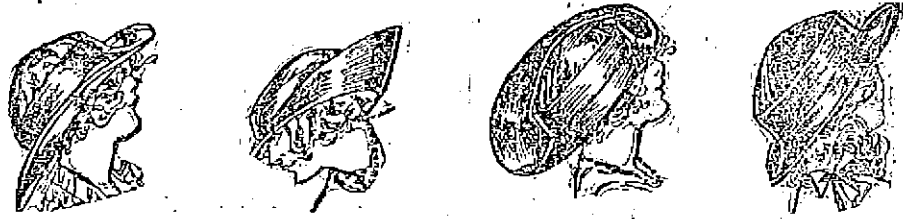

You Are SAFE When You Buy at Riker-Jaynes.

John Desjardins, residing at 220 tree between Tremont and Moody streets yesterday, fell and fractured his right ankle. He was removed to the hospital.

Why Not Save the Retailers' Profit—Madam?

When you get ready to purchase that new Fall Hat, why not buy it at wholesale prices—direct from us, as thousands of other women are doing every week? Why not put back into your pocketbook the profit you pay the retailer—and save the one-third more that he is obliged to ask? A single visit to these centrally located wholesale salerooms will fully demonstrate the economy of buying here.

Everything needed to make a complete hat sold at our wholesale prices to the milliners and public alike.

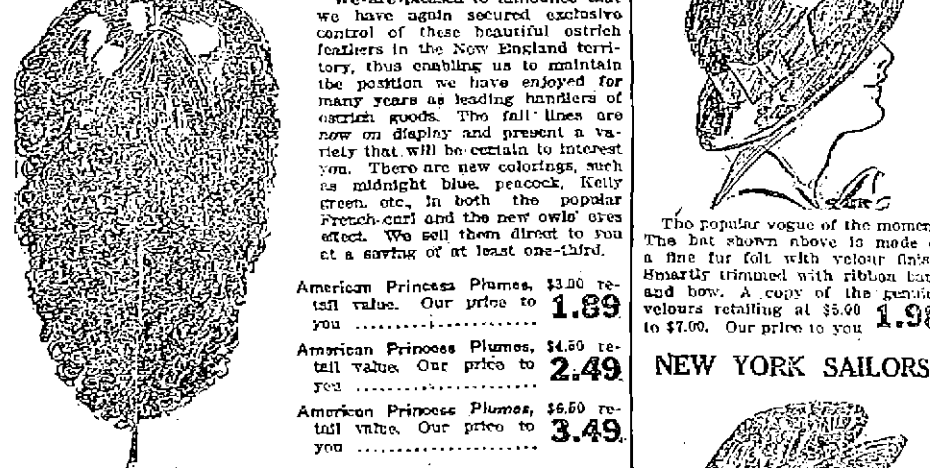

A GREAT SALE OF VELVET HATS

\$2.50 and \$3.00 Hats at Monday we place on sale 100 dozen fine silk velvet hats, secured at a remarkably low price from one of the best manufacturers in New York. These hats are beautifully made with the new soft handkerchief crown effect and finished with velvet bound edges. A wide assortment of very desirable shapes in the lot, four of which are illustrated. Colors are black, brown, navy, Alice blue and taupe. They are positively worth \$2.50 and \$3.00. We offer them at about one-third the retail price and less than the wholesale price. Milliners are specially urged to see these, as our price represents a great saving on wholesale prices asked elsewhere.

98c

"AMERICAN PRINCESS" PLUMES

AT WHOLESALE PRICES DIRECT-TO-YOU

We are pleased to announce that we have again secured exclusive control of these beautiful ostrich feathers in the New England territory, thus enabling us to maintain the position we have enjoyed for many years as leading handlers of ostrich goods. The full lines are now on display and present a variety that will be certain to interest you. There are new colorings, such as midnight blue, peacock, Kelly green, etc. In both the popular French and the new oval eyes effect. We sell them direct to you at a saving of at least one-third.

American Princess Plumes, \$3.00 retail value. Our price to you 1.89

American Princess Plumes, \$4.50 retail value. Our price to you 2.49

American Princess Plumes, \$6.00 retail value. Our price to you 3.49

And others at various prices up to \$10. All selected stock—rich, lustrous fibers—guaranteed. In black, white, navy, Alice blue, midnight blue, Kelly green, Royal purple, peacock, brown, mauve, etc.

FREE TRIMMING SERVICE

For the benefit of ladies who feel unable to trim their own hats, we have inaugurated a free trimming service with competent milliners in attendance. We will be pleased to show you how to secure a pleasing arrangement of trimmings on your hat and we do simple trimming without cost to you if materials are purchased from us.

DEADLOCK ON TARIFF

New England Goods Cause a Hitch—Senate Conferees Score a Victory

WASHINGTON, Sept. 26.—After finishing all but about a half-dozen points of difference between the senate and house the tariff bill conferees ran into another deadlock yesterday and adjourned last night with the conference report still incomplete. Three questions were still at issue, the tariff rates on cotton yarns and cotton cloths, and on lead and zinc ores, and the dates when free raw wool and changes in the woolen goods tariff should become effective.

Cotton Schedules
Members of the conference committee with the aid of experts spent the afternoon going over the cotton schedules estimating revenues and calculating the effect on the woolen industry of the proposed changes.

Both houses of congress abandoned hope of a report from the conference committee, the house adjourning until Saturday, and the senate until Monday. The report may go to the house Saturday.

There were rumors yesterday of strong opposition to the report that might develop in the house on the ground that republicans had not been taken into the conferees that worked out the details of the measure.

If such opposition appears, it probably would take the form of a point of order against the report on the ground that it contains matter inserted without authority by the conference committee. In several instances the conferees have changed provisions in such a way that some members of congress claim that new legislation has been added to the bill. The con-

ference insist, however, that they have acted wholly within their authority, and democratic leaders do not anticipate any marked delay in action on the report.

Senate Victory

The senate conferees won out yesterday in their fight against the "anti-dumping clause" which would have assessed an extra duty against goods "dumped" into this country at reduced prices. The senate agreed to drop the amendment inserted in that body requiring reciters to pay for the stamps used on packages of distilled spirits filled by rectifiers or wholesale liquor dealers.

The conferees yesterday agreed on \$3000 as the amount of income of a single man that shall be free from the income tax. For a married man the exemption will be \$4000, with no further exemption for children. Only one exemption of \$4000 will be allowed for a family, even though the husband and wife have separate incomes.

The conferees decided to put burlaps on the free list; to leave grain bags on the dutiable list, and to reduce the house rate of 20 per cent. on plain jute fabrics, bleached, to 10 per cent.

500 ON STRIKE

Weavers at Webster Quit—3500 More May Follow

WEBSTER, Sept. 26.—Five hundred weavers in the employ of the S. Slater & Sons, Inc., cotton mills struck last night at 5 o'clock for the abolition of the time system and the establishment of a new wage scale of piece rates and the substitution of a one-loom price list for the present two-loom price list.

Employ 4000

Unless the strike is adjusted within the next few days a general strike of the weavers in all the Slater mills will be called. This would involve about 4000 hands.

The average wages of weavers under the two loom schedule is said to be \$11 for a 60-hour work week. The strikers claim that they are paid three cents a yard on looms of 30 picks, and four and one-half cents a yard for looms of 45 picks.

Under the demands the strikers would work on the so-called one loom schedule, which would mean that their wages would be doubled.

At present the mills are working night and day to fill United States government orders for cloth. These mills weave all the cloth used by the government army and navy departments.

Strike May Spread

The strikers claim that the strike will spread to the three mills of the Slater company by Monday unless an amicable adjustment is effected before then. The South Village mills will close today, in all probability. It is said, and 1500 hands will quit work when the order is given.

For the past two weeks the strikers' wage scale committee has held a series of conferences with the management of the mills, as represented by Manager Spaulding Bartlett, Superintendent Edward Kirk and Assistant Superintendent H. J. Otis.

The mills are controlled by Mrs. Mabel Hunt Slater of Boston and are conducted by a board of three trustees for Mrs. Slater and her minor children.

STUNG BY WASP

Lady Molesworth Dies Within Twenty Minutes

TREWARTHEN, Cornwall, England, Sept. 25.—The sting of a wasp today killed Lady Molesworth, formerly Miss Jane Frost, second daughter of Brig.-Gen. Frost, U. S. A., of St. Louis. She was married to Sir William Molesworth.

The wasp stung the lady on the jugular vein and she passed away within 20 minutes.

Avoid Catarrh

Breathe Hyomei—It Medicates the Air You Breathe and Instantly Relieves

Why continue to suffer from catarrh, stopped up head, husky voice, and other troubles of the breathing organs, when there is an absolutely certain, scientific remedy at hand.

Hyomei is the remedy. It is a pleasant, harmless and antiseptic medication which you breathe through a small inhaler. Breathing a few times daily through the inhaler charges the air with this germ-killing antiseptic. Catarrhal discharges, snuffles, foul breath, watery eyes and the formation of crusts in the nose are promptly relieved by this medicated air.

It is guaranteed by Carter & Sherburne to do it, or money back. A complete Hyomei outfit, consisting of a strong, hard rubber pocket inhaler and a bottle of Hyomei costs only \$1.00, and extra bottles, if afterwards needed, are only 50 cents each. Druggists everywhere sell Hyomei.

Use Hyomei for bronchitis, coughs and cold in the head, husky voice, croup of infants, and any inflammatory disease of the breathing organs.

A Remarkable Offer

I tell the people of Middlesex County that outlandish claims in newspapers don't constitute bargains. If I advertise to make you a suit for \$12.50, you know that if I don't get much of a profit, I, at least, can't be making much of a loss at that price, or I could not have been selling at such loss for the last six years without going broke.

A bargain to my mind is the purchasing of an article at a price lower than equal quality can be bought elsewhere—provided the article you buy at such price is an article that you need and can use.

LISTEN—Fall and Winter Suits you can use now and are needed. For \$12.50 there is no merchant in this city selling Fresh Fall Suitings of any quality whatever worthy of the name. I repeat it—not one—bar none—there is no merchant in this city selling wool worsted suitings for \$12.50. You can get cassimeres all over the land for \$12.50, but cassimeres are not worsteds any more than coffins are not overcoats.

Now then, the price being settled, quality remains to be proved. When I speak of worsteds, I don't want you to think I am going to bring you into my store and sell you cotton worsteds. I won't buy cotton worsteds so I can't sell you cottons.

I WILL SELL YOU FRIDAY AND SATURDAY THE GREATEST SUIT OFFER I EVER MADE TO THE PEOPLE OF LOWELL.

BRAND NEW, FRESH FALL, HEAVY WEIGHT WOOL WORSTEDS

Not Alone Pretty Good For the Money, But Without Any Ifs, Ors and Ands, Very, Very Good For Twice the Money. Apply one test and let your order rest upon the result. Namely:

Compare these goods with the suit on your back

Suit or Overcoat Made to Order

CARBONOL

For The Sick Room

CARBONOL is very effective in preventing disease by killing the germs and destroying unhealthy gases. In the sick room it should be used to wash all dishes and utensils and bed linen, to prevent contagion.

After sickness the floors and woodwork should be washed with water containing a little Carbonol, before others use the room. It is a powerful disinfectant.

Scores of other uses.

DR. HALLOCK'S ELVITA PILLS

60 YEARS OF CURES

\$1 BOX FREE

Great Nerve Remedy and Reconstructive Tonic for Man or Woman

Are you all run down? Are you discouraged? Are you melancholy? Have you weak kidneys, with pains in back and legs? Are you threatened with paralysis? Are you a nervous wreck? Are you blue and dependent? Then send for a box of ELVITA PILLS. For each man, woman and nervous people, nervous exhaustion, nervous dyspepsia, and weakness of all kinds and from whatever cause, stops all weakness. A blood producer and a blood purifier, gives strength, vitality, a restful invigorator. A single package proves their great qualities. Makes men powerful, giving strength, courage and reserve nerve power. Used by private practice for 60 years.

10 per box. Regular \$1 box from post paid in plain package on receipt of 10 cents to pay postage.

DR. HALLOCK'S ELVITA PILLS FOR ALL BLINDERS AND KIDNEY COMPLAINTS. \$1 per box.

DR. HALLOCK'S FAMOUS ELVITA PILLS GIVING REMEDIES are for sale at all reliable druggists, or sent by mail in plain sealed package on receipt of price. OUR MEDICAL BOOK and all necessary instructions could be read by every man. Sent free.

DR. HALLOCK CO.
114 COURT ST., BOSTON, MASS.

PELHAM GRANGE

Held Its Annual Fair Yesterday—Big Crowd and Good Exhibits

The annual fair of the Pelham Grange was held yesterday at Pelham, N. H., the exhibits being displayed in Pilgrim hall and in a tent on the grounds nearby. A large number of people from the surrounding towns and farms visited the fair and aided in making it an event of marked success. The ideal condition of the weather was favorable to the efforts of those in charge, in furnishing pleasure to all present.

As usual, everybody entered into the spirit of the fair and worked with their accustomed earnestness. The number of articles contributed to the various classes of exhibits was large. Following the usual custom, the upper portion of the hall was used for displaying the fruit and fancy work. Also the various curiosities, old and new, which were received from various sources.

There were some very fine specimens of skillful needlework, several beautiful pieces having been sent in by children. The premiums were awarded as follows:

General exhibit: Mrs. Lena Cloyd Kester, first; Eva Richards, second. White embroidery: Mrs. F. M. Woodbury, first; Miss Glenna Crosby, second. Cotton crochet: Mrs. Emma Wiggin, first; Mrs. John Carr, second. Woolen crochet: Mrs. Sarah Marsh, first; Miss Edith Spear, second. Sofa pillow: Mrs. Grace Colman, first. Special awards to Lucy Lyon for a rose petal chain, and to Hazel Richards for a dressing sacque. Children's work: Woolen caps: Claude F. Wiggin, quilt: Grace Lewis. Bureau scarf: Roseanne and Blanche Ducharme. Sofa pillow: Lillian Mann and Estelle M. Rose.

The committee in this department were Miss Mary C. Hobbs, Mrs. Howard Chase, Miss Mabel Gull. The judges were Mrs. Arthur D. Prince of Lowell and Mrs. Chester Queen and Miss Davis of Tyngsboro.

There were several fine exhibits of fruit and the apples were especially noticeable in every case. W. H. Peabody displayed a number of cases of finely selected apples, and a special exhibit, and he won several premiums. R. H. Currier also made a fine showing of fruit. There was a wide variety of preserved fruits on exhibition.

Vegetable Arrands
In a large tent on the grounds near the hall, were shown the vegetables and the poultry. The vegetables were of an excellent quality and attractively arranged. Those who won premiums in this class were the following: Hubbard squashes and potatoes, Charles Kent; parsnips, Fred Lyon; onions, Lucy Lyon; tomatoes and carrots, C. S. Finamore; potatoes, D. H. Hubley. Other winners were A. Peabody, E. Landry, Joseph Gullery, C. J. Carleton.

Poultry
The poultry exhibits were the subject of many commendatory remarks on the part of those who took occasion to view them yesterday. Indeed they were well deserving of the praise which they received. Among those who contributed to this class were H. Landry, Mrs. A. H. Herbert, Charles Kent, Ella Finamore, George C. McEwan, C. N. Gull, E. C. Peabody, N. H. Nutting, Mary M. Marsh, Clarence Fox, E. L. Coombs, and Stone Cottage Farm. The latter especially had a large exhibit of the finest quality.

A bounteous repast was served at noon and following this was an entertainment. In front of the library was an orchestra which rendered a concert of several pleasing numbers. The principal speaker was Wesley Adams of Derry, overseer of the New Hampshire grange. Among other things, he advised the farmers to give more than usual attention to the raising of fruit.

There was a small cattle show and a driving horse contest. In the former the honors went to the Ayreshire herd of Crosby Brothers and in the latter, The Merrimack Valley Breeders' Association won first and John Peabody, master of the Pelham grange. He was assisted by an enterprising committee.

The boys and girls, as well as the older folks enjoyed the sporting events which were on the program. There was a ball game, races and jumping, and weight throwing contests. A great deal of the credit for the success of the fair goes to Arthur Croxon, who was master of the fair.

OLD FOLKS FIND CROXON RELIEVES ALL KIDNEY AND BLADDER MISERIES

Drives Rheumatic Pains Away, Few Doses Relieve Backache and Bladder Disorders

Sleep disturbing bladder weakness, backache, rheumatism, and the many other kindred ailments which so commonly come with advancing years, need the longer as a source of dread and misery to those who are past the middle age of life.

Croxon relieves all such disorders because it reaches the very cause of the trouble. It soaks right into the kidneys, through the walls and linings, cleans out the little filtering glands and cells, and gives the kidneys new strength to do their work properly. It neutralizes and dissolves the poisonous uric acid substances that lodge in the joints and muscles, causing rheumatism; and makes the kidneys filter and sift out the poisonous wastes from the blood and drive them out of the system.

It matters not how long you have suffered, when he found out the cause of the trouble, he was able to take it up by several of his friends. There is nothing else any officer. He went to work immediately, and in a few days even the most of them killed him. An original package of a soldier detailed and all druggists and chemists should have it.

FIND SKELETON OF CHILD

The Snell Mansion at Clinton, Ill. Yielded Another Sensation—Bones Found in Wall

BLOOMINGTON, Ill., Sept. 26.—The mansion at Clinton, Ill., erected forty years ago by Col. Thomas Snell, yielded another sensation yesterday when it was learned that the skeleton of a child in a home-made coffin had been found concealed within a wall.

Workers tearing down the residence made the discovery, which adds another chapter to the stormy history of Colonel Snell, who died about seven years ago, and for whose fortune a famous fight was made in the courts of Illinois.

The workers put the box in the yard and it remained there two days before it was turned over to the police. A hurried inquest was held, an open verdict was returned, and the town supervisor took charge of the body, burying it in the public cemetery.

"We have no idea as to how long the body has been in the wall," said O. F. Burr, Clinton's chief of police. "The box must have been concealed

many years ago. Col. Snell himself built the mansion about 40 years ago and lived in it up to the time of his death. The house, has been occupied since that time by one family, though vacant practically a year."

The story of Col. Snell's wife was told in the courts at three trials when Richard Snell broke his father's will on the ground that the old man was of unsound mind.

It was brought out that the lure of gold led at least one husband to consent to his wife's selling her affections to the banker, while both, it was charged, conspired in attempts to gain more gold by holding out their 15-year-old daughter as a lure.

Other letters were offered to prove that Mrs. Mabel Snell-McNamara, grandniece, profited more by the will than anyone else; that Col. Snell had practically disinherited his only son, and that during the life of the elder Snell Mrs. McNamara had received annually cash gifts amounting to many thousands.

THE GREEKS HAVE REMOBILIZED

Officers and Soldiers Recalled for Active Service, Owing to Recent Activities of Turkish Troops

LONDON, Sept. 26.—A despatch to a London news agency from Athens this forenoon says:

All Greek officers have been recalled for active service with their commands and many of their regiments disbanded after the conclusion of the campaign against Turkey are now to be remobilized. The activities of the Turkish troops are believed by the Greeks to foreshadow an attempt by them to recapture the port of Kavala on the Aegean sea which cost Greece so much in blood and treasure to wrest from the hands of the Bulgarians during the fighting which broke out between the two former allies after the cessation of hostilities against Turkey.

Turkish officers now on their way from Asia Minor to the province of Thrace openly admit that Kavala is the objective of Ottoman aspiration. Greek official circles deride Bulgarian denials of the reports that common action is contemplated by Bulgaria and Turkey against Greece. Some officials declare that they know negotiations to that end have started in Constantinople.

OUTPUT IN 1912

Cal. Produces Over \$26,000,000 in Gold and Other Metals

The mine output of gold, silver, copper, lead and zinc in California in 1912, according to Charles G. Yale, of the United States Geological Survey, was valued at \$25,363,946, an increase of \$1,292,265 over the corresponding value for the year 1911. The increase is due mainly to a gain in yield of gold from deep mines, increased value from copper and silver, and increased output of zinc. The greatest gain was in the value of copper and was due to an advance in commercial value of the metal, the quantity produced was materially less in 1912 than in 1911. To a less degree the same may be said of silver; and the zinc quantities and values also increased.

The mine production of gold in 1912 was valued at \$15,713,475, a nominal decrease of \$28,430 from 1911. The output of silver was 1,206,115 fine ounces, valued at \$3,959,834, an increase of 27,691 ounces in quantity and of 125,424 in value. The production of copper was 32,431,672 pounds, valued at \$5,512,556, a decrease of 2,864,464 pounds in quantity but an increase of \$500,909 in value. The output of lead was 1,157,321 pounds, valued at \$1,515,472, which is a decrease of 323,350 pounds in quantity and of \$11,403 in value. The output of zinc was 4,315,591 pounds, valued at \$2,593,586, an increase in quantity and \$139,845 in value.

There were 1,041 metal-mining plants in California in 1912, of which 532 were deep mines and 509 placers of various kinds. This shows a total decrease of 140 producing mines in 1912. There were 470 deep gold mines, 12 silver, 24 copper, 25 silver-lead-zinc and 1,041 metal-mining plants in California in 1912.

Of the placer producers 141 were hydraulic mines, 63 dredges, 146 drift and 157 surface or sluicing mines. There were 64 less deep and 16 less placers producing in 1912 than in 1911.

The deep mines of California produced 2,641,657 tons of ore in 1912, a decrease of 555,774 tons. Of this output 2,225,429 tons was siliceous ore, 455,222 tons copper ore, 574 tons lead ore and 472 tons zinc ore. The siliceous ore output decreased 70,915 tons, the copper ore decreased 35,559 tons, the lead ore decreased 104 tons, and the zinc ore increased 1547 tons.

yielded \$8,645,663 in gold and 35,552 ounces of silver, valued at \$11,925, a decrease of \$332,895 from the placer output of 1911. The hydraulic mines showed an increase of gold output of \$1,184, the drift mines a decrease of \$236,506, and the surface placers a decrease of \$26,646 in gold. The placers produced 43.86 per cent. of the total gold yield of the state and the deep mines 56.14 per cent. The dredges produced 37.65 per cent. of the entire output of gold in the state in 1912 and \$2.93 per cent. of the placer gold. The total gold-dredge output of California from 1879, when only \$205,302 was produced, has been \$55,415,121, including the \$7,429,951 obtained from this source in 1912.

The following table shows the mine output of California by counties in 1912:

Tango Campers, Associate, Fri. eve.

J. Adams Bartlett of Chelmsford, James Emerson, Chelmsford, David Dickson, the local merchant and William Arnold have returned from a recent trip of 2800 miles to Savannah, Ga., Atlanta, Ga., and Chattanooga, Tenn.

ASK ANY OF THE PRESENT OCCUPANTS

How they like the New Sun Building

and without a single exception they will tell you that they are delighted with it. Many of them say that they would sooner think of going out of business than return to their former location. This modern fireproof building has many attractive features not obtainable in any other office building in the city. To begin with its ideal location in the heart of the business section at Merrimack square where all car lines pass; its magnificent entrance, its double elevator service, day and night, seven days in the week; its absolutely fireproof construction, eliminating the danger of fire, and reducing the insurance rate to a mere trifle; its light, airy and healthful rooms; its sanitary toilets; hot and cold water; its splendid electrical conveniences; its excellent free janitor service, including office and window cleaning. The general tone and character of the building appeal to the better class of business and professional men and women. There is a number of splendid offices still vacant, although the building is filling up rapidly. Now is the time to secure a reservation before the best offices are all taken.

Special inducements are offered to desirable tenants.

TWO FALL EIGHTY FEET AND LIVE

Workmen Drop Into East River, New York—Sink to Their Shoulders in Mud—Dragged Out Alive

NEW YORK, Sept. 26.—At 130th street and East river they are building a railroad bridge and to do it are sinking deep caissons under the surface of the water. Pairs of workmen toil in two hour shifts at the bottom of these shafts and emerge crawfish-like for air.

Yesterday two men just starting down a hundred foot tube lost their footing near the top and plunged 80 feet down into the muck at the bottom. Neither was killed. Pulled out shoulder deep in the ooze, they were taken to Lincoln hospital, where it was said last night that both men have a chance of recovery.

To reach the caisson where the men worked it is necessary to go out about a hundred feet over the river on a runway that supports a narrow gauge track for disposing of the dirt taken from the river bed.

The men, Owen Gilson, 31 years old, a laborer, of 237 West 143d street, and Albert Dalley, 33 years old, a helper, of 1076 Lexington avenue, had watched a pair of mud-soaked workmen get out of the caisson and were ready to go down for their turn yesterday morning.

Lighted With Candle

Dalley started first and Gilson, carrying a lighted candle, followed him. To reach the bottom they had to crawl down steps on the inside of the caisson.

When they had gone down twenty feet Gilson missed his footing and fell, carrying Dalley with him to the bottom. Workmen near the opening of the caisson heard a noise and believing that something was wrong went to the mouth of the tube. The men should have been only part way down and nothing could be seen of them.

Dr. E. Warren Presley, who does the medical work for Arthur McMillen, the contractor who is building the bridge, went down the latter after the men. He called a couple of workmen to come with him, and they carried their emergency kit and a coil of rope.

Way below in the moist darkness of the excavation they found the two men. They had had almost the shaft and plunged, feet foremost, into the soft mud. The doctor said that the force of the fall had injured the men nearly up to their shoulders.

Three Men Drag Them Out

It took all the muscle of the three rescuers to drag the half-conscious workmen from the mud. They were carried to the surface and brought to the top of the caisson. The men were taken away to a hospital.

An ambulance was ready to take them to Lincoln hospital. There the doctors found that both Dalley's legs were broken and that Gilson had a compound fracture of the right leg. Both men were hurt internally.

The doctors said that it was little short of a miracle that the two men were alive at all.

WALSH REPLIES

Willing to Accompany Bird on Tour of the State

WESTFIELD, Sept. 25.—Lieut. Gov. David I. Walsh spoke to 300 voters in the town hall here last night at an open meeting of the David I. Walsh Democratic club. He was greeted with much enthusiasm. Richard J. Morrissey presided.

Mr. Walsh in opening, expressed his appreciation for the organization of the club that bears his name and said: "While I cannot personally repay my friends for their devotion, loyalty and enthusiasm, I do pledge myself to give in return if elected governor, the best there is in me, in endeavoring to better the government under which we live."

"I do not wish to conduct a campaign on narrow lines. My desire is to interest the people in their government and inspire them to study the problems that are constantly confronting them."

Mr. Walsh has invited me to accompany him on his tour of the state. I will accept if he will agree to stand with me dollar for dollar in the expenditure of money during this campaign. I wish to present two fundamental issues for this campaign, first, a free election, and second, a free election. Thousands of men are kept away from the primaries because of the requirement that they declare their political publicly. This is distasteful to a free, independent American citizen. As to free elections, the poor man is entitled to equality in his effort to reach public office. Money should not be allowed to become a factor in the campaign. Brains and ability only should count."

Mr. Walsh then outlined some of the ways in which money is spent lavishly in a campaign, such as for the hire of halls, of conveyances and in advertising. He continued:

"If I am elected governor I will stop this expenditure of money and give the poor man a show. I would suggest that the commonwealth send out a pamphlet giving each candidate equal space and then mail to every voter a copy of the pamphlet. This would be fair to all the candidates. I would have each municipality furnish free of cost a hall for every party for at least one evening during the campaign. I would have the election day workers and all conveyances gone away with except a limited number of conveyances paid for by the state for the infirm and the sick. I would have a system of compulsory voting. An American citizen who fails to vote on election day is on the par with a deserter."

MASS. W. C. T. U. TO MEET

WORCESTER, Sept. 26.—The annual convention of the Mass. W. C. T. U. will be held here on Oct. 3 and 4. The report of Mrs. Catherine Stevenson, state president, will be presented at the opening session. The other day will be occupied largely by department routine.

LOWELL TO PLAY IN FITCHBURG

Champions Play Last Game Tomorrow With Semi-Pro. Team—Zieser Leaves Lowell Tonight—Silk Shirts Presented

The Lowells finally decided to play Fitchburg in Fitchburg tomorrow afternoon and arrangements were completed for the game this morning. The team will journey to Fitchburg on a special guarantee of the privilege of 50 per cent. of the total gate receipts. Henderson and Maybabin will be the two pitchers who will accompany the team.

The Lowell team will start its integration process tonight, when "Matty" leaves town en route for Chicago. Zieser will not join the Red Sox until they start on their training trip next spring.

The much talked of silk shirts were presented to the members of the Lowell club this morning by Mr. Gray and the boxes were eagerly unpacked by the recipients. Tom Daly made the trip from Boston for his half dozen silk shirts. Each player as he was presented with his box of shirts, spoke a few words of appreciation.

OPALS FOUND STRUCK SHOAL

Valuable Discoveries Stranded Vessel First

in Nevada—Gem Associated ith Wood Ever to Go Free if Once Caught

Mention has been made of the opal deposits of Virgin Valley, Humboldt county, Nev., in the chapter on precious stones in several of the annual reports on the mineral resources of the United States, published by the United States Geological Survey. The quality of the opals was thus described in the report for 1912:

"The best gem opal from this region is uncolored in variety and brilliance of hue and color by that from other localities. The cut gems exhibit conventional flashes of green, blue, yellow and red of various shades. In some the color is uncolored except the whole stone or over large areas, changing as the gem is turned from green to red or from red to blue, and so on. Some of the gems show a rich ultramarine blue in one position with green or red in another. Many gems display various bright colors arranged in patches, and each patch changes color as the stone is turned. The brilliant flashes of peacock-like colors obtained from the opal of dark color yields a gem which might be called black opal, but most of it is not like the Australian gem of that name, since it occurs in thick pieces and the colors are less localized. The majority of the dark-colored gems, no matter how beautiful in reflected light, become a rich reddish-brown color in transmitted light. Lighter-colored opal with good color and fire is also found and cuts into very beautiful gems."

The locality was visited by Douglas B. Stewart, for the geological survey, August 15, 20 and 21, 1913, for the purpose of procuring information for the report on mineral resources for 1913 and for an enlarged report on precious stones to be prepared during the course of the next three years.

Opals Found in Tightly Settled Region

The locality is in Virgin Valley, in northern Humboldt county. The nearest post office or small town is Delta, Ore., situated on the Nevada line. The opal field is about 35 miles southwest of Delta and may be reached by automobile or team from that town or from Cedarville, Cal. Delta may be reached by stage, auto, or team from Juntura or Winnemucca, Nev., a distance of about 35 miles and 110 miles, respectively.

All the opal claims that have been located were not visited by Mr. Stewart, but several of those from which valuable gem material has been obtained were examined. The occurrence of the opal is similar at the different localities. The matrix consists of veins of greenish clay enclosing pebbles and shreds of chert and other rocks with varying quantities of petrified wood. The opal-bearing clay beds are interbedded with other strata of white, gray and yellowish, more or less consolidated mud, sand, or gravel. These formations contain a large proportion of volcanic ash and breccia and are overlain by basaltic lava. The formations lie nearly flat with dips rarely exceeding 10°.

These formations have been disturbed by the primary faulting of the region, the faulting being in the form of a series of small faults, each of which has elevated the opal-bearing strata to different levels. The opal deposits examined by Mr. Stewart are located on a level elevation having a surface of about 5,000 feet above sea level. Erosion has exposed the formations in different positions, so that the opal strata outcrop in places as bands in cliffs or steep hillsides or form blanket beds over small areas under mesas and plateaus.

The opal-bearing clay is sticky and gumbo-like when moist, but on drying it swells and cracks apart to a crumbly mass. Pick and shovel and horse scrapers are required for surface mining and the former will probably answer all purposes for underground mining.

Gems Associated With Wood

The greater part of the precious opal is associated with petrified wood, generally forming a coat of twigs, limbs, bark, parts of tree trunks, or roots or occurring as seams or deposits in or around petrified wood in which the original texture of the wood is beautifully preserved.

Opal has been made in cutting the Nevada opal too soon after it has been mined. Time should be allowed for proper seasoning of the stone without exposure to dry air, so that any excess of moisture may be lost slowly without causing the gems to crack.

The opal field has been very slightly developed but has probably yielded over \$20,000 worth of rough gems. A few hundred specimens worth several hundred dollars apiece and many fine gems worth \$3 to \$100 apiece have been obtained, and the prospects of the field as a producer of valuable opal are bright.

WILL NOT ASK DIVORCE

MRS. BLAKE, WHO HAS SUED MRS. MACKAY, WILL SEEK A SEPARATION

NEW YORK, Sept. 26.—A report that Mrs. Joseph A. Blake, wife of the former superintendent of the Presbyterian hospital, and a noted surgeon, had begun an action against Mrs. Clarence Mackay to recover \$100,000 for the alleged seduction of her husband's attractive, was commenced yesterday by George Gordon Batte of the law firm of O'Grady, Battle & Mathews, who is counsel for the complainant.

Mrs. Blake will seek a separation, but not a divorce, as she has no intention of leaving her husband.

LOWELL OPERA HOUSE

All baseball fans who have never seen the procedure of seeing the game, and who would like to see the game, should go to the opera house today where the game will be seen in the big hall. The game will be seen in the big hall, and the game will be seen in the big hall.

BIG DEMOCRATIC RALLY

To Be Held in Associate Hall on Monday Night — First Gun in Campaign Battle

The democratic state committee will start the campaign fight with a big rally at Associate hall, this city, Monday night. Arrangements have been made for the rally and all the candidates of the state ticket are invited.

The rally has been planned by Judge Riley, chairman of the democratic state committee. Edward P. Barry, the democratic candidate for lieutenant-governor, is after the resignation of Chairman Riley, but the latter says he is going to stick it out.

"I will pay no attention to the demand of Mr. Barry that I resign. I am chairman of the democratic state committee, chosen by the party, and I intend to stay and run this campaign," quoth Mr. Riley.

The speakers at the rally to be held Monday night will include Lieutenant-Governor Walsh, Edward P. Barry, candidate for lieutenant-governor, John B. McCloskey, candidate for county com-

missioner, Senator Edward Fisher, Senator Henry J. Draper, John J. Hogan, candidate for councillor and other candidates on the state ticket.

Other Fellow's Troubles

While there is dissension in the democratic ranks to the extent that Mr. Barry and others desire the resignation of Chairman Riley, there is a similar situation prevailing on the republican end where Congressman Gardner, candidate for governor, demands the resignation of Chairman Hatfield of the republican state committee. The latter has served notice that under no circumstances will he quit the state committee and that it is his intention to do everything in his power to elect the republican candidates throughout the state. The request for Hatfield's resignation has started a fine row in the republican party and there is no telling where it will end. Gardner's campaign is at a standstill.

TARIFF MAKERS

Will Meet Again Today to Settle Disputed Points

WASHINGTON, Sept. 25.—Another day's work on disputed points between the senate and house on the Underwood-Simmons tariff bill brought the conferees together today with the hope that a report might be finished for presentation to the house tomorrow. The parliamentary rule which requires such a report to lay over a day puts the finishing touches of the tariff bill over to next week. Disagreements on the time when free raw

MURDER OF WIFE

Defence Rests in Smith Trial—Mother of Defendant on Trial

SPRINGFIELD, O., Sept. 25.—After examining 17 witnesses, the defence in the second trial of Dr. Arthur B. Smith, charged with poisoning his first wife, Florence Caviller Smith, rested its case yesterday afternoon.

The feature of the day was the testimony offered by the 73-year-old mother of the defendant, who was recalled by the state. The witness was questioned concerning letters she received from Mabel Merchant, Dr. Smith's second wife, whom he married less than seven months after his first wife's death. Miss Merchant was in Newton Highlands, Mass.

The state's attorney asked if Miss Merchant had not written from that place, saying that she had a feeling of some impending danger and that she wished her marriage to Arthur was over. This was before his arrest last November.

The mother of the defendant denied that Miss Merchant had written her that the writer had shown Viola Durbin, a diamond ring which she said was her engagement ring or that she had told Viola Durbin that she was to marry a widower whose wife had been dead a great many years.

In rebuttal, the state has called a great many leaders in the local society set, many of whom testified yesterday. Their testimony had to do with a line of defence that about the middle of February Mrs. Smith had a severe heart attack on an interurban car.

The witnesses gave a long list of receptions, parties, drama class meetings and musicals which they said their diaries showed had been held from Feb. 13 to Feb. 19, 1913, and that Mrs. Smith attended these affairs. An attachment was issued for the arrest of Miss Clara H. Hest, one of the state's witnesses, who at the first trial testified about seeing flowers sent to Miss Merchant.

HELD UP BY GOVERNMENT

JUDGE ALDRICH FILES OPINION IN ACTION OF UNITED STATES IN GRANT CASE

CONCORD, N. H., Sept. 25.—Judge Aldrich in the United States district court has filed an opinion in the action of the United States vs. certain lands in Low and Burbank grant, in which he holds that the state is estopped in imposing conditions for their acquisition by the United States by the condition set up in the enabling act passed by the legislature authorizing the government to acquire lands in the north country for the establishment of a forest reserve to protect the headwaters of navigable streams which gave to the state as its only right to enter upon land so ac-

quired for the service of water in civil and criminal processes. Under the amended answer to the suit against the land in question the state sought the right to enter the property and take land for highway and other purposes under the power of eminent domain by mutual agreement with the government.

HOUSTON MAKES APPOINTMENTS

WASHINGTON, Sept. 25.—Secretary Houston of the department of agriculture announced today the appointment of L. M. Estabrook, now clerk, as chief clerk of the bureau of statistics in place of Victor Olmstead, transferred; R. M. Reese, private secretary, as chief clerk of the department and W. F. Callender as his private secretary.

CITY OF LOWELL

Notice to Voters

All persons claiming the right to vote at the coming elections and desiring to be registered as voters are hereby notified to appear before the Board of Registrars of Voters to present evidence of their qualifications at sessions to be held as follows, to wit:

At the Office of the Board of Registrars in the basement of City Hall.

Thursday, October 2, from 1 to 3 and 7 to 9 o'clock P. M.

Friday, October 3, from 1 to 3 and 7 to 9 o'clock P. M.

Tuesday, October 7, from 1 to 3 and 7 to 9 o'clock P. M.

Wednesday, October 8, from 1 to 3 and 7 to 9 o'clock P. M.

Thursday, October 9, from 1 to 3 and 7 to 9 o'clock P. M.

Friday, October 10, from 1 to 3 and 7 to 9 o'clock P. M.

Tuesday, October 14, from 1 to 3 and 7 to 9 o'clock P. M.

Wednesday, October 15, from 12 M. to 10 o'clock P. M., which will be the last day of registration.

After 10 o'clock in the evening of the said last day of registration no name will be entered on the voting list unless it be the name of a voter who has been previously examined as to his qualifications since March 31, 1913.

Applicants must bring their tax bills and naturalized persons their final papers.

Corrections in the list as posted will be made at any session.

"A Thank You", and A Request

THE P. & Q. Shop in LOWELL has been open just a year. It has been a successful year, THANK YOU. From the first day until today, we have striven sincerely to "mind our P's & Q's"; to sell you only first class, stylish, finely-made clothes at prices that never go "up and down"; that never "teeter-totter"; but that are "always on the level" at the start of the season and at the end.

The past year has far exceeded our expectations. Thousands of P. & Q. garments are being worn by the men of LOWELL. We thank every one of these men for their patronage.

HERE IS OUR REQUEST: If any man in this City feels that he has any complaint whatsoever to make regarding either P. & Q. Clothes or P. & Q. Service, we request that he come here at once and make known his complaint. Every P. & Q. garment is sold under a binding, "money-back" guarantee and if any man has bought a P. & Q. Suit or Overcoat which has not served him faithfully and well, he owes it to himself and to us to come here-at once and let us "make good"

This is an earnest and sincere request, and means just exactly what it says. For the new year, we shall endeavor to merit your continued patronage, by offering you stylish garments of such excellence of fabric and workmanship, that your own judgment will compel you to buy.

FIRST PICTURE SHOWING GATUN LOCKS, ON PANAMA CANAL, FINISHED AND WATER LET IN

GATUN LOCKS, PANAMA CANAL, COMPLETED, WITH WATER LET IN
PHOTO. BY AMERICAN PRESS ASSOCIATION

This picture is the first photograph taken on the Panama canal showing the water in the Gatun locks and in the great Gatun lake, which is now rapidly filling. The Gamboa dike, the only barrier now existing between Gatun lake and Culebra cut, will be destroyed by dynamite on Oct. 10. The Gatun lake, originally intended to be about 110 square miles in extent, will cover an area of more than 200 square miles. It was constructed to overcome the obstacle to the construction of the canal caused by the constant overflowing of the Chagres river, which in the days when the French engineers were at work on the cut set at naught all their efforts. The Gatun locks are seventy-nine feet high and 1,000 feet long.

PANAMA CANAL Association of Builders is Formed — Colonel Goethals a Member

WASHINGTON, Sept. 26.—When the big steam shovels were withdrawn from Culebra cut Sept. 10 there remained 600,000 cubic yards of earth to be removed from the Panama canal prism, exclusive of slides that had fallen in and inclines left to facilitate access to the bottom of the cut. The slides had been showing increased activity but were no longer regarded by the engineers as of moment, because the earth thus carried into the cut can easily be handled by the great dredges to be fitted in when Gamboa dike is removed. It is 31 years since the French engineers began to excavate this famous cut. Long machinery that was tiny in comparison with that of the Americans, they removed the enormous amount of seventeen million yards of material from the cut. The association of Panama Canal Builders has been formed on the isthmus to furnish its members with information of the construction of this great engineering work. Col. Goethals has consented to sign the certificates of membership. A memorial volume will be compiled containing the names of all the canal workers, photographs of features of interest and dates of historic importance.

TWO SOLDIERS KILLED

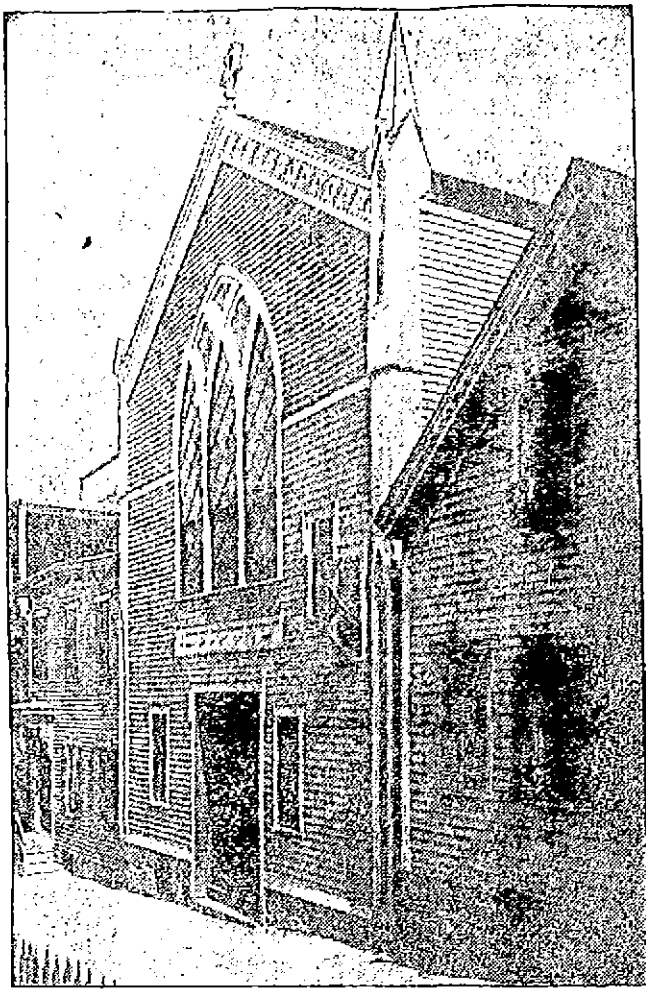

WHEN THEY ATTEMPTED TO CAPTURE GERMAN ARMY OFFICERS STRIKER

PARCHIM, Germany, Sept. 26.—Two German soldiers were killed and one severely wounded last night by an army officer's striker whom they were attempting to capture after he had been detected in a robbery. He then committed suicide. The striker was attached to an officer of dragoon regiment stationed here. When he found he had been seen committing the theft he fled to an attic of the barracks and was pursued by several of his comrades led by an officer. He was armed with two ordnance revolvers, with which he shot three men, two of them fatally, and then killed himself with the last cartridge.

A "striker" is a soldier detailed as an officer's body servant.

JUST ONE TRIAL TO PLEASE YOU

THE JEWISH NEW YEAR

MCINTIRE STREET SYNAGOGUE

Holidays Will Begin Next Wednesday—Services Will be Held in Local Synagogues

Final arrangements for the observance of the Jewish New Year holidays, which begin next Wednesday, have been completed and a larger attendance is expected at the services this year than at any in the past.

The Jewish New Year comes October 2, and next Wednesday every Hebrew in this city and throughout the entire world will observe these holidays and attend services in the various synagogues and temples. They are considered among the most important of all the holidays on the Jewish calendar.

Services will be held in the Howard and McIntire street synagogues beginning Wednesday night and continuing until Friday. It is understood that all the Jews, including the juveniles, will be excused from work during the holidays. Jewish soldiers and sailors when in uniform, who desire to attend the services will be welcomed in the synagogues in this city.

Arrangements are to be made with the superintendent of schools to have all Hebrew children excused from studies during the two holidays and it is said that they will be allowed to make up their lost studies on their return.

No work or business of any kind will be undertaken during the Jewish holidays unless it is absolutely necessary or work of charity. Services will be held twice a day and it is expected that all will be well attended.

New Year cards containing the customary wishes in both Hebrew and English will be sent and received in large numbers. Many will be sent from this city to friends or relatives across the ocean while they will also be sent to and received from all parts of the United States.

Day of Atonement

Another important day on the Jewish calendar is the Day of Atonement, which comes October 11. This holiday is known to the Jews as "Yom Kippur" and is observed from sunset October 11 to sunset on the next evening. The Jewish people spend the entire day in the synagogue praying for the forgiveness of their sins. "Yom Kippur" is a strictly fast day and the worshippers do not taste either food or water. Rabbi Wolfson will officiate at the services on this day and also at all services that are to be held during the observance of the Jewish New Year.

CAN'T USE SHINGLES

They are Barred Within the Fire Limit and Com. Cummings Issues a Warning

Several complaints have been received at the office of the superintendent of buildings at city hall, to the effect that a number of houses within the fire district are being shingled, which is a violation of the building ordinance of Lowell. As a result of those complaints Commissioner Cummings issues a warning to all concerned that whoever violates the ordinance in shingling a house, will be prosecuted according to the law.

That part of the ordinance referring to the shingling of houses is contained in section 65 of the building ordinance and is as follows:

The weather covering of all roofs, eaves, gables and parapets, within the fire limits shall be made of non-combustible material. No shingles, tar, tar paper, composition, resin, felt or wood-work shall in any way be exposed on any roof or its appendages.

Every composition roof of whatever kind shall be protected with a permanent covering of some fireproof material, such as gravel, crushed granite or slag, subject to the approval of the inspector.

Provided, however, that for the purpose of a photographer's printing room or a roof extension of an elevator shaft, a frame addition properly supported and not over ten feet high may be erected on a roof of any building, the sides and roof of such addition to be covered with fireproof material and its total floor area not to exceed 125 sq. feet of the area on the roof on which it is erected.

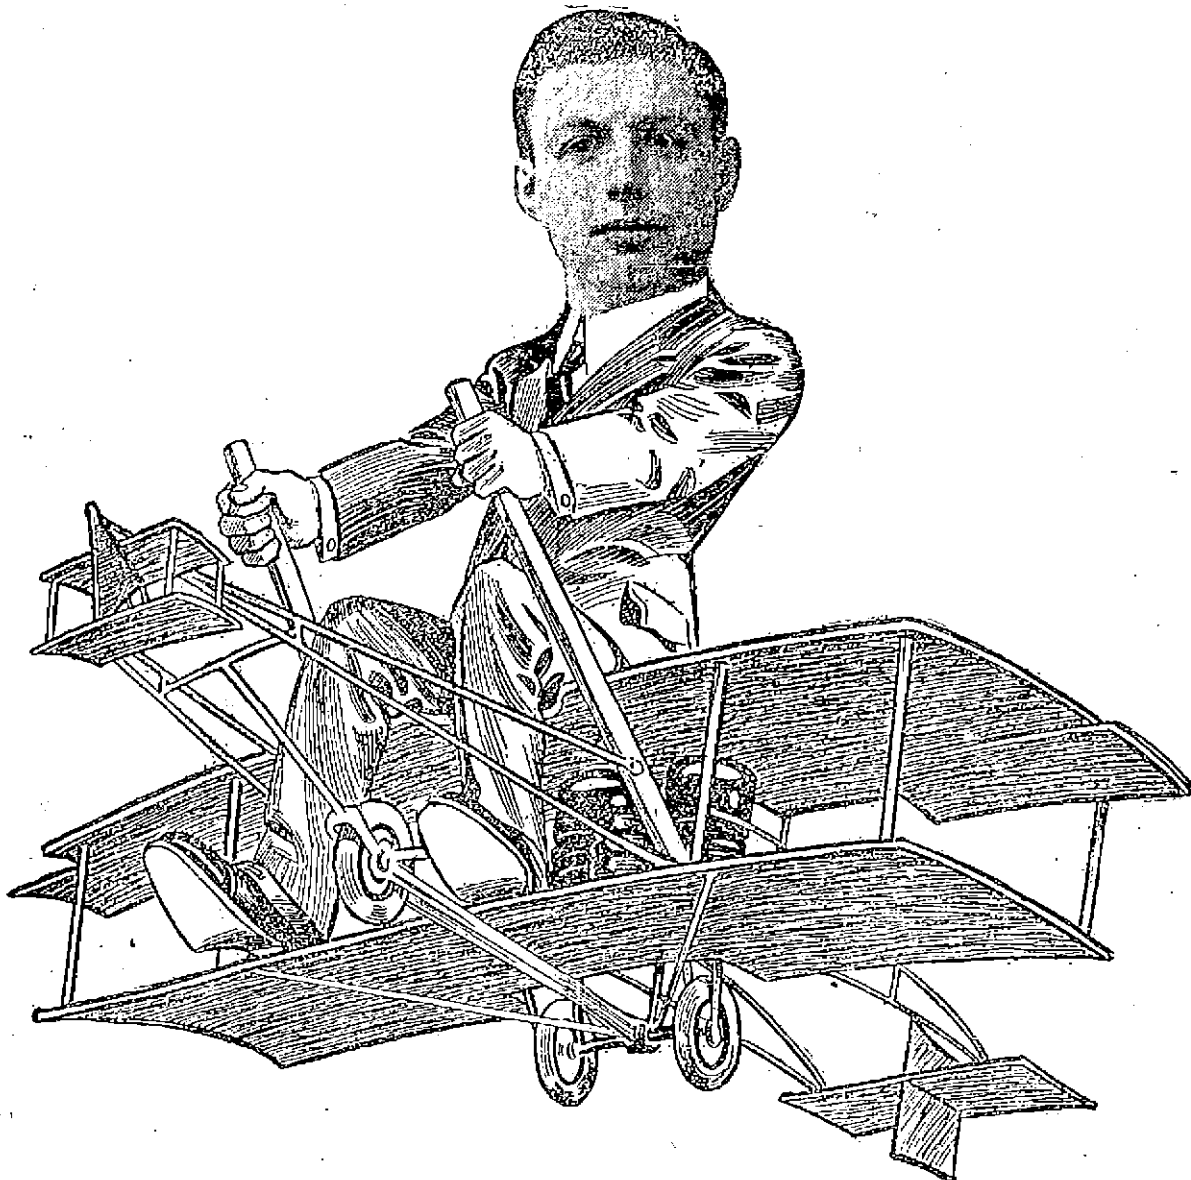

Cornices—Incombustible cornices shall be well secured to the wall and in all cases the walls shall be carried up to the planking of the roof behind the cornice, and where the cornice projects above the roof, the walls shall be carried up to the top of the cornice, and all exterior wooden cornices

Pres. Wilson Says That
Conn. Must Name Another Dist. Judge

WASHINGTON, Sept. 26.—President Wilson told Rep. Reilly of Connecticut today that the congressional delegation from his state would have to agree on some other than Thomas F. Noone for the United States district judgeship to succeed the late Judge Platt. Attorney General McReynolds declined to recommend Noone.

SULZER IMPEACHMENT TRIAL BY CAMERA; FIRST PICTURE OF THE COURT IN SESSION

SULZER IMPEACHMENT COURT IN SESSION
PHOTO © 1913 BY AMERICAN PRESS ASSOCIATION

This is the first picture of the impeachment trial of Governor William Sulzer. At the start of the trial the photographers were refused permission to take the court in session, but they

kept it, and finally this picture was made by quick time exposure. It is not a flash-light. The presiding judge, Chief Justice Edgar M. Cullen of the New York state court of appeals, is seated on the dais. At the left is coun-

sel for Sulzer; at right counsel for the board of managers which is prosecuting the governor, and a number of reporters. A witness is testifying at the right of the presiding judge. The gallery above is well filled.

DEATHS

SCHOLEFIELD—Mrs. Sarah Ellen Scholefield, widow of the late Benjamin Scholefield, and an old resident of this city, died yesterday at the age of 72 years. She is survived by three sons, John G. Whitaker and Joseph H. Scholefield.

REGAN—Mrs. Margaret Regan, a well known member of St. Patrick's parish, died last evening at her home, 88 Adams street, aged 70 years. She leaves besides her husband, Patrick, two brothers, Cornelius Buckley of Lowell, and David Buckley of Ireland.

GOLER—Mrs. Emma Goler, of Seattle, Wash., formerly Mrs. Emma Rivers of Lowell, died May 21 last. She leaves three brothers, Peter, Louis and Eddie Lafour, and three sisters, Mrs. Roy, Mrs. Morse and Mrs. Desrochers, all of this city.

HAMMERSLEY—Julia A. Hammersley died Thursday at the home of her parents, Patrick P. and Mary P. (O'Connor) Hammersley, 29 Ash street, aged two months and 15 days.

FERRIS—George L. Ferris, a former resident of Lowell, died yesterday at the Franklin hospital, Franklin, N. H., aged 48 years. He leaves two sisters, Mrs. J. A. Ecklund and Mrs. J. Walker. The body will be brought to this city and taken to the home of his sister Mrs. Ecklund, 8 Riverview street, by Undertakers J. L. O'Donnell & Sons.

HAYWOOD—Josiah Clark Haywood, a former resident of this city, died yesterday at the home of his daughter, Mrs. Daniel J. Burke, Warren avenue.

Woburn, aged 71 years. Mr. Haywood was very well known in Lowell as a member of the Lowell Veteran Firemen's association. Tiger Engine company No. 6, which he joined in 1855, and Maseppa company, which added him as a member in 1858. From the year 1855 until his death, he was a director of the Lowell Vets association. He was also well known in the printing trade, in which business he was engaged for 49 years. He

GRAND FALL OPENING

We present a splendid array of tempting economies in Fall and Winter Clothes for every member of the family, in all the latest styles. We have built up an enviable reputation in the past as the BEST VALUE GIVING STORE IN OUR LINE. We invite every one to call and inspect them without delay. They are neat, and nobby; clever and correct.

A Charge Account

Will be gladly given to all honest people regardless of commercial rating. Just select your suit, tell the clerk you would like to have it charged, that's all. No formalities to go through, and no extra charge for the accommodation of credit.

WE'VE A RIGHT GARMENT FOR EVERY REQUIREMENT

The Frankel & Goodman Corp.

78 MIDDLESEX STREET

"A SPONGE AND THE PUBLIC"

Are Comparatively Alike in One Sense

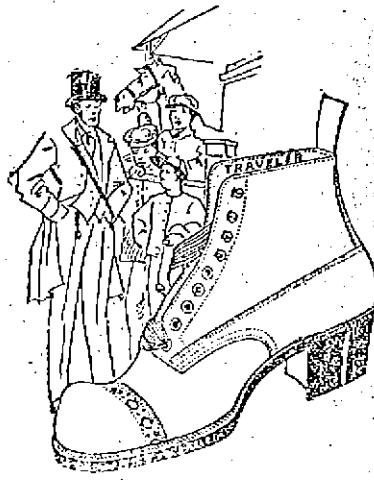

For instance, if you throw a sponge in the water it will absorb just so much and that's all. The same applies to the public when it comes to reading ads. So much of what you tell them in reading matter is absorbed, that is all. Of course the reputation of Traveler Shoes was an established fact before we came here and we attribute our success partly to this but through the voice of our local papers the public absorbed just enough of Traveler news to satisfy us that Lowell people appreciate the Golden Rule of doing business. Our books last Saturday night show us a gain of 30 per cent in sales over last year at the same time, with a handicap of very bad weather to contend with this year. Is this not the best evidence that we are producing the goods? Of course it is, and you can just bet that when better shoes than Travelers can be made for the money, they will be Travelers. Not best because cheapest but cheapest because best.

MODEL 568—An importation in style equal to \$5.00 and \$6.00 shoes. Traveler price... **\$3.00**

Made in tan and gun metal leathers.

MODEL NO. 397 1-2—Finest tan Russia calf, patent colt or gun metal, new "Hyto" last, the prettiest button boot in town... **\$3.00**

MODEL NO. 461—A rubberized Traveler, a fine gun metal blucher with cat's paw rubber heel, all attached, the greatest shoe value in the world, **\$3.00** equal to any \$5 shoe.

MAURICE J. LAMBERT, Manager

leaves one daughter, Mrs. D. J. Burke, of Woburn; one brother, Putnam Haywood, of Vermont, and two sisters, Mrs. G. S. Rollins, of Derry, N. H., and Mrs. Betsey Folsom of Lowell.

SILVA—Frank Silva, the beloved son of Frank and Rosa Silva, was killed yesterday afternoon at the home of his parents, 75 Summer street.

MASON—Frederick L. Mason died last night at his home in Billerica, aged 55 years. He leaves besides his wife, one daughter, Mrs. Leroy Spaulding of Billerica, also two sons, Archibald L. and Frederick E. Mason of Billerica.

DUCHARME—Andre, aged two months and 22 days, died today at the home of the parents, Denore and Anna Ducharme, 13 Allen avenue.

STUART—Mrs. Agnes Stuart passed away this morning at her home, No. 945 Middlesex street, aged 74 years. She is survived by three daughters, Mrs. Agnes McLean, Mrs. Charlotte D. Hill and Etta Stuart, all of this city; seven grandchildren and three great-grandchildren, of this city. Funeral notice later.

FUNERALS

JONES—The funeral of Mrs. Isabella M. Jones took place yesterday afternoon from her residence, 221 Branch street. The services were conducted by Rev. Clarence K. Skinner, pastor of the Grace Universalist church, and a delegation from the Highland Union church, No. 31. Daughters of Rebekah, exemplified the ritual of that order, of which lodge Mrs. Jones was a charter member. The bearers were Messrs. Ira O. Adams, Howard E. Chase, Horace E. Lane and William N. Thompson. Burial was in the family lot in the Edison cemetery.

THOMAS—The funeral of Mrs. Catherine Thomas took place this morning at 9 o'clock from the funeral chapel of Undertaker Charles H. McNeil, and was largely attended. A funeral high mass was celebrated in the Immaculate Conception church at 9 o'clock by Rev. Dennis A. Sullivan, O. M. I. The

funeral arrangements were in charge of Mr. Albert E. Moors, under the direction of Undertaker Gen. W. McNeil.

LEIGH—The funeral of Mrs. Minnie Leigh took place yesterday from the rooms of Undertaker John A. Weinbeck, 18 Market street and was largely attended. Rev. Appleton Granits of St. Anne's church, officiated, and many beautiful flowers were placed upon the grave. The bearers were T. T. Thibault, N. Collins, Jack Fairburn and Napoleon Cole. Burial was in the Edison cemetery, under the direction of Undertaker John A. Weinbeck.

MCCARTHY—The funeral of Joseph P. McCarthy took place yesterday afternoon from the home of his parents, Patrick and Rose McCarthy, 41 Summer street, and was well attended. Friends were present from Boston and Nashua. Among the floral tributes was a spray inscribed "Our Darling" from the family. Burial was in the family lot in the Hudson cemetery, Hudson, N. H. Undertakers M. H. McDonough Sons in charge.

BETTENCOURT—The funeral of little Margaret Bettencourt, beloved daughter of Frank and Alema Bettencourt, took place yesterday afternoon from the home of her parents, 24 Summer street, and was well attended. Burial was in the family lot in St. Patrick's cemetery, where many flowers were placed upon the grave. Undertaker James H. McDermott had charge.

MCDONOUGH—The funeral of Mrs. Catherine Thomas took place this morning at 9 o'clock from the funeral chapel of Undertaker Charles H. McNeil, and was largely attended. A funeral high mass was celebrated in the Immaculate Conception church at 9 o'clock by Rev. Dennis A. Sullivan, O. M. I. The

Gregorian chant was sung by the choir. The burial was in St. Patrick's cemetery, where Rev. Dennis A. Sullivan, O. M. I., read the burial service. The bearers were Messrs. W. J. Thomas, William Bennett, Albert Thomas and J. Molloy. The funeral was in charge of Undertaker Charles H. Molloy.

QUINN—The funeral of Mrs. Ellen Quinn took place this morning at 9 o'clock from the home of her son, Patrick, 15 Chambers street and proceeded to St. Peter's church where at 9:45 a high mass of requiem was celebrated by Rev. Daniel J. Heffernan. There were several beautiful floral tributes laid upon the grave and they were from the following: The family, grandchildren, Mrs. Katherine Dolan, Miss Winifred Hannan, printing and binding dept. J. C. Ayer Co., Miss Katherine McNeil, Miss Mable Sheehan, Miss Mable Ferguson, Miss Lucie

**RASH ON HANDS
ITCHED AND BURNED**

Skin Cracked. Would Wake Scratching Them. Deep Cuts. Could Not Sleep. Cuticura Soap and Cuticura Ointment Cured in Two Weeks.

Fifth St., Leominster, Mass.—"My hands began to itch, then the skin got thick and in some places cracked, and other parts water and matter would come out of them. They itched at night so that I would wake up scratching them and could not stop until I would bring the blood. This of course made them a great deal worse. There were pimples on them and when I scratched there would water come out of them and then there was a rash and deep cuts on my hands. They itched and burned so much that I really did not know what I was doing. I could not sleep. Nobody can imagine what I suffered."

"I tried everything, but nothing seemed to help me. I decided to send for a sample of Cuticura Soap and Ointment and they did me so much good I bought a cake of Cuticura Soap and a box of Cuticura Ointment. I washed my hands in hot water and put Cuticura Soap at night and put the Cuticura Ointment on before going to bed and put an old white stocking on each hand. In two weeks I was completely cured."

(Signed) Mrs. Marie Lavinia, Jan. 10, 1913.

A single cake of Cuticura Soap (25c) and box of Cuticura Ointment (50c) are often sent free when all the facts are given. Sold throughout the world. Sample of Cuticura mailed free with 25c Skin Book. Address: Mailed free, with 25c Skin Book. Address: Mailed free, with 25c Skin Book. Address: Mailed free, with 25c Skin Book.

SPLAIN, Miss Josephine McHugh, Miss Alice Donohue, Mr. and Mrs. P. H. Ryan, Mrs. James Shrigley, McNeil family and several others. The casket was borne by the following bearers: Messrs. Jeremiah F. Connors, William McEnaney, Peter Hunt and Michael McNamara. The funeral proceeded to St. Patrick's cemetery, burial being in the family lot where the committal prayers were read as the grave by Rev. Daniel J. Heffernan. The funeral was largely attended and under the direction of Undertakers Higgins Bros.

DUFFESNE—The funeral of Mrs. Phyllis Duffesne took place this morning. Solemn high mass of requiem was celebrated at St. Joseph's church at 9 o'clock by Rev. E. J. Chapin, O. M. I., assisted by Rev. Charles Deniot, O. M. I., as deacon and Rev. Joseph Denis, O. M. I., as sub-deacon. The bearers were N. Savignac, A. Toussaint, J. Tessier, Z. St. Hilaire. St. Anne's sodality was represented by the following delegation: Mesdames Charles Lirette, A. Toussaint, Z. St. Hilaire and J. Tessier. Burial was in St. Joseph's cemetery, where the committal prayers were read by Rev. Arthur Bernier, O. M. I. Funeral arrangements were in charge of Undertaker Joseph Albert.

FUNERAL NOTICES

MASON—Died Sept. 25, at his home in Billerica, Frederick L. Mason, aged 55 years, 4 months. Funeral services will be held from his home, Sunday afternoon at 2 o'clock. Friends invited. The funeral arrangements are in charge of Undertakers Young & Burke.

REGAN—The funeral of Margaret Regan will take place Saturday morning from her home, 88 Adams street, at 9 o'clock. High mass of requiem at St. Patrick's church at 9 o'clock. Interment will be in St. Patrick's cemetery. Undertaker Peter H. Savage in charge of funeral arrangements.

MCDONOUGH—The funeral of Mrs. Ellen McLaughlin will take place tomorrow morning at 9 o'clock from the chapel of Undertakers McNeil & Sons, at 18 Market street. High mass of requiem will be sung at the Sacred Heart church. Burial in St. Patrick's cemetery in charge of J. F. O'Donnell & Sons.

SCHOLEFIELD—Died Sept. 25, Mrs. Sarah Ellen Schofield, aged 72 years. Services Saturday afternoon at 3 o'clock from the home of Alfred Watson, 15 Norcross street. Friends respectfully invited to attend. Undertaker Wm. H. Saunders in charge.

REGAN—The funeral of the late Mrs. Mary Moore will take place Saturday morning at 9 o'clock from her home, 255 Thorneike street. High mass of requiem will be sung at St. Peter's church at 9 o'clock. The interment will be in St. Patrick's cemetery. Undertaker James H. McDermott in charge.

FERRIS—The funeral of the late George L. Ferris will take place Sunday afternoon from the home of his sister, Mrs. J. A. Ecklund, 8 Riverview avenue, the hour to be announced later. Burial will take place in St. Patrick's cemetery, under the direction of J. F. O'Donnell & Sons, undertakers.

CHALLENGED BY NEWARK

Winners of International League Pennant Want to Play Lowell —Players Elated Over Victory

The Lowell team is very much elated over its defeat of Hartford. The Eastern Association, while being in the same class as the New England league, claims to be much faster than this circuit. This statement is probably partially due to the fact that the salary limit in the Eastern Association is \$2500 while in the New England league a manager is not supposed to carry a monthly payroll of more than \$2000.

The papers around the Eastern Association league circuit are very full of remarks, when the occasion arises, that a player was released from their association and immediately found a berth in the New England league. It is passing strange how many of the scribes down that way can now offer that brand of talk about New England league ball which has marked their sporting pages during the past.

Hartford fans are all satisfied that Lowell has the superior baseball machine and are only wondering how Hartford managed to beat us twice on our home diamond. No ill feeling was engendered during the series except that which arises on when two clubs are grimly fighting out a battle for a championship. The best of feeling existed between the members of the two teams when the Lowell players packed their bags last night. The majority of the Hartford club came down to the hotel and congratulated them. Owner Clark expressed himself to the sporting writer of The Sun as being pleased with the way that the series was conducted, although as he said, it was all due solely to the Athletics of the two clubs and not to the Rhode heads who were appointed by the baseball commission to take charge of the series. An instance of the fairness of the

Hartford fans was shown when Miller crashed into Parker in the first inning of yesterday's game and broke his shoulder in two places. The ball had been taken from the grounds in an ambulance the game was resumed. Miller again took his place at the bat and not a harsh word was thrown at him. We can name several cities, one in particular, right in our own league, where, if this accident had happened, something more severe than criticisms might have been offered.

Successful Series
Taking everything into consideration it was one grand series from start to finish. It is an undisputed fact that the better team won, something that is not always the case in a post season series.

Baseball is over in Lowell, unless the proposed Lowell-Newark series proves a reality, for the season of 1913. Lowell has "brought home the bacon" twice. During the latter part of the New England season the attendance at Spaulding park was very poor, in fact one would think that the local team was in the cellar instead of being in the lead.

This state of affairs among Lowell fans made Owners Roach and Gray do some very serious thinking about transferring the Lowell franchise to another city for the season of 1914. The crowds which have turned out for the post season series with Hartford, however, have proved a very different matter and it looks as though Lowell would again have a chance to view New England league battles at Spaulding park another year.

Series With Newark
It was very gratifying alike to the owners and players to see the way in which their win over Hartford was

celebrated last night. In fact the demonstration which greeted the players upon their arrival took away every disagreeable feature of the closing New England league season and every member of the Lowell team will leave this city with an unforgettable remembrance of the manner in which Lowell received a hall club worthy of their highest commendation.

Manager Gray received a challenge from the Newark baseball team this morning which stated that the Newark club, winners of the International pennant, would like to play Lowell a series of games starting next week. Manager Gray read the letter to the club and it occasioned much discussion but it was not definitely decided whether or not the local champions would accept the challenge.

The only reason why Lowell would not play Newark is the fact that the majority of the players have made arrangements to either go home or play with some of the first semi-pro teams through this section. If the Lowell club can be held together it is very probable that the Newark and Lowell teams will meet in a series commencing next week.

ECHOES FROM THE GAME

The game yesterday should have ended long ago as the comparative speed of the two baseball leagues. Hartford was outclassed from start to finish in every department of the game.

Parker's accident yesterday was one of the saddest that the Lowell team has ever been a factor in. Miller was in no wise to blame for the crash between himself and Parker. Parker came over fast for the ball and Miller simply bumped him as he was running to first. In all probability Parker will never pitch another game of baseball as the bone was fractured in two places. The hardest part of it all was that the ball was eventually called foul.

Mayors O'Donnell of Lowell and Cheney of Hartford seemed to enjoy every minute of the game. Both were very enthusiastic when a good play was made and were not chary with their plaudits.

Mages and DeGroot certainly did some batting during the series. Both have hit the ball hard throughout the six games. Mages batted for 476 and DeGroot's average is close behind with 420.

Captain Aubrey is a dangerous batter in a pinch. In the last two games he drove in three runs with his baton which is travelling right along. Aubrey proved himself an able manager in the absence of Manager Gray and it would not be surprising if this play-

er was snapped up by some ball club as a manager for next season. Let's hope so.

Umpires Stafford and Doherty worked well during the series but we cannot forget Red Rorty. When two power batted potatoes dictate to the owners of the Hartford and Lowell teams it is about time that the standing of the two men be looked into thoroughly. Red was right on the job as a Lowell rooter although he lives in Hartford.

N. E. BANKERS

Discuss Administration Currency Bill Before Senate Committee

WASHINGTON, Sept. 25.—New England bankers today discussed the administration currency bill before the senate banking committee. Generally they disagreed with its provisions and suggested vital changes.

The New England delegation was brought before the committee by Senator Weeks of Massachusetts. It was headed by Charles P. Billie, Jr., vice president of the National Union bank of Boston and included Justin E. Varney, vice president of the Bay State National bank of Lawrence, Mass., President Bowman of the First National bank of Springfield and President Drury of the Merchants National bank of Worcester.

Mr. Billie said that as president of the Massachusetts Bankers Association he was opposed to the bill. He added that correspondence with banks in New England showed a general opposition and presented figures intended to show that the regional reserve banks would cause a temporary contraction of credit.

OUT OF BUSINESS

The retirement of a Boston tobacco concern enables us to offer a genuine 10 cent cigar at 7c, four for 25c, box of fifty \$2.95. La Merica is the brand and there are two changes, perfectos and gametella at this price. Remember there goods are not now being made and this sale will discontinue when our present stock is exhausted. Howard the Druggist, 197 Central street.

POOR OLD NAG WAS ABUSED

Men Fined \$5 and \$20 In the Police Court This Morning

Old Assault Case Tried — Important Cases Were Continued

In addition to a charge of drunkenness against George F. Miller in police court today there was a second complaint that the defendant had cruelly overdriven a horse. One of the principal witnesses was Officer Conway of Hillside who said that Miller was forcing the horse on the road in North Hillside until near the Fordway bridge, the wagon overturned and the animal broke loose. Another occupant of the rig with Miller was James P. Kelley. Both Miller and his companion denied abusing the horse. Miller said he was bringing the animal to Cambridge from a local auction, having been with Kelley, hired for this purpose. He said the horse became frightened at an automobile and that he lost control of the animal. Kelley's testimony was in accordance with that of Miller. Both admitted being a little "under the weather."

Court imposed a fine of \$5 on Kelley and ordered Miller to pay a fine of \$20. Kelley was allowed three weeks in which to settle, and Miller was given six weeks to raise the amount.

McGuirk Defaulted
James McGuirk had defaulted and was brought in on a capias. He had not lived up to an agreement when given a term on probation to pay a fine. The suspension was revoked and sentence affirmed, the fine being \$6. It is the determination of the authorities to issue capias writs against those who fail to make good when given a chance.

Larceny Case Continued
William B. Clark was arraigned on a complaint charging him with the larceny of two dresses, value \$2, and a waist, value \$50. He entered a plea of not guilty, and expressed himself as ready for trial. The prosecution, however, not being prepared, requested a continuance to Monday, which was granted by the court.

Drunken Offenders
A third offender, James J. Kennedy, was fined \$15. Two second offenders, Thomas A. Shea and James F. Moran, were ordered to contribute 10 each. The trial of James Stack, who entered a plea of not guilty, was postponed until tomorrow.

Other Cases
Charged with neglect of his wife, Charles Teesler was arraigned, and his attorney, George Allard, asked for a continuance, and the case will be tried on Monday.

Joseph Kennedy pleaded guilty to a charge of assault and battery on one Nellie Brown, and the case was continued to tomorrow on request of the prosecution.

An old case was aired today—that of one Walter Kuvacky, charged with assaulting Stanislaw Kutzas last April. At the conclusion of lengthy testimony procured per interpreter, defendant was found guilty and taxed \$10. J. J. McGuire, Esq., was the prosecutor and Attorney Silverblatt appeared for the defense.

R.R. TO SELL OUT

Pennsylvania Decides to Give up Holdings in Coal Companies

PHILADELPHIA, Sept. 26.—President Rea of the Pennsylvania road announced today that the board of directors had decided to sell its security holdings in the anthracite coal companies, which have been attached to its system for nearly 40 years. The Susquehanna Coal Co. is the principal operating company and selling agency for these companies.

GUilty OF MURDER
FULTON, Mo., Sept. 26.—Mrs. Susan Ross, on trial here for the murder of her husband, J. H. Ross, was today found guilty of murder in the second degree. The jury fixed the penalty at 10 years' imprisonment.

THE O'BRIEN CO. LABEL GUARANTEES VALUE

Wm. Muldoon Says:---

When you change your clothes you change your mind.

Most clothing ads tell you of the importance of Good Clothes as affecting a man's relations with the world.

More important still, we consider, is the effect of Good Clothes on the man himself.

William Muldoon, the noted trainer of men, advises, when run down or mentally depressed: a bath, a shave and change of clothes.

The confidence inspired by a clear mind and Good Clothes is a wonderful asset for any man.

Stein-Bloch Smart Clothes

Are shown in Lowell only at O'Brien's. For 59 years they have been consistently Good Clothes. Today they are recognized as the standard in the big cities of this country and Europe.

Stein-Bloch Clothes are not only Good Clothes—they are Good Value Clothes. You get 100 cents' worth of value for every dollar you spend when you buy Stein-Bloch's.

Come in this week and look them over. Try them on at your leisure. A few minutes in front of the mirror will tell the story.

Stein-Bloch Suits \$20.00 to \$30.00. Overcoats \$20.00 to \$40.00.

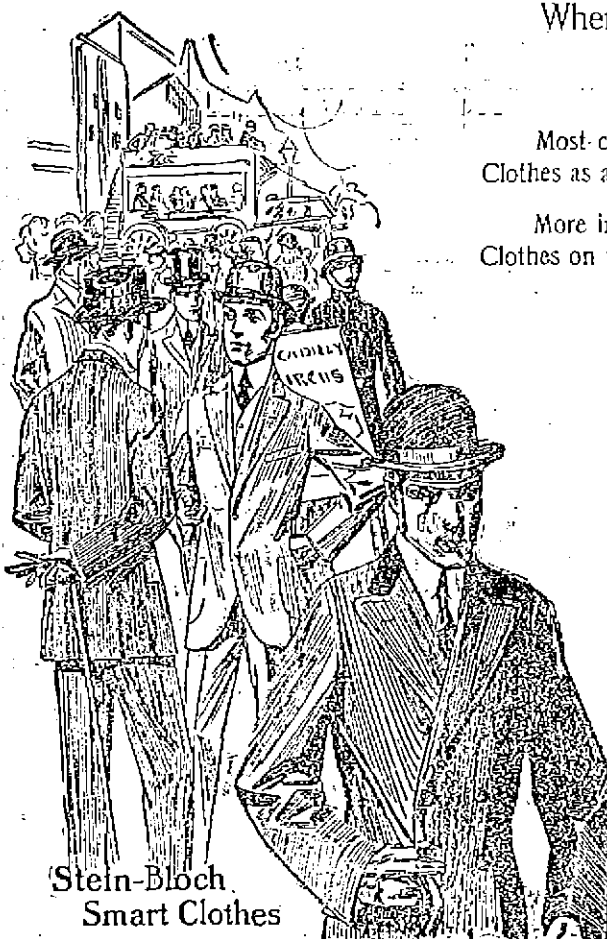

Other Good Clothes \$12.50, \$15.00, \$17.50 and up.

BANDITS HELD UP TRAIN

Masked Men Dynamited Safe in Express Car and Ran Engine for Several Miles

BIRMINGHAM, Ala., Sept. 26.—Alabama Great Southern train number 7 from Birmingham to New Orleans was held up and robbed at Bibbville Siding, three miles south of Woodstock, Ala., midnight.

Engineer Daniels had stopped the train for a red block when the robbers climbed in and ordered the fireman to uncouple the express car, which was carried some distance down the track. After dynamiting the safe, the robbers—reported to have been two masked men—ran the engine down the track several miles, putting the fireman off. Express Messenger Kelley was covered before he knew what was happening and could not say what the losses would be, but thought they would be light. The mail car did not have much of value so far as known today. The engine, mail and express cars have not been recovered. Several shots were fired into the mail and express cars before the mail clerks and messengers left them. Three of the clerks, Saunders, Phillips and Poole, narrowly escaped death. Saunders' head was filled with glass from the door which a bullet shattered. Two dynamite charges were necessary to open the safe, the last one being so heavy as to jar the ground several hundred feet away.

Sheriff Palmer of Tuscaloosa county, who had been notified of the holdup, attempted to stop the train, but was unsuccessful.

He fired on the train and one shot was returned. Securing a switch engine, the sheriff started in pursuit with a posse. Nothing has been heard from him as yet.

NO TRACE OF MASKED MEN

BIRMINGHAM, Ala., Sept. 26.—No trace of two masked men who held up and robbed the Alabama Great Southern number 7 of the Queen & Crescent road at Bibbville Siding early today, has been obtained yet by the various posses searching for the robbers.

Sheriff McAdory with six deputies, Chief of Police Bodeker and several private detectives are hunting for the bandits.

Not even an approximate estimate of the amount of booty obtained by the robbers could be obtained here this morning, but it is reported they took a pouch of registered mail and small amounts of money from mail and express cars. Deputy Sheriff James Bonner of Birmingham, while searching for the bandits was shot and killed at 7 o'clock this morning near Cottondale by another deputy sheriff who mistook him for one of the train robbers.

KICKED TO DEATH HAMPDEN R. R.

Girl Was Killed by a Horse—Was to Marry Next Week

ELLISWORTH, Maine, Sept. 26.—Knocked down and kicked to death by a horse just brought home by her father, R. H. Jordan, was the fate of Miss Grace Jordan, aged 21, at her home in Waltham last night. The young woman was familiar with horses and when the animal was placed in a stall she went to the stable to look it over. As she passed behind the horse she was knocked down. The lantern she carried was overturned and the light extinguished. Another lantern was secured by those with her who found her beneath the horse's hind feet badly trampled and with a crushed skull.

Miss Jordan was to have been married next week.

CHECKER CHAMPION

BINGHAMTON, N. Y., Sept. 26.—M. E. Pomeroy of the city yesterday won the world's championship at checkers from Alfred E. Jordan of England, who has held undisputed possession of the title. The competitors were tied up to the 50th game at one victory each. Pomeroy learned to play the game in a backwoods grocery store, at Sidney Centre, N. Y., his home, many years ago.

Will Become Part of the Boston and Maine System

SPRINGFIELD, Sept. 26.—New York, New Haven & Hartford railroad financiers will sell the Hampden railroad to the Boston & Maine railroad, according to advices which reached here yesterday. The Hampden Railroad corporation is to be dissolved and its assets and liabilities assumed by the Boston & Maine railroad through purchase and will become a part of the Boston & Maine system. Announcement to this effect will be made by the railroad officials within a few days.

The transaction is believed to be the solution of putting the assets of the much discussed Hampden railroad in tangible shape and getting from the line some return on the investment. The move will do away with the proposed lease of the road and furnish a good argument for the petition now before the state public service commission for the right to make a \$2,500,000 bond issue.

The plan is for the Boston & Maine to take over the Hampden railroad as soon as it is legally dissolved. The present debt of the controlling company will be financed on the railroad's own resources, and there is a possibility of extension bonds being issued. The move will make the Hampden railroad an extension of the Boston & Maine instead of a leased line. The public service commission recently severely criticized the terms of the proposed lease of the line.

NEVER SAW HIS BRIDE

NATIVE OF BOSTON'S CHINATOWN LEFT FOR CHINA TO GET MARRIED

BOSTON, Sept. 26.—Moy Wing, Jr., born in Boston's Chinatown 16 years ago, left yesterday for China to wed a girl of his own age whom he has never seen, and from whom he will be separated, according to Chinese custom, for 10 years after the ceremony. His bride is to be Minnie H. Fong, daughter of Wong Wo Fong, a wealthy merchant, who has stores in Canton and Shanghai, and in San Francisco, Montreal and Albany, N. Y. The match was arranged by the mother of the bride-elect, and was quietly sanctioned by Wing's father.

The nearest the bride and bridegroom elect have ever come to acquaintance is through photographs, and Wing declared yesterday that he knows at least that his wife is a pretty girl. Incidentally, Wing's trip will give him his first chance in 14 years to see his mother, who went back to China when he was two years old.

Wing's departure was celebrated by a big banquet in Chinatown Wednesday night, at which a number of his American friends were present. Many beautiful gifts were presented him. In a few weeks Yee Wah, "mayor of Chinatown," will follow Moy Wing, and will probably be present at the wedding. The reason for Yee Wah's delay is the fact that he has been selected as a member of the staff of the chief marshal in the Columbus day parade, and will ride in the lineup. He will be the first Chinaman so honored.

BODY RECOVERED

Sailor Was Drowned Saturday Night, When Freight Steamer Ran Down Launch

BRIDGEPORT, Conn., Sept. 26.—The body of one of the three sailors of the U. S. S. McCall, drowned last Saturday night when the freight steamer Seaboard, ran down their launch, was recovered today floating off the inner harbor light. It is believed to be that of thecoxswain, Arthur Sheehan.

Ready—

We're ready to play the good clothes game with you for Fall and Winter, nineteen hundred thirteen-fourteen, and because the live store believes in doing everything a little better each succeeding season, you will find even a bigger, better, brighter variety of good things for men and young men in our new stock, than we have ever offered before.

A careful, conscientious study of the prevailing styles, has convinced us that we make no mistake in pinning our faith to clothes from

The House of Kuppenheimer

Likewise, a careful inspection on your part, will convince you that here, and here alone, are garments which are both pleasing to the eye and critic-proof from a standpoint of quality and worthy workmanship.

Right now we wish to extend to every man an invitation to make this store his clothing home. We want to meet you and know you personally. We want you to feel free to come here at any time, not simply when you have a definite purchase in mind, but whenever you happen to be in our vicinity.

Our main idea, as good business men, is to sell clothing—we care for friendships and acquaintances too. An ideal combination of both is just exactly what we are looking for.

And because such an announcement as this would be incomplete without telling you what these good things will cost you, here's our complete price range, and from the lowest to the highest, every dollar spent with us represents just so many dollars worth of that before mentioned quality.

\$18, \$20, \$22.50, \$25, \$28, \$30, \$35

P. S.—For the man who seeks high quality at even a lower figure we offer a line of exceptional value at the popular price, \$15.00. Some even lower and all guaranteed to give a full measure of service.

LOWELL WINS THE SERIES

Took Final Game by Score of 9 to 1 — Pitcher Parker and Catcher Muldoon Injured

(Over Sun's Special Wire)
HARTFORD BALL GROUND, Hartford, Conn., Sept. 25.—The players of the Hartford and Lowell clubs arrived at the Hartford depot at 12:30 p.m. today after a fast ride from Lowell, where the Eastern Association champions yesterday won their second game of the series before one of the largest crowds ever seen at the Spaulding park grounds. By winning yesterday's game the Hartford team gained considerable confidence and expressed their determination of carrying off the honors today and even up the series. In the event of Hartford winning today, a seventh game will be necessary and this will be played in Lowell, as Manager Gray won the toss. The Lowell players, however, are not making any plans for another game, as they aver that the series will end today. The Lowell men with the series standing three to two in their favor were extremely confident that they would go in today and get the jump at the start. Before starting practice for the game both managers held a press conference and told the press of the importance of a victory. Owner Clarkin was particularly impressive in his remarks and warned the players to be careful and be on their toes all the time.

Weather Ideal
This morning the weather conditions were ideal, and during the morning hours many thousands assembled around the hotel grounds on the line which would be the line of the game. The manager of the hotel developed an "info" on his selection until the grounds were reached. At the grounds the crowd started to congregate at 1:30 o'clock and kept coming until the game was under way. In addition to those who accompanied the team on the train last night, many others arrived here today. Among those expected were Mayor O'Donnell and Commissioner Donnelly. The crowd was in fine condition and the players were in fine condition. The game was a "pop" when they ran out to their respective positions. The Hartford players were first to appear on the diamond, running from their dugout at 2 o'clock. Kellher, who was ill when he left Lowell last night, was feeling better and took his regular position on the infield. Parker warmed up on the side lines, and his curves broke well. Muldoon was doing the receiving. During the preliminary workout the Hartford men went through some strenuous hitting practice. The team worked well and it was evident that yesterday's victory instilled considerable life into their work.

Muldoon Injured
While catching one of Parker's batters, Catcher Muldoon had a finger on his left hand broken. This accident halted activities for a time and the injured member dressed the big backstop was forced to retire to the bench. Manager McDonald then went in to catch for practice and also caught in the game. The Lowell boys raced out onto the ball field at 2:30 o'clock and the lineup was the same as that of yesterday. Zieser took up the task of knocking out grounders to the infield and he kept the quartet busy pulling 'em down. Finneran and Thomas were on the side lines until a few minutes before the game started. He then sent some over with all the speed that he carries in that salary wing and showed up well. In the meantime, Rube DeGroot entertained with some of his famous antics and he made a great hit with the fans. Capt. Aubrey and Shorty Dee, who made themselves unpopular with the fans Saturday by questioning several decisions were jeered during practice work.

Stores Closed
Several of the large stores in this city closed today, so that their managers and clerks might take in the game. The crowd grew larger and the management predicted that the attendance would exceed any ever seen in the large enclosure. The home team realized that their team was in a ditch today, and came to the grounds to cheer them on to victory. At 3 o'clock Umpire Doherty went behind the bat and Umpire Stafford took his position in the field.

First Inning
In the first inning after Clemens had got on, when Curry pitched his grounder, a very serious accident happened. Miller bunted down the first base line and Kellher came in for the ball. Parker ran over to the bag and Miller unintentionally ran into the Hartford pitcher. The latter fell to the ground and upon examination it was found that he was suffering from a fracture of his right arm. Giest, who was sent in to pitch, during the delay in the game, Miller held first and Clemens was on second. After a lively discussion Miller's bunt was declared

a foul, and he was sent back to bat and Clemens was called back to first. Giest shot the ball over with terrific speed and Miller fanned. Clemens tried to steal second and went out. McDonald to Curry. Thomas proved a second victim to Giest's shoots, striking out. Curry bunted to Dee and beat a throw to first. Hoffman went out on a grounder to Halstein. Curry going to second. Kauff struck out and Curry took third when Thomas dropped the ball. Hoy went out on a grounder to Halstein.

Score: Lowell 0, Hartford 0.
Second Inning
Magee made the first hit of the game, cracking out a beautiful single to left. He took second on Halstein's sacrifice. DeGroot went out on a fly to Kauff and Aubrey died on a liner to Gardella.

Only three men faced Finneran in this inning. Kellher fled out to DeGroot. Gardella went out on a grounder to Halstein and McDonald tapped one to Finneran and was retired at first. Score: Lowell 0, Hartford 0.

Third Inning
In the second inning Dee opened by fanning. Finneran went out. Reiger to Kellher. Pete Clemens then batted out a single to center field. He immediately stole second. Miller slammed one at Giest and the ball bounded off the Hartford pitcher's shin into Kellher's glove for the third out. Again but three men faced Finneran. Reiger fouled to Lee. Giest died to DeGroot and Curry went out, Dee to Halstein.

Score: Lowell 0, Hartford 0.
Fourth Inning
Lowell broke into the run column in this inning, sending two runs over the pan in good old New England league hitting. Thomas, first up, did not contribute to the run getting. He made several attempts to send the pit to left field territory and his efforts were fruitless. After sending up a half dozen fouls he struck out. Magee with two strikes on him then came across with his second hit of the game, a fine double to left. He took third on Halstein's pretty sacrifice. Rube DeGroot then planted a beaut into left for two bases and Magee trotted home with the first run of the game. Capt. Aubrey kept up the good work by bringing the rubber home with a single to left. Dee closed the inning with a weak grounder to Gardella and going out at first.

In the last half of the fourth Hoffman opened with a scratch single, the first hit of Finneran. He took second on Kauff's bunt. Hoy fled out to Thomas. Hoffman took third on a passed ball. Kellher struck out.

Score: Lowell 2, Hartford 0.
Fifth Inning
Lowell showed some of the stuff that won the New England league pennant for them in this inning and banged the ball to all corners of the lot, before the smoke of the battle had cleared away four runs were scored and Pitcher Giest was driven from the box. Finneran started the trouble by sending down a hard one to left field. Dee chased the lining with an attempt to sacrifice and beat the throw for a hit. Miller beat out an infield hit and the bases were filled. Thomas banged one to Gardella and Finneran was forced at the plate. Clemens and Miller tried to execute a double steal and Clemens slipped out at the plate. Thomas stole second. Magee then made his third hit of the game, a dandy single to right center and Miller and Thomas scored. Halstein singled to left and Magee went to third. Halstein took second on Hoffman's throw in an attempt to get away at third. At this point Dee was sent to short and Reiger sent in to pitch. DeGroot greeted the new pitcher by sending out a single to right and Magee and Halstein scored. DeGroot took second on Kauff's bunt and the ball was hit by Miller and going out to first.

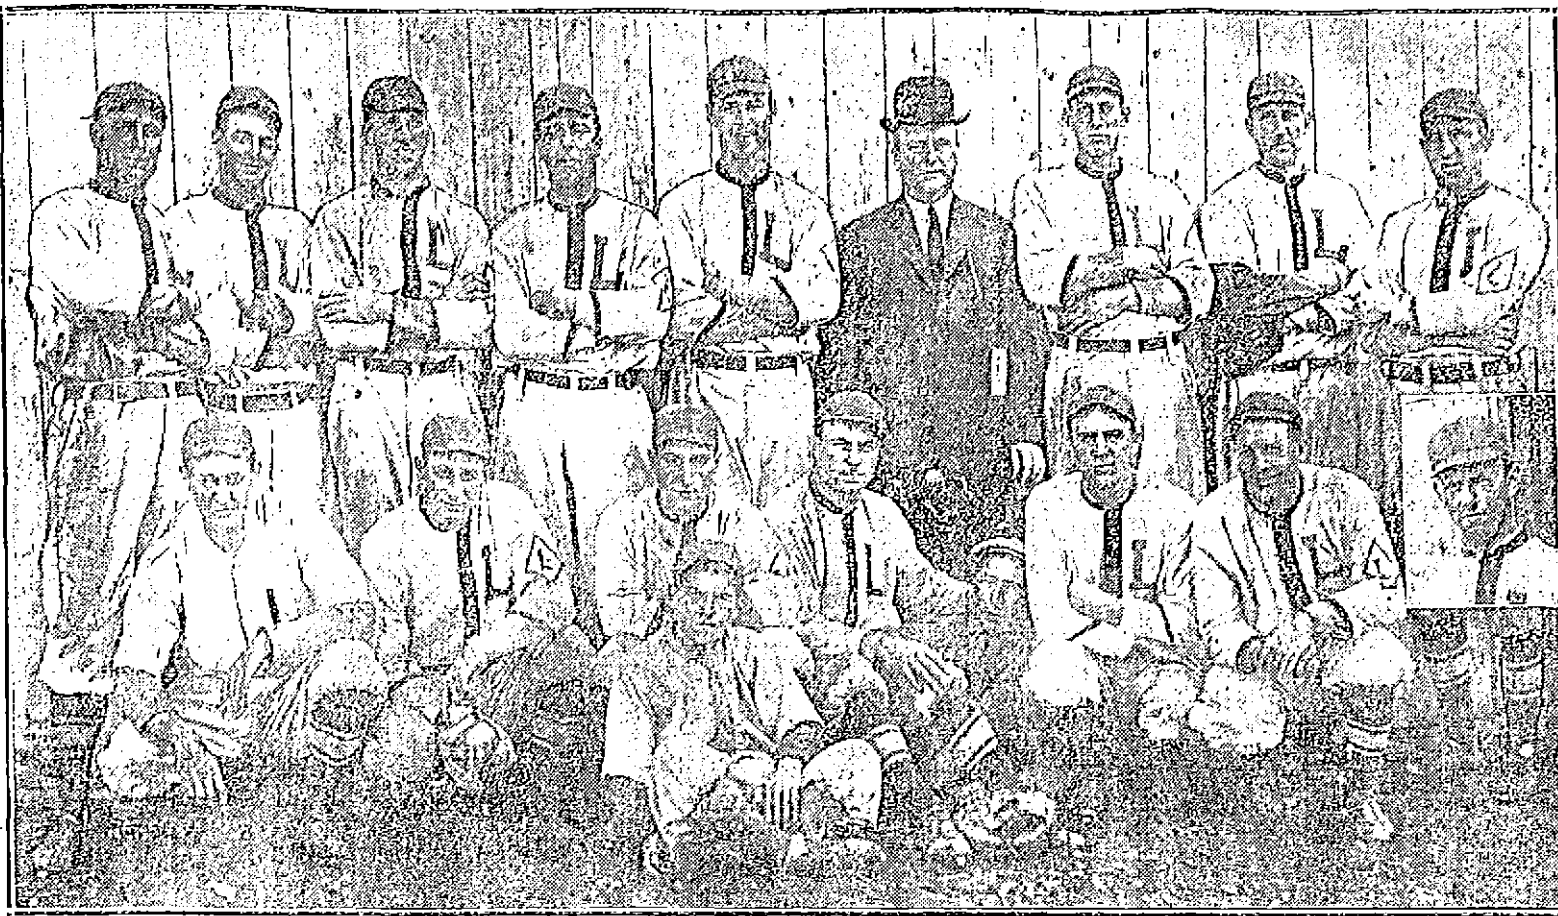

Gardella went out, Miller to Halstein. At this point Mayor O'Donnell and Commissioner Donnelly arrived and went into a box with Mayor Cheney or Harlow. McDonald went out on a grounder to Halstein. Finneran covering the base. Reiger struck out.

Score: Lowell 6, Hartford 0.
Sixth Inning
In the sixth Dee got a life on Giest's error. Finneran out at first. Clemens singled to center. Dee going to third. Clemens stole second. Dee attempted to score, but went out, Curry to McDonald. Clemens took third on a wild pitch. Miller struck out. In the latter part of the sixth Hartford took its first run of the game. Giest fled out to Magee. Curry singled to left. Hoffman followed with a single and Curry went to second. The crowd began to yell and begged Kauff to hit it out. With two strikes on him the right fielder he doubled to left and Curry scored and Hoffman went to third. Hoy walked and the bases were filled. The rooters went wild with enthusiasm. Finneran tightened up and forced Kellher to pop up an easy fly to Aubrey and Gardella to send 'em to the air to DeGroot.

Score: Lowell 6, Hartford 1.
Seventh Inning
Thomas singled to left. Magee went out on a grounder to Halstein. Miller fled to Curry. DeGroot struck out. McDonald went out at first, Miller to Halstein. Reiger singled to right. Giest fled to center. Curry out. Finneran to Halstein.

Score: Lowell 6, Hartford 1.
Eighth Inning
Aubrey fled to Giest. Dee fled to Hoffman, who made a spectacular, one-hand catch. Finneran fled to Kellher. Hoffman went out, Dee to Halstein. Kauff hit in front of the plate and sent Miller to Halstein. Hoy, out Miller to Halstein.

Score: Lowell 6, Hartford 1.
Ninth Inning
Clemens fled to Hoffman. Miller fled to Gardella. Thomas was hit by the ball in the wrist and went to first.

LOWELL TEAM, WINNERS OF LOWELL-HARTFORD SERIES
Top Row, left to right: DeGroot, rf; Finneran, cf; Finneran, p; Capt. Aubrey, ss; Wood, p; Manager Gray; Miller, 2b; Maybohm, p; Halstein, 1b.
Second Row, left to right: Zieser, p; Clemens, cf; Dee, 3b; Thomas, c; Magee, 1f; Henderson, p; Daly, c (insert). Front: Eddie Berard, mascot.

The Lowell baseball club, winners of the New England league pennant and yesterday returned the winner over Hartford, leaders of the Eastern association, received one of the greatest ovations last night upon their arrival in Lowell that a minor league baseball organization ever met with at the hands of an enthusiastic gathering of fans gone mad with pride over their team, which had just completed its successful journey toward a second cham-

plionship. Between five and six thousand highly excited lovers of baseball were at the Middlesex street station when the train pulled in shortly after 11:30 p. m.

Owner Roach and Manager Gray saw to it that the team received no slight at their hands. A brass band and several automobiles were drawn up at the side of the track and as soon as the players alighted they were hustled into the autos and, surrounded by the

madly cheering mob of rooters, took up their line of march toward Morrish square.

The line of march was marked by the burning of red lights all along the route. Coming down Middlesex street the team received a tremendous ovation as it halted for an instant at Tower's corner. Manager Gray, Owner Roach, Capt. Harry Aubrey and the individual members of the team were all cheered to the echo.

Taken all in all it was one of the greatest demonstrations ever staged by a Lowell crowd. Shoulder to shoulder with their arms entwined around each other, the huge crowd marched in the rear of the autos containing the players. Capt. Aubrey and Rube DeGroot were carried on the shoulders of the fans during the march.

Cap. Aubrey expressed himself to a representative of The Sun after the celebration was over, in the highest praise of Lowell fandom. "Never before in my baseball experience," said the Lowell shortstop, "have I ever heard of a minor league team being given the ovation that we received here tonight at the hands of the Lowell baseball fans, and seldom in it, indeed, that a major league club is given a reception that can compare with the one rendered us. I can only say that I am the proudest man in Lowell tonight and sincerely hope that I shall return here for another season's work on the Lowell diamond."

WORLD'S RECORD

Two Year Old Trots Mile in 2.06 1-4 at Columbus Races

COLUMBUS, O., Sept. 26.—World's records were attacked successfully yesterday on the Columbus grand circuit track. Peter Volo found the going so good that he made a mile in 2.06 1-4, a world's record for two year olds. This performance, the best since Native Belle trotted in 2.07 3-4 at Lexington, Ky., in October, 1909, was made in the first heat of the Junior division of the Horse Review Futurity.

Bredon Direct, winner of the free-for-all race, put the year's record at 2.01 1-2 in the third heat of the event. This time game his maker a new record, the fastest ever held by a five-year-old stallion. He lost the first heat by a break.

Peter Volo, in his remarkable race, had Lady Wanstka for his opponent, but she did not, at any time, get close enough to make the result doubtful. The time by quarters in the first mile was: .42, 1.04, 1.25, 2.06 1-4. Peter Volo won, taking the second heat in 2.07 flat. The colt is owned by W. E. D. Stokes of New York. Both Peter Volo and Bredon Direct were pronounced favorites in the races they won. Robert Milroy was first choice for the Chamber of Commerce trotting stake and matched to victory in straight heats, the last one being the fastest. The Columbus Chamber of Commerce presented to W. L. Snow, the winning driver, a silver cup.

Atlantic Express, from Lexington, Ky., was favored over 10 others for the 2.05 trot. When the race went over Volo won, taking the second heat in 2.07 flat. The colt is owned by W. E. D. Stokes of New York. Both Peter Volo and Bredon Direct were pronounced favorites in the races they won.

MCGRAW IS OPPOSED

SAYS THERE WILL BE NO ANTE-SEASON GAMES NEXT YEAR WITH YANKEES

NEW YORK, Sept. 26.—There will be no spring series of five games at the Polo grounds between the Giants and the New Yorks next year, although Frank Chance in offering to play seemed to think that his proposition would be accepted. John McGraw, to whom the final decision was left by President H. N. Hampstead of the New York Nationals, threw cold water on the plan yesterday. McGraw went to the Polo grounds in the afternoon to see the New Yorks tackle the Cleveland Indians, and while looking on from a private box in the upper tier he was asked whether the series would be played.

"No, there will be no games between the Giants and Chance's team next spring," replied McGraw. "I never have been in favor of a spring series with any team, and I see no reason why I should change that policy now. It isn't because we don't want to play the Americans, for we will meet them in a fall series next year if we don't happen to win another pennant."

"I do not believe that any major league team is fit for a hard series in April before the championship season begins. In the first place the pitchers are not ready, and then again there is danger of serious accidents to unseasoned players who try to play beyond their speed."

The Pittsburghs and Red Sox played a series last spring that proved disastrous. Neither team could keep up with the pace in the championship season that followed, and I attribute it all to the games at Hot Springs. I know that there would be big gate receipts in a spring clash with Chance's team, but I can't help it. The Giants are not going to run any risks before they begin the pennant race of 1914."

"But you can say that whenever it is possible for us to play our local rivals in the fall we will readily make arrangements."

McGraw viewed the game with apparent interest. He never had seen Joe Jackson, but as Caldwell's great pitching kept the shoeless person in check McGraw did not have much of a chance to see him up. He said he hadn't seen Lulie in action for many years, while the other Naps were all new to him.

The Giants' leader also watched the Chancemans keenly. He said that in his opinion Nels was a great player, also expressing admiration for Caldwell's pitching. He showed regret when Gilheoley and Gossett were injured, saying that it was tough luck for Chance, Larry Doyle, Arthur Shafer, Red Murray, Jeff Tesreau, Arthur Fletcher, Al Demaree, Harry and other Giants were in the grand stand enjoying a day off.

Everybody happy at Asso. tonight.

ICE VERY SCARCE

Gage Company is a Bit Short But No Danger of Ice Famine

No, there isn't any danger of an ice famine but it behooves the ice user to put on the brakes. There isn't ice enough in Lowell to admit of the least bit of waste and the big users may be obliged to cut down their supply before the next crop is harvested.

Only one of the Gage company's ice houses in this city contains any ice and it is perhaps less than half full. The company has five full houses at Baptist pond, in Chelmsford, and that is all the ice the company has at the present time. When this supply is exhausted the company will have to wait for a new crop as there isn't any ice for sale throughout the length and breadth of the land. In very warm weather a house of ice doesn't last more than two weeks or two weeks and a half, but in colder weather, of course, a house will last much longer. The fact, however, that the company has less than six full houses at the present time ought to serve as a "go slow" warning.

A representative of the Gage Ice Co., stated today that the company was probably two or more houses short of the normal supply at this time of the year.

"We can't afford to waste any," he said, "but I guess we will pull through all right. I don't think there is very much danger of an ice famine."

NOTH ARE CONFIDENT

Gallant and Phillips Are in Good Condition for Tonight's Bout at the Lowell Athletic Club

Gilbert Gallant, the Chelsea lightweight, who will meet Joe Phillips in the main bout at tonight's meeting of the Lowell A. C., is very anxious to win over the westerner. He has been promised several matches if successful, and avers that he will work hard to be returned the victor. He has engaged in some strenuous training and is in the matchmaker of the local club that he was never in better shape. His manager, too, asserts that "Gill" will be there all the way and after tonight's bout, there will be no question as to who is the better man. Gallant has challenged the winner of the Baldwin-Murphy bout, which will be staged in Boston on Sept. 30 and is also after Joe Egan, a Johnny Doban and all other champions of light-weight honors. Phillips is an exceptionally clever boy and will make Gallant step fast to win. He has met a number of victories to his credit. He is well trained and anxious to here the long sound that will start tonight's contest. The other principals, including Gardner Brooks, are in fine fettle and promise to furnish some good boxing for the local fans.

NO GAMBLING

Bill to Stop Government Employees From Taking a Chance

WASHINGTON, Sept. 26.—No gambling of any sort is to be permitted among government employees and men of the army and navy under the terms of a bill introduced today by Rep. Kirkpatrick of Iowa. Immediate dismissal is the penalty. Buying and selling futures are included among the forms of prohibited amusement. The congressman's incentive was the recent disclosure here of handbook gambling among navy yard and other government employees.

ESCAPE FROM SING SING

FIVE TRY TO SWIM ACROSS THE HUDSON BUT ARE CAUGHT AFTER FUSILLADE BY GUARDS

OSISING, N. Y., Sept. 26.—Five convicts at Sing Sing prison at work unloading a coal barge, overpowered a guard yesterday afternoon, jumped into the Hudson river and tried to swim to the other side. The shots of other guards halted them, however, and all were captured.

Elmy Green, leader of the band, who two years ago escaped and was brought back after being caught in California, hesitated a moment after the shots were fired, but continued toward the opposite shore when he saw the guards busy attending to his companions. Frederick De Barry, Joseph White, Matthew Lofsee and Louis Price. Two guards in the small boat overtook him before he reached land, however, and he was captured without a struggle.

The convicts on the barge were in charge of keeper William Gormley. The five sprang upon him and knocked him down. Armed men in the sentry boxes on the prison wall overlooking the Hudson peeped the water on all sides of the swimming convicts with bullets, but took care not to hit any of the men.

UNEXPECTED WINDFALL

LONDON, Sept. 26.—The British treasury today received an unexpected windfall from the estate of the late Anthony Brady of Albany, N. Y., who died in London in July and whose property in the United Kingdom has been valued for probate at \$2,358,480. The death duties amounting to \$1,052,500 will be paid over to David Lloyd George, chancellor of the exchequer.

WATERWAY DISCUSSION

Big Convention Will Be
Held in Boston on
October 6th

Lowell Man Will Speak
on Merrimac River
and Valley

A convention covering the waterway projects of the entire state will open at room 431, state house, on October 6. Morning, afternoon and evening sessions have been arranged, the former taking place at the state house and the evening sessions at Young's hotel. John H. Murphy, secretary of the Lowell board of trade, will be one of a long list of speakers.

The convention is to be held under the auspices of the harbor and land commission and the Massachusetts Real Estate Exchange. The practical working arrangements are being made by the latter body, which will send a delegation to the Atlantic Deepwaterways Convention, to be held at Jacksonville, Fla., Nov. 15, 19, 20 and 21. Speakers of note will deliver addresses on the subject of waterways

at all the sessions. The morning session at the state house will start at 10:30 and close at 12:30. Hon. William S. McNary, chairman of the harbor and land commission and member of the directors of the port of Boston, will preside and make the opening address at this meeting. The speeches are limited to 15 minutes each, and the subjects and speakers are as follows: Connecticut River and valley, F. J. Hillman of Springfield and James J. O'Donnell of Holyoke; Merrimac river and valley, John H. Murphy, secretary of the Lowell board of trade, Frederick N. Chandler, president of the Lawrence chamber of commerce, Lewis R. Hasey of Haverhill and John H. Balch of Newburyport; Mystic valley, Nelson P. Brown, president of the Mystic Valley Waterway association; Canal, Frank Fessenden, Crane of Lynn harbor, Frank A. Turnbull, com-

missioner of finance of Lynn, and Arthur G. Wadleigh, city solicitor of Lynn; Salem harbor, William S. Felton, chairman of the harbor front commission of Salem, and John A. Bagley, chairman of the maritime committee of the Salem board of trade; Gloucester, Mayor Harry C. Foster.

At Afternoon Session
At the afternoon session to be held at the state house from 2 to 4 o'clock, the following program will be followed: Charles P. Chase of Springfield, president of the Connecticut Valley Waterway association, presiding officer. The subjects and speakers are as follows: Narragansett Bay to Boston Harbor, Captain Frank Fessenden, Crane of Quincy, chairman of the waterways

committee, Massachusetts Real Estate Exchange; Fall River, Colonel Spencer Borden and William B. Edgar, third vice-president of the Fall River chamber of commerce; Taunton river, Mayor N. J. W. Fish and James B. Lewis, chairman of the deeper waterways committee, Fall River chamber of commerce; Brockton, Mayor Charles M. Hickey and Arthur H. Andrews, president of the Brockton chamber of commerce; New Bedford harbor, Mayor Charles S. Ashley and P. C. Headley, Jr., president of the board of trade; Cape Cod canal, Commodore J. W. Miller of New York.

The opening address at the evening session at Young's hotel will be made by John J. Martin, president of the Massachusetts Real Estate Exchange. President Martin will also be the presiding officer at this session.

The speakers at the evening session will be Governor Foss, Mayor Fitzgerald, the Hon. J. Hampton Moore, M. C. member of the Atlantic Deepwaterways Association, and the Hon. John Humphrey Smith, M. C. member of the national committee on rivers and harbors.

CLERKS OF THE A. G. POLLARD CO.

Entertained Members of
Cercle Montcalm of
Nashua, N. H.

At Citoyens-Americains
Club Last Evening—
Contest for Cup

A week ago yesterday the male clerks of the A. G. Pollard Co. of this city journeyed to Nashua in automobiles and were royally entertained by the members of Cercle Montcalm, an organization composed of the most prominent French speaking young men of the New Hampshire city. The trip to Nashua was a most pleasant one for the Lowell boys and they were so highly entertained that upon their return to Lowell they immediately planned for a similar reception to be tendered the members of Cercle Montcalm in this city, and an invitation was sent, asking the Nashua folks to come to Lowell Thursday and enjoy the hospitality of the A. G. Pollard Co.'s clerks, and it was with enthusiasm that the said invitation was accepted, and the gathering took place last night.

The place selected for the affair was the rooms of the Citoyens-Americains club in Dutton street, which were supplied gratis by the members of this club. The Nashua boys arrived in the Spindle City shortly after 8 o'clock in two large auto-trucks, and they immediately repaired to the club rooms, where the Lowell clerks were in attendance. The visitors were received with the glad handshake and everybody felt at home.

Former Councilman Charles A. Delaronde, who had been chosen chairman of the evening, welcomed the guests in his usual happy way, and in brief remarks explained the purpose of the gathering. He said the Lowell boys were so well received in Nashua a few days ago that it was only their duty now to return the favor. He then produced a beautiful loving cup, which he said was to be presented the Cercle Montcalm, but he thought it would be better to organize a sort of a contest and in this manner give the visitors a chance to return to their home city with the cup, not as a gift, but as a prize. This was agreed by everyone present, and inasmuch as it was getting late a program was hurriedly prepared, consisting of pool, whist, pitch and checkers.

Before the opening of the contest, however, Alderman Charles Dionne, Jr., president of Cercle Montcalm, addressed the gathering and in a few well chosen words expressed the sentiment of his fellow club members, being so royally entertained, and concluded his remarks by making an appeal to all the members of Cercle Montcalm to do their utmost to win the trophy.

The pool contest was the first on the program and three tables part were set. Lowell: Gendron, Lovelle, Dragon and Levesque. Nashua: Desautels, Levesque, Ouellette and Dion. Nashua team won by ten points. Next came the whist tournament and there the Lowell boys showed they were much stronger than their guests. In the third round, Lowell won and in the close of the contest it was announced that the trophy was to remain in Lowell, for the Lowell clerks had won by 20 points. The visitors immediately challenged the A. G. Pollard clerks and the contest may be played within a few weeks.

An impromptu musical program was carried out and the evening closed with the singing by the entire gathering of "Les Montcalm." A delightful luncheon was served and cigars passed and it was late when the out-of-town guests started on their return trip, giving three burials and a star for the Lowell clerks.

The visitors from Nashua were: Alderman Charles Dionne, Jr., Albert Luverols, Dominique Pelanger, Stanislaus Levesque, Arthur A. Pelletier, Eugene Morin, Arthur Levesque, George Z. Levesque, Michel, J. T. Deschamps, Paulina Drapeau, Oscar H. Gaudette, Maurice Masse, Henry J. Carpentier, Edouard J. Ouellette, George L. Soucy, Jean T. Stanton, J. A. Potvin and John Hebert.

JOHN F. ENSIGN DEAD

Was Chief of the Division of Local Motive Roller Inspection of the Inter-State Commerce Commission.

WASHINGTON, Sept. 25.—John F. Ensign, chief of the division of local motive roller inspection of the interstate commerce commission is dead at his home here, aged 31. His wife and daughter will leave here today with the body for Denver, where it will be buried. Mr. Ensign was the first man to fill the position of roller inspector, having been named to that place July 1, 1911, by President Taft. The day the law went into effect, Mr. Ensign was born in Marathon, N. Y.

"Clothes Critics"—Please Call at Once

We want you to come in without buying.
We want you to come in and criticize the new Adler-Rochester models.
Study first their general appearance, their general effect.
Then study every detail, the material, the workmanship, and the finish of these.

Adler-Rochester Clothes

Perhaps we are wrong—perhaps we can find a critic who can point out to us something lacking.

But until we do, we say unhesitatingly that—

Our new selection of Adler-Rochester models are our highest ideals in clothes, the very limit of perfect tailoring and beautiful materials.

Every suit or overcoat of this famous make has an undeniable individuality in cut, workmanship and finish.

Just the difference that makes real dress distinction.

WILSON PLEASSED AT NEWS

President Believes Policy of Moral Suasion Has Accomplished Purpose in Mexico

WASHINGTON, Sept. 26.—President Wilson took the position yesterday that the policy of moral suasion adopted by the United States toward Mexico had accomplished its two cardinal purposes—to obtain assurances that there would be a constitutional election and that provisional President Huerta would not be a candidate to succeed himself. Withholds Decision

Advices received here describing in detail the preparations being made for the election of Oct. 26 and stating also that Gen. Huerta would not be a candidate but would support Frederico Gamboa, Mexican minister of foreign affairs, the nominee of the Catholic party, encouraged, President Wilson and Secretary Bryan to believe that the Huerta government was carrying out what the United States had emphasized in the Lind negotiations as the essen-

tial features of a satisfactory settlement. The president believes that it will not be immediately possible to judge whether the processes of the election are actually constitutional and will withhold decision for some time as to whether the choice of that election will be recognized by the United States. The likelihood that foreign governments will await the judgment of the United States before extending recognition is being impressed upon the Mexican authorities, it is said, with a view to ensuring free choice. However, doubt as to the value of the coming election as expressing the will of the Mexican people was cast by constitutional headquarters here yesterday in the issuance of a statement saying its supporters, extending over many Mexican states, would not go to the polls. Participation of Rebels

Many persons familiar with the purpose of the administration here predicted that the next step in the policy of the United States would be an effort to show indirectly to the constitutionalists the necessity of participating in the election.

Administration officials let it be known that the United States was not concerned with the personnel of the candidates, beyond its opposition to Gen. Huerta's continuation in power—a position justified in their minds because of his regular assumption of authority and overthrow of Madero.

This attitude was declared necessary to further the cause of stable government in Latin America.

Gamboa's candidacy, nevertheless, caused much discussion in official circles, and doubt was frequently expressed that he could be elected. It was pointed out by administration officials that the Catholic party always had been a minority party in Mexico, because most Mexicans, although of the Catholic religion, traditionally had opposed the idea of a Catholic political party as leading possibly to a reunion of church and state.

With keen interest official Washington is waiting to see whom the liberals of Mexico City will name. Manuel Calero, former ambassador to the United States under the Madero regime, is regarded here as a likely choice.

CARD OF THANKS

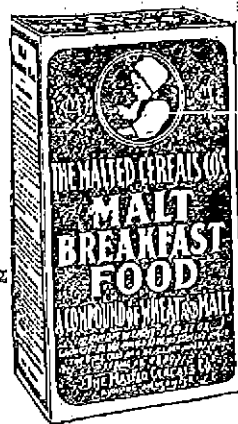

We, the undersigned, take this means of showing our appreciation for the many kind acts of sympathy in our bereavement, to the employees of the cutting room of the Federal Shoe Co. and the Middlesex finishing room, and all others, who in any way helped to lighten our burden, and who will ever be held in remembrance.

(Signed) Mr. John Carney, Mrs. Thea Carney, Mrs. Mary Cliff, Mr. George Cliff.

THREE-FOLD TREATY

ST. PETERSBURG, Sept. 2.—The new Chinese foreign minister today reopened negotiations with the Russian foreign ministry in relation to the conclusion of a three-fold treaty between Russia, China, and Mongolia, providing for the recognition of the independence of a United Mongolia under the rule of the Kutuktu or Khan of Mongolia.

END NOT IN SIGHT

Many Hearings on the Currency Bill are Coming

WASHINGTON, Sept. 25.—Edward D. Hurlbert of Chicago, practical banker, and Prof. Irving Fisher of Yale university, expert on the theory of currency, yesterday endorsed the principles of the administration currency bill before the senate committee. Both, however, proposed a number of amendments, designed to alter the purposes of the measure.

The desire of the committee to examine Mr. Hurlbert brought out the fact that hearings on the bill will be continued indefinitely.

Senator Owen throughout the day endeavored to hurry along the members of the committee, but met with little success. Senator Brister protested that the committee should have all the time necessary to examine witnesses. Later a regular schedule was fixed for two sessions daily in the future.

Senator Reed denied before the committee a statement accredited to him that the currency bill would not pass at the present session of congress. He said, too, that he resented any reference to himself as a "democratic insurgent" because of his position regarding the measure.

Mr. Hurlbert, who discussed the bill from the viewpoint of state banks and trust companies, told the committee that these institutions must be brought into the new system if it is to be a success.

Both Mr. Hurlbert and Prof. Fisher criticized the provision of the bill fixing the 33-1-3 per cent. gold reserve to be held against the proposed new currency. They recommended that the reserve requirement be increased to 45 or 50 per cent.

Dancing at Associate hall, tonight.

TOPSY TURVY FLYING

ACROBATIC AIRMAN GAVE LONDON CITIZENS AN EXHIBITION OF HIS AERIAL SOMERSAULTS

LONDON, Sept. 25.—The acrobatic French airman, Alphonse Pegoud, gave the citizens of London an exhibition of his aerial somersaults and topsy-turvy flying at the Hendon aerodrome yesterday afternoon.

Pegoud's remarkable maneuvers began when he had reached a height of 1200 feet from the ground, where he tilted his aeroplane so that it was at right angles to the earth. He then protruded on the tip of one wing and did several dives with the nose of his machine downward for 100 feet before he regained his equilibrium.

The aviator then rose to a height of 3000 feet and accomplished the most sensational exploit by an aviator ever witnessed here. With a sudden sweep downward he threw the aeroplane on to its back, flew in this manner for some seconds, righted his machine and repeated the performance, before reaching the ground, where he was given an ovation by an enormous throng.

LAXATIVE FOR OLD PEOPLE—"CASCARETS"

Salts, Calomel, Pills, Act on Bowels Like Pepper Acts in Nostrils

Get a 10-cent box now. Most old people must give to the bowels some regular help, else they suffer from constipation. The condition is perfectly natural. It is just as natural as it is for old people to walk slowly. For age is never so active as youth. The muscles are less elastic. And the bowels are less elastic. So all old people need a laxative. One might as well refuse to aid weak eyes with glasses as to neglect this gentle aid to weak bowels. The bowels must be kept active. This is important at all ages, but never so much as at fifty.

Age is not a time for harsh physics. Youth may occasionally whip the bowels into activity. But a laxative can't be used every day. What the bowels of the old need is a gentle and natural tonic. One that can be constantly used without harm. The only such tonic is Cascarets, and they cost only 10 cents per box at any drug store. They work while you sleep.

TAFT GETS FAVOR

Democrats Grant Request for Marble P. O. at New Haven

WASHINGTON, Sept. 26.—Former President Taft gave himself over to the artistic yesterday in the performance of his first public service since he left the White House.

With his fellow members of the Lincoln memorial commission, Mr. Taft devoted practically the entire day to poring over classic designs and samples of stone for the erection of a lasting tribute to the martyred president.

After delving into the details of numerous bids for the \$2,000,000 memorial, the commission adjourned until today, when it is expected an award will be made.

With enthusiastic allegiance to his newly-found home—New Haven—the former president earlier in the day had persuaded Secretary McAdoo to construct the proposed \$150,000 post office in the Connecticut city of marble in preference to granite.

The appearance of the former re-

publican president at the treasury building in the control of democracy was a unique spectacle.

Only a little longer than Wednesday he could have directed the selection, yesterday, with only the privilege of private life, he pleaded for a city's favor, and wearing his characteristic smile, confessed the graciousness of the democrats.

The office of Sherman Allen, assistant secretary of the treasury, where a cart load of marble had been dumped, presented the appearance of a stone yard. The former president bent over the pile for half an hour and found the sample which pleased him as fitting for a postoffice in the university city.

The day was gone before Mr. Taft had an opportunity to call on President Wilson as he had planned. He will probably pay his respects today.

DANCING PARTY

New Liners Entertained a Large Number at the Dracut Grange Last Evening

The dancing season of 1913-14 was started last evening by the young people of Lowell and vicinity with the usual Dracut Grange opening of the New Liners. About one hundred couples flocked to the hall to taste again the pleasures of gliding over its superlatively smooth floor to the perfect "time" which is the distinguishing characteristic of Gray's orchestra. This group of musicians, after a let-up during the summer months, showed by the quality of their music and by the catchiness, liveliness and tunefulness of their airs last evening that they will continue to be in the front rank among the orchestras of Lowell. That their playing was enjoyed could be seen by the frequent expressions on the faces of the young folks as they glided about the hall. Those pleased expressions augur well for the popularity of the New Liners' dances during the coming season. From now on until spring, the boys and girls will run weekly parties on Thursdays, which for wholehearted some enjoyment and real pleasure will be unsurpassed.

If you are a doctor, doesn't it pain you to see your patients, after waiting up two or three nights, come into your office completely exhausted? Wouldn't it be better to provide an office in a building where your patients would be carried right up to your office door in an easy running and absolutely safe elevator? The New Sun building provides such a service. Think it over, doctor!

NEW Y. M. C. A. HOME

OPENED IN BOSTON LAST NIGHT—20,000 PRESENT—GOV. FOSS AND MAYOR FITZGERALD SPOKE

BOSTON, Sept. 26.—Fully 20,000 people attended the opening of the new building of the Y. M. C. A., 316 Huntington avenue, last night. It was a gala night for the officers and members of the association. Gov. Foss and Mayor Fitzgerald were present. Both shook hands with thousands of visitors, and both expressed their admiration of the new quarters.

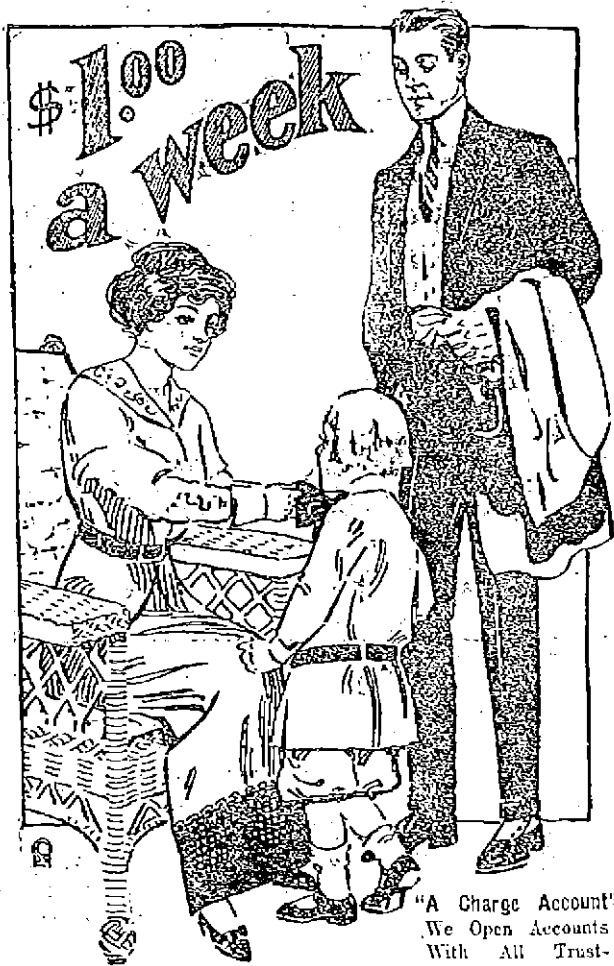

Gov. Foss said he was amazed at the size and beauty of the building, and that it reflected great credit on the projectors and on the young men of the state.

GIRLS! STOP WASHING THE HAIR WITH SOAP

Soap Dries Your Scalp, Causing Dandruff, Then Hair Falls Out

After washing your hair with soap always apply a little Danderine to the scalp to invigorate the hair and prevent dandruff. Better still, use soap as sparingly as possible, and instead have a "Danderine Hair Cleanse." Just moisten a cloth with Danderine and draw it carefully through your hair, taking one strand at a time. This will remove dust, dirt and excessive oil. In a few moments you will be amazed, your hair will not only be clean, but it will be wavy, fluffy and abundant, and possess an incomparable softness and lustre.

Besides cleansing and beautifying the hair, one application of Danderine dissolves every particle of dandruff; stimulates the scalp, stopping itching and falling hair. Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exhilarating and life-producing properties cause the hair to grow long, strong and beautiful. Men, Ladies! You can surely have lots of charming hair. Get a 25 cent bottle of Danderine from any drug store or toilet counter and try it.

It surely must be a matter of pride to a man to know that he and family are well dressed all the time, and when you can attain this without money pressure, you get the fullest benefit. Our easy payment plan of \$1.00 a week affords every man this opportunity.

MEN'S SUITS

This department is now replete with stylish Fall and Winter Suits for men and young men, and represents the best products of the country's best manufacturers. If you pay more than we ask for your Fall Suit you pay too much.

ELECTION OF OFFICERS BY FIREMEN

EX-CHIEF E. S. HOSMER

JAMES F. MCKISSOCK

Annual Convention of Massachusetts State Firemen's Association Closed at New Bedford Today

NEW BEDFORD, Sept. 26.—Edward F. Dahill, chief of the fire department of this city, was today elected president of the Massachusetts State Firemen's association. He succeeds Henry Fox of Boston. D. A. Burt of Taunton and H. R. Williamson of Worcester were re-elected secretary and treasurer respectively. The election today closed the convention, which has been in session since Wednesday.

Lowell in Second Place

The report of the secretary, D. Arthur Burt of Taunton, showed that in point of the number of members, all previous records in the history of the association were broken during the past year. At the present time there being more than 4500 in good standing, 187 of whom are members of the city of Boston department. Treasurer Williamson's report showed a large bal-

ance in the treasury.

Secretary Burt's report to the delegates was as follows:

Secretary's Report

To the Members of the Massachusetts State Firemen's association.

Gentlemen:

The thirty-fourth secretary's annual report, according to article 5, section 3, of the constitution of the association, and the present secretary's 25th annual report for the fiscal year ending Aug. 31, 1913, is herewith submitted.

The membership in good standing Aug. 31, 1913, that is, those having paid dues at least once in the preceding two years, numbers 4537. This membership consists of individual members, 4331; companies, 147; life members, 12; honorary members, 28; and manufacturers, 15.

Again this year we have the pleasure of breaking the record of membership by having the largest number of mem-

bers in the history of the association, the largest previous membership, which was August 31, 1912, being 4165. The present membership thus exceeds the largest previous membership by 372, and again we are able to report a most encouraging increase.

Boston leads with a membership of 1817, an increase over last year of 159 members. Lowell retains second place with a membership of 194; Worcester also retains third place with 176 members, and Lynn is in fourth place with a membership of 161.

Among the towns, Peabody again leads with a membership of 87; Plymouth retains second place with a membership of 74; Gardner is in third place for the first time, with a membership of 55, and Revere is in fourth place with a membership of 49.

The largest amount ever received for dues in one year was paid to the secretary during the fiscal year ending August 31, 1913, amounting to \$3329, for which the treasurer's receipts are held. This amount exceeds the largest amount quoted in any one previous year by \$321.

Your secretary has again been re-elected as secretary of the board of the Massachusetts Relief fund at the July, 1913, meeting of the board, and takes pleasure in again reporting that the board is harmonious and performing its duty as best it can under the laws to benefit those injured in the discharge of their duty, and the widows and orphans of those killed in service. An important matter has been decided this year by the attorney general of the commonwealth in regard to cases of men employed by forest fire wardens in extinguishing forest fires. The attorney general's decision was that as these men were not regularly appointed members of a fire department, that they could not under the law receive benefits from any of the state funds; nor could the widows or orphans of those killed in service in extinguishing forest fires be aided from the state funds. This was a very important decision for many reasons of deaths and severe injuries have been referred to your secretary, but under the decision of the attorney general, no benefits or help could be given.

LEFT \$11,000 TO CHURCH

Will of Rev. Benjamin F. Bittinger Divided More Than \$75,000 Among His Relatives

WASHINGTON, Sept. 26.—By the will of the late Rev. Benjamin F. Bittinger, filed here yesterday for probate the board of education of the Presbyterian church of America is given \$1000, the boards of home and foreign missions of the Presbyterian church \$3000 each, and \$4000 goes to the Presbyterian board of relief for disabled ministers and widows and orphans of deceased ministers. The rest of the estate, valued at more than \$75,000, goes to relatives.

DOXERS IN TOWN

Gilbert Gallant, the Chelsea Night-weight, who will meet Joe Phillips at the Lowell A. C. tonight, arrived in Lowell this morning. Phillips blew into town into this afternoon.

ENDED HIS LIFE

Lawrence High School Athlete Committed Suicide Today

LAWRENCE, Sept. 26.—George G. Garry, 24 years old, a well known athlete, committed suicide by drinking poison this forenoon at his home, 54 Broadway, Methuen. He was despondent over ill health. He was captain of the Lawrence high school baseball team in 1907 and was a member of the school football and track teams.

DIES IN HIS AUTO

Doctor Said to Have Made Millions From Rheumatism Remedy Died on Broadway

NEW YORK, Sept. 26.—Dr. Roland D. Jones, owner of the Hotel Roland at 58 East Fifty-ninth street and a specialist in rheumatism, died last night while driving his automobile in Broadway at 116th street. Dr. Edward Patrick of 212 Gay street, West Chester, Pa., who came here on Monday to be treated by Dr. Jones, was with him. The machine came to a stop and Dr. Patrick thought something was wrong with it. Then he noticed that Dr. Jones' head had fallen over on the steering wheel. He felt Dr. Jones' wrist and found no pulse. A party of young men in another machine towed Dr. Jones' automobile to St. Luke's hospital, where Dr. Bishop said that Dr. Jones was dead. Coroner Itchenstein permitted the body to be taken to the Hotel Roland.

Dr. Jones was graduated from the medical department at the University of Pennsylvania in 1881, and had been in New York for about 25 years. He treated many patients for rheumatism at his hotel and was reputed to have been worth more than \$2,000,000. He refused to join the county medical society on the ground that his secret remedy would be drawn from him.

JEWELS GONE AT NEWPORT FIRE

NEWPORT, Sept. 25.—A handbag containing money and jewelry disappeared during the fire this morning which partly destroyed the summer home of Mrs. Clermont L. Best in Bellevue avenue. Mrs. Best's daughter, Mrs. Arthur Carroll, who after she discovered the fire saved her mother and an aged cook, said that she threw the bag out of a window onto the lawn.

Mrs. Best had been ill for a week and is now in the Newport hospital. Mrs. Best and Mrs. Carroll lost practically all of their clothing.

THE LOWELL POSTOFFICE BILL

To Be Introduced by Congressman Rogers
—The Bill Provides for Site and New Building

The following is a copy of the Lowell postoffice bill to be introduced in the house, on Saturday next, by Congressman Rogers:

A bill to provide for the purchase of a site and the erection of a new

public building at Lowell, Mass., and also for the sale of the present postoffice building and its site.

Be it enacted by the senate and house of representatives of the United States of America in congress assembled, that the secretary of the treasury be, and he is hereby, authorized and directed to contract for the acquisition, by purchase, condemnation or otherwise, of a suitable site, and to contract, within the limit of cost hereinafter fixed, for the erection and completion thereon of a suitable and commodious building, including fireproof vaults, heating, hoisting and ventilating apparatus, and approaches, complete, for the use and accommodation of the United States postoffice and other government offices at Lowell, Massachusetts, at a cost for said site and building of not exceeding \$600,000, which sum is hereby appropriated out of any moneys in the treasury not otherwise appropriated.

An open space of such width, including streets and alleys, as the secretary of the treasury may determine shall be maintained about said building for the protection thereof from fire in adjacent buildings, and all plans, specifications and estimates for said building shall be previously made and approved by the secretary of the treasury.

And the secretary of the treasury is further authorized and directed to sell in such manner and upon such

BOAT ON FIRE VAHEY IS BETTER

Motor Craft Aflame at Sea—Five Persons Were Rescued

NEW YORK, Sept. 25.—The steamboat Islander, which plies between Thirty-ninth street and North River and Barren Island, rescued five young men from a burning motor boat two miles off Sea Gate in Ambrose Channel, yesterday.

The motor boat, the Pink Lady, belonging to John Hughes, a newspaper man, set out from Bath Beach with John Gordon, Bennett E. Toulsey, William E. Laubenstein and William Muggie, all of Bath Beach, as passengers. A backfire from the engine was the first intimation of trouble. It was followed by the explosion of the carburetor, which started a fire in the cockpit and on the gasoline that floated on top of the bilge water in the bottom of the boat.

Gordon succeeded in shutting off the gasoline tank, while the others put on life preservers. The small fire extinguisher on the boat did little use. The flames spread over the deck and the Pink Lady was in danger of sinking when the Islander went to the rescue.

Capt. John McRoberts directed a stream of water from the Islander's fire fighting apparatus, which put out the flames and the motor boat was towed to Bath Beach. The Pink Lady, a cabin cruiser worth \$2,000, was badly damaged.

CHIN LEE & CO.

BOAT ON FIRE VAHEY IS BETTER

Motor Craft Aflame at Sea—Five Persons Were Rescued

BOSTON, Sept. 25.—James H. Vahey of the "L" arbitration board, who has been ill since Friday, announces that he will be back to work next Monday morning at 10:30, to which time the "L" hearing was adjourned from yesterday.

Mr. Vahey suffered internal inflammation, which looked serious for a few days. His family physician gives assurance that the week-end rest will restore him and that all danger is over.

In this connection it is recalled that the first postponement of the "L" hearing was over the serious illness of James J. Storow, just as he was appointed third member and chairman of the arbitration board.

Attorney John P. Feeney, who appears for the examiners, announces that the "L" case will be heard in all before the board before the end of next week. The Elevated side of the case will then be presented.

Last Friday's adjournment gave Attorney Feeney opportunity to study the time schedules and tabulations of the several departments which he asked for. The hearing was to be resumed yesterday but for the illness of Mr. Vahey.

STRUCK BY AUTO

Concord N. H., Turfman Was Injured at Reading Today

READING, Sept. 26.—Frank Bennett, a turfman of Concord, N. H., was struck and seriously injured by an automobile here today. Bennett, who had been exhibiting race horses at the Wakefield-Reading fair this week, was walking along Salem street, when an automobile operated by Harold Eddy came unmanageably from the back of a rear deck and screeching toward the side of the road, struck Bennett and pinned him against a tree. He was taken to a hospital in Boston where he has a broken leg, internal injuries and many cuts and bruises.

HOLIDAYS TO JEWS

CHICAGO, Sept. 25.—Gov. Dunne has issued a order whereby every employee in the service of the state who is of the Jewish faith will have several holidays, covering the Jewish New Year and the Day of Atonement.

Employees of the Jewish faith in the state service will not have to work on Oct. 1, 2 and 3, or the day celebrating the Jewish New Year, or Oct. 10 and 11, when the Day of Atonement is celebrated. Gov. Dunne was requested by representatives of Jewish societies to exempt the employees of that faith from duty on these days. He told them that he would accede to their request, and today issued an order to that effect.

It is the first time in the history of Illinois that a governor has made this concession to Jews in the employ of the state.

PRESIDENT OF W. C. T. U.

CENTRAL FALLS, R. I., Sept. 25.—Mrs. George Rook of East Providence was elected president of the state W. C. T. U. at the annual convention here today.

Do You Fear Consumption?

No matter how chronic your cough or how severe your throat or lung ailment in Dr. King's New Discovery will surely help you; it may save your life. Sullivan Green, of Malibeth, Col. Two doctors said I had a consumption and could not live two years. I used Dr. King's New Discovery and am alive and well. Your money refunded if it fails to benefit you. The best remedy for coughs, colds, throat and lung troubles. Price 50c and \$1.00. Guaranteed by A. W. Dows & Co.

BOAT ON FIRE VAHEY IS BETTER

Motor Craft Aflame at Sea—Five Persons Were Rescued

BOSTON, Sept. 25.—James H. Vahey of the "L" arbitration board, who has been ill since Friday, announces that he will be back to work next Monday morning at 10:30, to which time the "L" hearing was adjourned from yesterday.

Mr. Vahey suffered internal inflammation, which looked serious for a few days. His family physician gives assurance that the week-end rest will restore him and that all danger is over.

In this connection it is recalled that the first postponement of the "L" hearing was over the serious illness of James J. Storow, just as he was appointed third member and chairman of the arbitration board.

Attorney John P. Feeney, who appears for the examiners, announces that the "L" case will be heard in all before the board before the end of next week. The Elevated side of the case will then be presented.

Last Friday's adjournment gave Attorney Feeney opportunity to study the time schedules and tabulations of the several departments which he asked for. The hearing was to be resumed yesterday but for the illness of Mr. Vahey.

STRUCK BY AUTO

Concord N. H., Turfman Was Injured at Reading Today

READING, Sept. 26.—Frank Bennett, a turfman of Concord, N. H., was struck and seriously injured by an automobile here today. Bennett, who had been exhibiting race horses at the Wakefield-Reading fair this week, was walking along Salem street, when an automobile operated by Harold Eddy came unmanageably from the back of a rear deck and screeching toward the side of the road, struck Bennett and pinned him against a tree. He was taken to a hospital in Boston where he has a broken leg, internal injuries and many cuts and bruises.

LEGAL NOTICES

MORTGAGEE'S SALE

By virtue of a power of sale contained in a certain mortgage given by Morris Lemkin of Lowell, in the County of Middlesex and Commonwealth of Massachusetts to Hiram Whitney of Westford, in said county, dated Feb. 26, 1904, and recorded in Middlesex North District Registry of Deeds, Book 383, Page 28 (which mortgage has been duly assigned to me by an instrument in common form), and for breach of the condition of said mortgage, will be sold at public auction on the first lot in said mortgage described on Monday, the sixth day of October, 1913, at three o'clock in the afternoon, all and singular the premises conveyed by said mortgage, deed, viz:—

Five certain parcels of land with the buildings thereon, situated in that part of said Lowell called Centralville, and bounded and described as follows:—

First—Beginning at the line high board fence at the southeast corner of Dalton place, so-called, and about 60 feet distant from the southerly side of West Third street; thence running southeasterly along the said line fence 60 feet to land now or formerly of Henry A. Hildreth; thence at a right angle to the line of said Hildreth, now or formerly, 30 feet, more or less, to land of John A. Kelley; thence northerly along the line of said Kelley's land 30 feet to the line of said Kelley's land and on to the line of said Dalton place; thence southeasterly along the said line fence 60 feet to land now or formerly of Henry A. Hildreth; thence at a right angle to the line of said Hildreth, now or formerly, 30 feet, more or less, to land of John A. Kelley; thence northerly along the line of said Kelley's land 30 feet to the line of said Dalton place; thence southeasterly along the said line fence 60 feet to land now or formerly of Henry A. Hildreth; thence at a right angle to the line of said Hildreth, now or formerly, 30 feet, more or less, to land of John A. Kelley; thence northerly along the line of said Kelley's land 30 feet to the line of said Dalton place; thence southeasterly along the said line fence 60 feet to land now or formerly of Henry A. Hildreth; thence at a right angle to the line of said Hildreth, now or formerly, 30 feet, more or less, to land of John A. Kelley; thence northerly along the line of said Kelley's land 30 feet to the line of said Dalton place; thence southeasterly along the said line fence 60 feet to land now or formerly of Henry A. Hildreth; thence at a right angle to the line of said Hildreth, now or formerly, 30 feet, more or less, to land of John A. Kelley; thence northerly along the line of said Kelley's land 30 feet to the line of said Dalton place; thence southeasterly along the said line fence 60 feet to land now or formerly of Henry A. Hildreth; thence at a right angle to the line of said Hildreth, now or formerly, 30 feet, more or less, to land of John A. Kelley; thence northerly along the line of said Kelley's land 30 feet to the line of said Dalton place; thence southeasterly along the said line fence 60 feet to land now or formerly of Henry A. Hildreth; thence at a right angle to the line of said Hildreth, now or formerly, 30 feet, more or less, to land of John A. Kelley; thence northerly along the line of said Kelley's land 30 feet to the line of said Dalton place; thence southeasterly along the said line fence 60 feet to land now or formerly of Henry A. Hildreth; thence at a right angle to the line of said Hildreth, now or formerly, 30 feet, more or less, to land of John A. Kelley; thence northerly along the line of said Kelley's land 30 feet to the line of said Dalton place; thence southeasterly along the said line fence 60 feet to land now or formerly of Henry A. Hildreth; thence at a right angle to the line of said Hildreth, now or formerly, 30 feet, more or less, to land of John A. Kelley; thence northerly along the line of said Kelley's land 30 feet to the line of said Dalton place; thence southeasterly along the said line fence 60 feet to land now or formerly of Henry A. Hildreth; thence at a right angle to the line of said Hildreth, now or formerly, 30 feet, more or less, to land of John A. Kelley; thence northerly along the line of said Kelley's land 30 feet to the line of said Dalton place; thence southeasterly along the said line fence 60 feet to land now or formerly of Henry A. Hildreth; thence at a right angle to the line of said Hildreth, now or formerly, 30 feet, more or less, to land of John A.
